All those with an interest in the subject should welcome this volume which makes Blackman's writings accessible in a convenient form. A select bibliography provides an update and key to more recent work on topics discussed by Blackman.

Transactions Royal Society of New Zealand, 1905 Divine Rainbow M. Louise Heydt, 2020-02-24 In this uplifting book Louise Heydt weaves together a one year cycle of nature in a small valley in the Tecolote Mountains east of Pecos New Mexico and an inspirational spiritual journey as taught by nature. The land and the spiritual path are interconnected; the outer landscape of nature is the guide for the journey through the inner landscape. The reader is shown how to find sacred places in the land and how these places are a gateway or threshold for quiet observation and meditation. The realm of mystical experiences can be explored while in the embrace of nature. The book also shows that it is a contemporary delusion that humans and nature are separate and how in the process of immersing oneself into experiences in nature one nourishes his or her inner nature. In the process of this nurturing a spiritual awakening begins in which one also learns the power of prayer thus bringing to light one's intimate relationship with the Divine. **Weekly World News**, 2001-05-01 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979. M. Schoffeleers, 1992 The culmination of years of fieldwork in southern Malawi *River of Blood* reconstructs the beginnings of the Mbona martyr cult follows its history to the present day and reveals the fascinating intersections of an indigenous belief system with European Christianity In the cult of Mbona the central African mythology of the snake that is beheaded to make the rains come has been combined with a more spiritual interpretation the snake has been transformed into a human martyr and redeemer According to the cult the rainmaker Mbona was tracked down by his enemies they cut off his head and his blood formed the River of Blood Mbona returned as a storm wind and asked that a shrine be dedicated in his name J Matthew Schoffeleers recounts how the Portuguese presence in Zambezia in the period 1590-1622 led to more than three decades of internecine warfare and caused the people of southern Malawi tremendous suffering In response to this political oppression and social upheaval Schoffeleers shows the people looked to Mbona their black Jesus for redemption Beyond reconstructing the cult's genesis Schoffeleers traces its recent history particularly in political context He provides texts of seven cult myths from different historical periods in both Chimanga and English His analysis presents the Mbona myth as a continuous social construction and deconstruction Emphasizing the impact of political and spiritual oppression on the cult he distinguishes between the differing versions of the myth preserved by the aristocracy and by the commonalty and demonstrates how these disparate views unite to preserve historical information In so doing he shows that cults serve as valuable repositories for historical information
