Sacrifice in Africa Luc de Heusch,1985 **The Basenji Revelation** Simon Cleveland,2004-09-03 Bizarre occurrences haunt a family in their suburban home At first the husband s peculiar mood swings weird food preferences and a strange case of amnesia only occasionally scare his wife that is until the morning when it all changed Now the mysterious language he speaks can hardly be ignored and the dog s eerie stares don t seem coincidental any longer The wife turns to a doctor but could her instinct be right about the psychologist s perplexed manner And when did an Egyptologist who s after his own obsessions get drawn into the family drama Soon both husband and wife find themselves entangled in a spiral of fear premonitions and a mysterious fate Midwest Book Review raves a rare escapade somewhere between Hell and death at many times gave me the shivers The Social World of Deuteronomy Don C Benjamin,2017-04-27 The book of Deuteronomy is not an orphan It belongs to a diverse family of legal traditions and cultures in the world of the Bible The Social World of Deuteronomy A New Feminist Commentary brings these traditions and cultures to life and uses them to enrich our understanding and appreciation of Deuteronomy today Don C Benjamin uses social scientific criticism to reconstruct the social institutions where Deuteronomy developed as well as those that appear in its traditions He uses feministcriticism to better understand and appreciate how powerful elite males in Deuteronomy view not only the women daughters mothers wives and widows in their households but also their powerless children liminal people slaves prisoners outsiders livestock and nature Through the lens of feminist theory Benjamin explores important aspects of the daily lives of these often overlooked peoples in ancient Israel *Journal of Religion in Africa* ,1985 **Kinship, Honour, and Solidarity** Ladislav Holý,1989 *Popular Islam South of the Sahara* John David Yeadon Peel,Charles Cameron Stewart,1985 **Diversity of Sacrifice** Carrie Ann Murray,2016-05-09 The term sacrifice belies what is a complex and varied transhistorical and transcultural phenomenon Bringing together scholars from such diverse fields as anthropology archaeology epigraphy literature and theology Diversity of Sacrifice explores sacrificial practices across a range of contexts from prehistory to the present Incorporating theory material culture and textual evidence the volume seeks to consider new and divergent data related to contexts of sacrifice that can help broaden our field of vision while raising new questions The essays contributed here move beyond reductive and simple explanations to explore complex areas of social interaction Sacrifice plays a key role in the overlapping sacred and secular spheres for a number of societies in the past and present How religious beliefs and practices can be integral parts of life on individual and community levels is of fundamental importance to understanding the past and present In addition to aiding scholarly research Diversity of Sacrifice enables students to explore this rich theme across Europe and the Mediterranean with clear discussions of theory and data **Elenchus of Biblica** ,1988

Initiation Jean Sybil La Fontaine,1986 **The Penguin Handbook of the World's Living Religions** John R. Hinnells,2010-03-25 Comprehensive informative and authoritative The Penguin Handbook of the World s Living Religions is

Sacrifice, Violence, and Ideology Among the Moche Steve Bourget,2016-05-03 In a special precinct dedicated to ritual sacrifice at Huaca de la Luna on the north coast of Peru about seventy five men were killed and dismembered their remains and body parts then carefully rearranged and left on the ground with numerous offerings The discovery of this large sacrificial site one of the most important sites of this type in the Americas raises fundamental questions Why was human sacrifice so central to Moche ideology and religion And why is sacrifice so intimately related to the notions of warfare and capture In this pioneering book Steve Bourget marshals all the currently available information from the archaeology and visual culture of Huaca de la Luna as he seeks to understand the centrality of human sacrifice in Moche ideology and more broadly the role s of violence in the development of social complexity He begins by providing a fully documented account of the archaeological contexts demonstrating how closely interrelated these contexts are to the rest of Moche material culture including its iconography the regalia of its elite and its monumental architecture Bourget then probes the possible meanings of ritual violence and human sacrifice and their intimate connections with concepts of divinity ancestry and foreignness He builds a convincing case that the iconography of ritual violence and the practice of human sacrifice at all the principal Moche ceremonial centers were the main devices used in the establishment and development of the Moche state [The Cumulative Book Index](#) ,1986 A world list of books in the English language **Africa Bibliography, 1985** Hector Blackhurst,1986

Colonial Transactions Florence Bernault,2019-05-15 In *Colonial Transactions* Florence Bernault moves beyond the racial divide that dominates colonial studies of Africa Instead she illuminates the strange and frightening imaginaries that colonizers and colonized shared on the ground Bernault looks at Gabon from the late nineteenth century to the present historicizing the most vivid imaginations and modes of power in Africa today French obsessions with cannibals the emergence of vampires and witches in the Gabonese imaginary and the use of human organs for fetishes Struggling over objects bodies agency and values colonizers and colonized entered relations that are better conceptualized as transactions Together they also shared an awareness of how the colonial situation broke down moral orders and forced people to use the evil side of power This foreshadowed the ways in which people exercise agency in contemporary Africa as well as the proliferation of magical fears and witchcraft anxieties in present day Gabon Overturning theories of colonial and postcolonial nativism this book is essential reading for historians and anthropologists of witchcraft power value and the body [Who Do the Ngimurok Say That They Are?](#) Kevin P.
