Agnes Horvath, Arpad Szakolczai

Sacrificial Ritual In The Satapatha Brahmana:

The Sacrificial Ritual in the Satapatha Brahmana Naama Drury,1981 *Implications of the Sacrificial Ritual in the Satapatha Brahmana* Joan Mary Kenny,1978 **The Sacrificial Ritual in the Śatapatha Brāhmaṇa** Naama Drury,1981 understood as a nondual reality an activity that does not exist in itself **The Satapatha-Brahmana** Satapathabrāhmaṇa,1900 **The Sacred Books of the East: The Satapatha-Brahmana, pt. 5** ,1900 The Sacred Books of the East: The Satapatha-Brahmana, part 5 Friedrich Max Müller,1900 *The Sacred Books of the East: The Satapatha-Brahmana, part 4* Friedrich Max Müller,1897 , **The Sacred Books of the East: The Satapatha-Brahmana, pt. 4** ,1897 **River and Goddess Worship in India** R.U.S. Prasad,2017-08-09 Sarasvati assumes different roles a physical river and a river goddess then as a goddess of speech and finally that of a goddess of learning knowledge arts and music References to Sarasvati in the Vedas and the Brahmanas the Mahabharata and the Puranas and her marked presence in other religious orders such as Buddhism Jainism and the Japanese religion form the basis of discussion as regards her various attributes and manifestations In Jainism her counter part is Sutra devi in Buddhism it is Manjusri and Prajnaparamita and in the Japanese religion Benten is the representative goddess The physical presence of Sarasvati in various iconic forms is seen in Nepal Tibet and Japan Tantrism associated with Sarasvati also finds reflection in these religious traditions Sculptors and art historians take delight in interpreting various symbols her iconic forms represent The book examines Sarasvati s origin the course of her flow and the place of her disappearance in a holistic manner Based on a close analysis of texts from the early Rig Veda to the Brahmanas and the Puranas it discusses different view points in a balanced perspective and attempts to drive the discussions towards the emergence of a consensus view The author delineates the various phases of Sarasvati s evolution to establish her unique status and emphasise her continued relevance in the Hindu tradition The book argues that the practice of pilgrimage further evolved after its association with the river Sarasvati who was perceived as divinity personified in Hindu tradition This in turn led to the emergence of numerous pilgrimage sites on or near her banks which attracted a large number of pilgrims A multifaceted and interdisciplinary analysis of a Hindu goddess this book will be of interest to academics researching South Asian Religion Hinduism and Indian Philosophy as also the general readers **The Political Sociology and Anthropology of Evil: Tricksterology** Agnes Horvath,Arpad Szakolczai,2019-10-10 This book offers a new approach to the problem of evil through an examination of the anthropological figure of the trickster A lesser known and much more recent term than evil the authors use the trickster to facilitate a greater understanding of the return of evil in the modern era Instead of simply opposing good and evil the figure of the trickster is used to pursue the trajectories of similarities and quasi similarities through imitation After engaging with the trickster as presented in comparative anthropology and mythology where it appears in tales and legends as a strange erratic outsider the authors seek to gain an inside perspective of trickster knowledge through an examination of mythology

and the classical world including both philosophers and poets The book then goes on to trace the trickster through prehistory using archaeological evidence to complement the diverse narratives In this way and by investigating the knowledge and customs surrounding evil the authors use the figure of the trickster to provide an unprecedented diagnosis of the contemporary world where external mechanical rationality has become taken for granted and even considered as foundational in politics economics and technologised science The authors advance the idea that the modern world with its global free markets mass mediatic democracy and technologised science represents a universalisation of trickster logic The Political Sociology and Anthropology of the Evil will be of interest to scholars working in the fields of social theory political anthropology and political sociology as well as those interested in the ways in which evil can infiltrate reality **The**

Broken World of Sacrifice J. C. Heesterman, 1993-07 In this book J C Heesterman attempts to understand the origins and nature of Vedic sacrifice the complex compound of ritual practices that stood at the center of ancient Indian religion Paying close attention to anomalous elements within both the Vedic ritual texts the brahmanas and the ritual manuals the srautasutras Heesterman reconstructs the ideal sacrifice as consisting of four moments killing destruction feasting and contest He shows that Vedic sacrifice all but exclusively stressed the offering in the fire the element of destruction at the expense of the other elements Notably the contest was radically eliminated At the same time sacrifice was withdrawn from society to become the sole concern of the individual sacrificer The ritual turns in on the individual as self sacrificer who realizes through the internalized knowledge of the ritual the immortal Self At this point the sacrificial cult of the fire recedes behind doctrine of the atman's transcendence and unity with the cosmic principle the brahman Based on his intensive analysis Heesterman argues that Vedic sacrifice was primarily concerned with the broken world of the warrior and sacrificer This world already broken in itself by the violence of the sacrificial contest was definitively broken up and replaced with the ritualism of the single unopposed sacrificer However the basic problem of sacrifice the riddle of life and death keeps breaking too surface in the form of incongruities contradictions tensions and oppositions that have perplexed both the ancient ritual theorists and the modern scholar The Music and Dance of the World's Religions E. Rust, 1996-08-23 Despite

the world wide association of music and dance with religion this is the first full length study of the subject from a global perspective The work consists of 3 816 references divided among 37 chapters It covers tribal regional and global religions and such subjects as shamanism liturgical dance healing and the relationship of music mathematics and mysticism The referenced materials display such diverse approaches as analysis of music and dance description of context direct experience observation and speculation The references address topics from such disciplines as sociology anthropology history linguistics musicology ethnomusicology theology medicine semiotics and computer technology Chapter 1 consists of general references to religious music and dance The remaining 36 chapters are organized according to major geographical areas Most chapters begin with general reference works and bibliographies then continue with topics specific to the region or religion This book

will be of use to anyone with an interest in music dance religion or culture **Vedic Voices** David M. Knipe,2015-04-01 David M Knipe studies four generations of ten families living in the Godavari Delta of coastal Andhra Pradesh examining their lives ancestral lineages choices as pandits relationships to wives and children and ways of coping with an avalanche of changes in modern India These are the virtually unrecognized survivors of a 3 700 year old heritage the last in India who perform the ancient animal and soma sacrifices according to Vedic tradition A Study in Creative History O.E. Burton,2025-05-01 A Study in Creative History 1932 aims to present the main movements of thought as they emerge clearly into history The book offers the view that the main developments prior to 500 B C were the emergence of the Prophetic school in Israel of Mazdaism in Persia of Brahmanism Buddhism in India and Confucianism in China **Zoroastrian Rituals in Context** Michael Stausberg,2018-08-14 Rituals it is agreed play a prominent role in Zoroastrianism one of the oldest continuous traditions of mankind In this book scholars from a broad range of disciplines make the first ever collective effort to address this issue From a historical and geographical perspective texts and contexts studied in these pages range from antiquity to modernity all the way from Japan China India Iran Europe to California The essays touch on questions of theory ritual texts change and performances gender and professional religion priesthood lay people The rituals studied are placed in a broad scope of social and local settings ranging from the royal court to the needy from the rural village to the urban metropolis from the domestic to the public **Encyclopedia of Cremation** Lewis H. Mates,2016-04-29 The Encyclopedia of Cremation is the first major reference resource focused on cremation Spanning many world cultures it documents regional histories ideological movements and leading individuals that fostered cremation whilst also presenting cremation as a universal practice Tracing ancient and classical cremation sites historical and contemporary cremation processes and procedures of both scientific and legal kind the encyclopedia also includes sections on specific cremation rituals architecture art and text Features in the volume include a general introduction and editorial introductions to sub sections by Douglas Davies an international specialist in death studies appendices of world cremation statistics and a chronology of cremation cross referencing pathways through the entries via the index individual entry bibliographies and illustrations This major international reference work is also an essential source book for students on the growing number of death studies courses and wider studies in religion anthropology or sociology **Encyclopedia of Hinduism** Constance Jones,James D. Ryan,2006 An illustrated A to Z reference containing more than 700 entries providing information on the theology people historical events institutions and movements related to Hinduism The Rational View Alok Barman,2024-10-26 Rational thinking is a process that involves using reason and logic to think with facts and data and to draw sensible conclusions It s a systematic and objective way of thinking that s based on evidence rather than emotions or biases The goal of rational thinking is to produce reasonable solutions or reasons By analyzing archaeological remnants discovered in India inscriptions stone slabs forts holy sites civilization culture social people from all states and continual observation in my life I gradually

began to see a glimpse of reality If you observe and examine the genuine truth of society in the proper way you will undoubtedly come closer to the truth After examining all of the data I had the urge to write everything down so I began putting everything into words one by one and as a result my above thoughts are now available to you in the shape of a book Regardless for the time being I shall consider my efforts to be incomplete In truth my efforts will be judged effective only if each individual experiences all of these things firsthand **The Symbolism of the Stupa** Adrian Snodgrass, 2018-05-31 A close analysis of the architecture of the stupa a Buddhist symbolic form that is found throughout South Southeast and East Asia The author who trained as an architect examines both the physical and metaphysical levels of these buildings which derive their meaning and significance from Buddhist and Brahmanist influences
