Maid In Manhattan:

Maid in Manhattan Maid in Manhattan, 2002 **MAID IN MANHATTAN**, 2002 **Maid in Manhattan** James Ellison, Edmond Dantes, Kevin Wade, 2003 *Cinematic Sociology* Jean-Anne Sutherland, Kathryn Feltey, 2012-04-17

Cinematic Sociology is a one of a kind resource that helps students recognize and critique sociological concepts as they appear in blockbuster Hollywood films. In addition, it provides pedagogy for instructors who use film in their classes. In this engaging text, the authors take readers beyond watching movies and demonstrate how to read films sociologically. In the process, students are exposed to major substantive areas of sociology and encouraged to critically think about their social world. The book's 27 essays from expert scholars in sociology and cultural studies explore the ways social life is presented, distorted, magnified, or politicized in popular film.

Latina Girls Jill Denner, Bianca Guzman, 2006-06-01

Latinas are now the largest minority group of girls in the country. Yet the research about this group is sparse, and there is a lack of information to guide studies, services, or education for the rapidly growing Latino population across the U.S. The existing research has focused on stereotypical perceptions of Latinas as frequently dropping out of school, becoming teen mothers, or being involved with boyfriends in gangs. *Latina Girls* brings together cutting-edge research that challenges these stereotypes. At the same time, the volume offers solid data and suggestions for practical intervention for those who study and work to support this population. It highlights the challenges these young women face, as well as the ways in which they successfully negotiate those challenges. The volume includes research on Latinas and their relationships with family, friends, and romantic partners, academics, career goals, identity, lifelong satisfaction, and the ways in which they navigate across cultures and gender roles. *Latina Girls* is the first book to pull together research on the overall strengths and strategies that characterize Latina adolescents' lives in the U.S. It will be of key interest and practical use to those who study and work with Latina youth.

Romantic Comedy Tamar Jeffers McDonald, 2007

Romantic Comedy offers an introduction to the analysis of one of the most popular but generally overlooked film genres. The book provides an overview of Hollywood's romantic comedy conventions, examining the iconography, narrative patterns, and ideology which inform such films.

The Makeover in Movies Elizabeth A. Ford, Deborah C. Mitchell, 2004-04-14

The plots of many films pivot on the moment when a dowdy girl with bad hair, ill-fitting outdated clothing, and thick glasses is changed into an almost unrecognizable glamour girl. Makeover scenes such as these are examined, beginning with 1942's *Now Voyager*. The study examines whether the film makeover is voluntary or involuntary, whether it is always successful, how much screen time it takes up, where in the narrative structure it falls, and how the scene is actually filmed. Films with a Pygmalion theme, such as *My Fair Lady*, *Vertigo*, and *Shampoo*, are examined in terms of gender relations, whether the man is content with his creation, and what sort of woman is the ideal. Some films publicize a glamorous star's choice to play an unattractive character, as discussed in a chapter examining stars like Bette Davis, Meryl Streep, and Cameron Diaz. Topics also include folk literature's Cinderella tale, men as the inspiration for

makeovers in teen flicks films like *Clueless* *She's All That* and *Me Natalie* and class repositioning in such movies as *Working Girl* *Pretty Woman* and *Grease* Photographs are presented in a before after format showing the change in the makeover character

Dangerous Curves Isabel Molina-Guzman, 2010-02-01 With images of Jennifer Lopez's butt and America Ferrera's smile saturating national and global culture Latina bodies have become an ubiquitous presence Dangerous Curves traces the visibility of the Latina body in the media and popular culture by analyzing a broad range of popular media including news media gossip movies television news and online audience discussions Isabel Molina Guzmán maps the ways in which the Latina body is gendered sexualized and racialized within the United States media using a series of fascinating case studies The book examines tabloid headlines about Jennifer Lopez's indomitable sexuality the contested authenticity of Salma Hayek's portrayal of Frida Kahlo in the movie *Frida* and America Ferrera's universally appealing yet racially sublimated Ugly Betty character Dangerous Curves carves out a mediated terrain where these racially ambiguous but ethnically marked feminine bodies sell everything from haute couture to tabloids Through a careful examination of the cultural tensions embedded in the visibility of Latina bodies in United States media

culture Molina Guzmán paints a nuanced portrait of the media's role in shaping public knowledge about Latina identity and Latinidad and the ways political and social forces shape media representations Body Shots Emily Fox-Kales, 2011-04-01

How do movie star bodies and celebrity culture influence the way real girls and women feel about their own size and shape? What effect can popular films have on everyday eating behavior and exercise rituals? *Body Shots* shows how Hollywood films, movie stars, and celebrity media help propagate the values of an eating-disordered culture that promotes constant self-scrutiny and vigilance, denial of appetite, and overcontrol of weight in the compulsive pursuit of an eternally elusive body ideal of slenderness and fitness. In a unique approach that merges the disciplines of film analysis, gender studies, and psychology, clinical psychologist and cinema studies scholar Emily Fox-Kales demonstrates how the body narratives of such Hollywood celebrities as Lindsay Lohan, Gwyneth Paltrow, and Oprah Winfrey, and their battles with bulimia, postmaternal weight gain, and yo-yo dieting, not only serve as public enactments of the same eating and weight struggles their fans endure but create a new normal which naturalizes and even valorizes the chronic body dissatisfaction and weight obsession that are established risk factors for eating disorders in women and girls. Written for students of cultural and gender studies, parents, media literacy educators, as well as film buffs everywhere, this book aims to provide the moviegoer with the critical tools necessary to develop a resistant gaze at Hollywood productions and make healthier choices among the many viewing screens of our super-mediated world.

Neo-Feminist Cinema Hilary Radner, 2010-11-01

What lies behind current feminist discontent with contemporary cinema? Through a combination of cultural and industry analysis, Hilary Radner's *Neo-Feminist Cinema: Girly Films, Chick Flicks, and Consumer Culture* shows how the needs of conglomerate Hollywood have encouraged an emphasis on consumer culture within films made for women. By exploring a number of representative girly films, including *Pretty Woman*, *Legally Blonde*, *Maid in Manhattan*, *The Devil Wears Prada*, and *Sex and the City*, The Movie Radner proposes that, rather than being post-feminist as is usually assumed, such films are better described as neo-feminist. Examining their narrative format as it revolves around the story of an ambitious unmarried woman who defines herself through consumer culture as much as through work or romance, Radner argues that these films exemplify neo-liberalist values rather than those of feminism. As such, *Neo-Feminist Cinema* offers a new explanation as to why feminist-oriented scholars and audiences who are seeking more than labels and love from their film experience have viewed recent girly films as a betrayal of second-wave feminism, and why, on the other hand, such films have proven to be so successful at the box office.

Working the Affect Shift Steve Nava, 2011

Working the Affect Shift explores the changing U.S. racial and political-economic context of Latina working-class film and media images and how Ethnic Cultural Film and Feminist Studies have contributed to sociologically understanding them. We can rethink our orientation to so-called stereotypes by focusing on our forward-looking, positive neoliberal ideology as related to our national forgetting of collective racial injury. Each film and media image analyzed herein offers an example of how the fraught relational matrices of race, class, gender, and sexual identities continue to shape national politics despite

our national commitment on the political Right and Left to multiculturalism Using Latina service workers as examples this volume offers ways to think productively toward re shaping our national identity by envisioning change without negating historical injuries suffered by both minorities and whites males and females
