Mission In The New Testament:

Christian Mission Stanley E. Porter, Cynthia Long Westfall, 2010-09-01 How did a first generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world The essays here first investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism specifically in the Psalms Isaiah and Daniel The contributions then discuss the mission of Jesus and how it continued into the mission of the Twelve other Jewish believers in the Gospels General Epistles and Revelation and finally into Paul's ministry to the Gentiles documented in the book of Acts and his epistles These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today

Mission in the New Testament William J. Larkin, Joel F. Williams, 1998 This book presents a comprehensive articulation of New Testament teachings on mission from a contemporary American evangelical standpoint Mission in the New Testament contributes a fresh statement of the biblical foundations of mission serving as a catalyst for completion of the church's universal mission in this generation After investigating the historical background of the idea of mission in the Hebrew Scriptures inter testamental Judaism the life of Jesus and the beginnings of the church the book proceeds in a roughly canonical order through the New Testament Essays analyze the works of Paul the Synoptic gospels Acts of the Apostles the General Epistles and the Book of Revelation Well versed in the historical critical method of biblical interpretation editors and contributors alike offer a cogent argument for recovering the missional horizon of the New Testament

Mission in the Gospels Geoffrey Harris, 2014-01-27 Mission in the Gospels considers the gospels through a twin lens first the nature of Jesus' own mission as understood by the evangelists and secondly the desire of the gospel writers and their churches to gain some understanding of their own mission by interpreting Jesus' attitudes and actions especially with regard to the Gentiles The principles for mission that arise out of this investigation shed a good deal of new light on the gospels and the motives for their writing and on their theological insights

For All Peoples Craig S. Keener, 2020-08-27 Given this unique locus of today's church this book takes us back to the foundational teachings of Jesus on missions the Great Commission Gospel of Matthew and the Messianic Commission Gospel of John Although these two passages are universal in grounding Christian mission Professor Keener wants to assure that the role of the Holy Spirit is central to Christian living and acting as God's witnesses Wonsuk Ma PhD Dean Distinguished Professor of Global Christianity College of Theology and Ministry Oral Roberts University Craig Keener one of the finest and most prolific NT scholars of our day has produced another gem *For All Peoples* A Biblical Theology of Missions in the Gospels and Acts blends together rich scholarly insights rooted in an unsurpassed knowledge of the first century world with an edifying and pastoral eye that is always focused on the radical nature of Jesus' call to follow him in his redemptive mission Successive chapters illuminate the seminal contributions that Matthew Luke John and Paul make to a biblical theology of missions The final chapter rooted in the narrative of Acts

appropriately ties together these themes by describing Paul's Macedonian vision as a call for the Church to take the gospel from its place of origin in Asia to the mission field of Europe. After almost two millennia Keener reminds us just how relevant this call remains for the growing and vibrant churches of Asia today. Robert P. Menzies PhD Kunming China. This is Craig Keener at his best thoroughly expositional and passionately missional. Dave Johnson DMiss Managing Editor Asian Journal of Pentecostal Studies Mission in the New Testament Ferdinand Hahn, 1965 **The Mission of God** Christopher J. H. Wright, 2006-10-23 Winner 2007 Christianity Today Missions Global Affairs Book Most Christians would agree that the Bible provides a basis for mission. But Christopher Wright boldly maintains that mission is bigger than that: there is in fact a missional basis for the Bible. The entire Bible is generated by and is all about God's mission. In order to understand the Bible we need a missional hermeneutic of the Bible: an interpretive perspective that is in tune with this great missional theme. We need to see the big picture of God's mission and how the familiar bits and pieces fit into the grand narrative of Scripture. Beginning with the Old Testament and the groundwork it lays for understanding who God is, what he has called his people to be and do, and how the nations fit into God's mission, Wright gives us a new hermeneutical perspective on Scripture. This new perspective provides a solid and expansive basis for holistic mission. Wright emphasizes throughout a holistic mission as the proper shape of Christian mission. God's mission is to reclaim the world, and that includes the created order, and God's people have a designated role to play in that mission. Women in Mission Susan E. Smith, 2015-02-25 In matters of mission history, most major works that treat the full sweep of the church's missional self-understanding are less than helpful in understanding women's part of that narrative. Smith tries to redress the balance with a comprehensive history of mission that highlights the critical contributions of women as well as the theological developments that influenced their role. From publisher's description **Paul's Understanding of the Church's Mission** Robert L. Plummer, 2006-06-01 Did Paul expect his churches to engage in evangelistic activity which mirrored his own? Or have modern readers of the Bible wrongly projected Paul's apostolic passion upon the communities that he founded? Such is the charge of several recent authors, and if their thesis is correct, nothing could have larger implications for how the modern church engages in mission. In this book Robert L. Plummer engages in a careful study of Paul's letters to determine if the apostle expected the communities to which he wrote to engage in outward-directed missionary activity. Plummer helpfully summarizes the discussion to date on the debated issue, judiciously handles contested texts, and provides a way forward in addressing this critical question. While admitting that Paul rarely explicitly commands the communities he founded to evangelize, Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in outward-directed missionary activity. Throughout the study, Plummer progressively builds a theological basis for the church's mission that is both compelling and distinctively Pauline. *Bible and Mission* Richard Bauckham, 2004-01-01 This engaging study provides a new way of looking at Scripture, one that takes seriously the biblical idea of mission. Richard Bauckham shows how God

identifies himself with particular individuals or people in human history in order to be known by all He is the God of Abraham Israel and David and finally the one who acts through Jesus Christ Bauckham applies these insights to the contemporary scene encouraging those involved in mission to be sensitive to postmodern concerns about globalization while at the same time emphasizing the uniqueness of Christian faith In doing so he demonstrates the diversity of Christian faith around the world This book will be rewarding reading for pastors lay readers and students of Scripture mission and postmodernism
