## **Missionaries Need To Know God:**

**Missionaries Need to Know God** Grant Von Harrison,1994      **Teaching Them Obedience in All Things** Edgar J. Elliston,1999 The seventh installment in the EMS series provides presentations originally given at meetings held in November 1998 Topics include the biblical and missiological foundations for training evangelical pastors and missionaries contextualization of curriculum Christian higher education and case studies in both postmodern settings as well as traditional ones      Training Missionaries Evelyn Hibbert,Richard Hibbert,2016-09-08 Missionaries must know God be able to relate well to other people understand and engage with another culture and be able to use the Bible in a way that informs all aspects of their lives and ministries Missionary training must address each of these areas if it is to help Christians to be effective in taking the gospel to the ends of the earth Effective training has been shown to prevent people from prematurely leaving the field It also reduces the danger of cross cultural workers uncritically exporting culturally bound forms of Christianity This book details four key areas that every missionary training program whatever its context must focus on developing It shows how these can be holistically addressed in a learning community where trainers and trainees engage in cross cultural ministry together      *Trauma and Coping Mechanisms among Assemblies of God World Missionaries* Valerie A. Rance,2021-12-21 Trauma from the fall of Adam and Eve forward impacts human lives in overpowering ways A review of the lives of biblical personalities and missionaries reveals shared traumatic experiences In addition to the stress of cultural adjustment missionaries often live in contexts of violence political unrest economic instability natural disasters and relational conflict The examined biblical personalities faced similar issues yet a majority coped with trauma in ways that led to well being The proposed biblical theory of well being assists missionaries to move deeper in their trust of God by utilizing the coping skills of the biblical personalities including asking God for help lifting up their praise and worship to God standing on a sense of call working with God lamenting venting to God in healthy ways embracing a theology of suffering and accepting assistance from friends and family The adherence to the constructs of this theory protects missionaries from the ravages of psychological trauma by avoiding negative coping and developing positive coping skills that lead to trusting in the only One who gives hope in seemingly hopeless situations      *Theory to Practice in Vulnerable Mission* Jim Harries,2012-02-20 Missionaries from the West like to hit the ground running to solve as many of other people s problems as possible in the increasingly short term they have available for service Hang on says Jim Harries After twenty four years in Africa observing how poverty traditional practices dependency and misunderstandings continue Harries asks what is the point of bringing solutions that local people cannot reproduce Harries challenges missionaries and development workers to counter dependency on the West by engaging in sustainable ministry that local people can imitate This requires some Westerners to work on the basis of local languages and resources a practice known as vulnerable mission Rooted in personal experience founded in a postmodern appreciation of language drawing on anthropology based in Christian theology Harries provides a

case for the necessity of vulnerable mission in the twenty first century      **Missiological Hermeneutics** Shawn B. Redford,2012-10-18 The first is a historical case considering the missional and theological hermeneutics employed when addressing African polygamy For the most part authors addressing polygamy have failed to consider God s missional response to polygamists in order to buttress their own convictions regarding African polygamy As such authors have not typically utilized a missional hermeneutic when trying to address polygamy Instead they have based their arguments on the false assumption that a given theological stance is the starting point for addressing the practice The second case study considers the role of mission praxis in an Islamic context related to missiological hermeneutics The case study demonstrates the impact of modern day mission practice especially when it correlates closely with the missionary dynamics in a given portion of Scripture      Global Witness Through Weakness Joseph M. Lear Sr.,2025-04-18 The apostle Paul is recognized as the paramount example of what it means to be a Christian missionary committed to the cause of Christ In his Second Epistle to the Corinthians we read of the struggles he endured in establishing the church in Corinth These struggles gave rise to his expose of his own paradoxical life and ministry based on his firm conviction that strength only comes through weakness Paul in his confessed weakness poured out his life as a participant in the sufferings and death of the Savior He believed that only in such participation would resurrection grace and power be released for the salvation of lost humanity This letter is a powerful blueprint for missionary training institutes and sending agencies as they prepare select and send missionaries to the four corners of the earth      *Records of the General Conference of the Protestant Missionaries of China* Matthew Tyson Yates,1878      Majority World Perspectives on Christian Mission Nico A. Botha,Eugene Baron,2022-05-12 It affords us real pleasure to present this editorial on behalf of the Majority World Christian Leaders Conversation MWCLC The MWCLC started slowly but surely since 2016 following a groundbreaking conversation among eleven mission practitioners from the Majority World who met in the United Kingdom somewhere between London and Oxford At the meeting several themes emerged under the banner of missionary questions and impulses of the Majority World from the perspective of the reign of God These themes and more find reflection in the book However before proceeding to the content of the anthology a note on the concept Majority World seems necessary The time where terms like Third World gained strong currency is long since gone The term Majority World is a new kid on the block and requires some clarification The use of the term is a strategy of avoiding concepts like Developing or Third World or even Global South which are pejorative in a real sense To speak of the Majority World is geographically accurate in that Africa Asia and Latin America are included      Missions in Context of Violence Keith E. Eitel,2007-09-15 This volume deals with the contexts of violence In an age of increasing concern for this type of missionary work the missions community needs to hear from those that have reflected on the multifaceted elements involved in understanding the phenomenon of martyrdom persecution violence as it relates to telling the age old Gospel story The place to begin is with Biblical and theological analysis followed by the grounding provided by constructing consequent

lifestyles strategies and practices in physically risky settings Finally insights from the live settings of violence are warranted

Callaham, Will Brooks, 2019-06-12 World missions needs a fully biblical ethos This is the contention of the editors of and contributors to *World Mission* a series of essays aimed at reforming popular approaches to missions In the first set of essays contributors develop a biblical theology of world missions from both the Old and New Testaments arguing that the theology of each must stand in the foreground of missions not recede into the background In the second they unfold the Great Commission in sequence detailing how it determines the biblical strategy of all mission enterprises Finally they treat current issues in world missions from the perspective of the sufficiency of Scripture Altogether this book aims to reform missions to be thoroughly not just foundationally biblical a needed correction even among the sincerest missionaries
