convince Jensen to stay with him never existed Acute Misfortune is a riveting account of the life and death of one of Australia's most celebrated artists the man behind the Archibald Prize winning portrait of David Wenham Jensen follows Cullen through drug deals and periods of deep self reflection onwards into his court appearance for weapons possession and finally his death in 2012 at the age of forty six After much critical acclaim Acute Misfortune was developed into a feature film winning The Age Critics Award at the Melbourne International Film Festival in 2018 The story is by turns tender and horrifying a spare tale of art sex drugs and childhood told at close quarters and without judgement Winner of the 2015 Nib Waverley Library Award for Literature Shortlisted in the 2015 Victorian Premier's Literary Awards and for the 2015 Walkley Book Award Erik Jensen is a Boswell or Vasari for our baffled fractured fucked up times Acute Misfortune is the most intimate revealing and original take on an artist's life I know of Sebastian Smee Erik Jensen gives us that ingenious place where biography is also art Jennifer Clement This is supposed to be about an artist a wild man his lifetime and it is but Jensen has written such a beautiful window that all art and life is shining through I'm supposed to be an artist but I cannot put this down DBC Pierre
