Pickering,Alex Tyrrell,2017-05-15 The second half of the nineteenth century witnessed a new phenomenon in public monuments and civic ornamentation Whereas in former times public statuary had customarily been reserved for warriors and statesmen kings and rulers of men a new trend was emerging for towns to commemorate their own citizens As the subjects immortalised in stone and bronze broadened beyond the traditional ruling classes to include radicals and reformers it necessitated a corresponding widening of the language and understanding of public statuary *Contested Sites* explores the role of these commemorations in radical public life in Britain Despite recent advances in the understanding of the importance of symbols in public discourse political monuments have received little attention from historians This is to be regretted for commemorations are statements of public identity and memory that have their politics they are embedded in complex class gender and power relations that determine what is remembered or forgotten Examining monuments plaques and tombstones commemorating a variety of popular movements and reforming individuals the contributions in *Contested Sites* reveal the relations that went into the making of public memory in modern Britain and its radical tradition **The British National Bibliography** Arthur James Wells,1998 *Africa Analysis* ,1994 A fortnightly bulletin on financial and political trends **The French Imperial Nation-State** Gary Wilder,2020-05-08 France experienced a period of crisis following World War I when the relationship between the nation and its colonies became a subject of public debate The French Imperial Nation State focuses on two intersecting movements that redefined imperial politics colonial humanism led by administrative reformers in West Africa and the Paris based Negritude project comprising African and Caribbean elites Gary Wilder develops a sophisticated account

of the contradictory character of colonial government and examines the cultural nationalism of Negritude as a multifaceted movement rooted in an alternative black public sphere He argues that interwar France must be understood as an imperial nation state an integrated sociopolitical system that linked a parliamentary republic to an administrative empire An interdisciplinary study of colonial modernity combining French history colonial studies and social theory The French Imperial Nation State will compel readers to revise conventional assumptions about the distinctions between republicanism and racism metropolitan and colonial societies and national and transnational processes *Guide to the Turf* Ruff William,1871

The Beatles on Screen Stephanie Fremaux,2018-05-17 The 1960s ushered in a time of creative freedom and idealism reflected in the popular music and films on both sides of the Atlantic At the forefront of driving that creative change were four mop topped musicians from Liverpool The Beatles While many scholars have examined their role as songwriters as countercultural and political figures and as solo artists few have considered the important role film played in The Beatles career This book focuses on the overlooked films the Beatles performed in from 1964 to 1970 in order to chart their journey from pop stars to musicians Through these case studies The Beatles on Screen uncovers how the relationship between film and pop music has changed the ways in which bands communicate with their fans **The Penguin Guide to France, 1991** Georgia Hesse,1990-12 *Walford's guide to reference material* Albert John Walford,1987 **Bibliographic Guide to Music** New York Public Library.
