Penguin Of Lesbian Short Stories:

The Penguin Book of Lesbian Short Stories Margaret Reynolds, 1994 These 33 pieces express the complexity of lesbian literature as each story acknowledges a particular facet of lesbian history and makes it new with the power of language The feminist polemic of Virginia Woolf is contrasted with the liberated creativity of Gertrude Stein and the politics and alienation of Margaret Atwood's all female world *The Short Story Anthology and Women's Writing* Aleix Tura Vecino, 2025-08-14 Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood Through creative and contextualised readings of the most important anthologies produced in this period this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo In doing so the book also develops the first book length conceptualisation of the features and meaning making mechanisms of the short story anthology as a literary form This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide **Encyclopedia of Lesbian and Gay**

Kester,1997-01-01 In this work over 30 librarians such as James V Carmichael Jr Sanford Berman Martha E Stone Gerald Perry Barbara Gomez and Martha Cornog address gay and lesbian issues facing the profession and in some cases offer their own stories of understanding their sexuality and its implications on their professional lives Some of the issues addressed are the need to uphold intellectual freedom challenging the censorship of gay materials in libraries AIDS material in the library the information needs of gay and lesbian patrons collection development and confronting homophobia **Talking Up** Rosamund Else-Mitchell,Naomi Flutter,1998 Annotation Covers a diversity of themes including relationships between older and younger women and feminists experiences of young migrant women the marginalization of non white and lesbian women and the emerging role of young women in corporate legal and educational institutions Lesbian Histories and Cultures Bonnie Zimmerman,2000 To reflect this crucial fact The Encyclopedia of Lesbian and Gay Histories and Cultures has been prepared in two separate volumes to assure that both histories receive full unbiased attention and that a broad range of human experience is covered BOOK JACKET Current

Outside Belongings Elspeth Probyn, 2015-12-22 *Outside Belongings* argues against a psychological depth model of identity one in which individuals possess an intrinsic quality that guarantees authentic belonging Instead Probyn proposes a model of identity that takes into account the desires of individuals and groups of individuals to belong The main ideas she considers the outside the surface and belonging allow her to articulate in concrete terms her precise concerns about sexuality and nationality

The Pilgrimage of Dorothy Richardson Joanne Winning, 2000 *Pilgrimage* Dorothy Richardson's thirteen volume opus of autobiographical fiction follows the entire arc of an independent woman's life in early twentieth century Britain It is one of the major works of the modernist period indeed it is considered by many a classic of modernist literature In this book Joanne Winning argues in this book however that Richardson's novels continue to be misunderstood in several important ways Winning is the first critic to fully explore the issues of lesbian identity in the novels Examining primary materials manuscript drafts and Richardson's previously unstudied correspondence Winning demonstrates that *Pilgrimage* contains a

carefully constructed though concealed subtext of lesbian desire and sexuality The Pilgrimage of Dorothy Richardson explores the ways in which Richardson used such cultural forms as sexology psychoanalysis and other lesbian and modernist literature of her time to create an intertextual dialogue about lesbian identity Winning suggests that a sustained reading of lesbian sexuality in Pilgrimage is crucial to a more complete understanding of Richardson s long and sometimes difficult work Winning also places Pilgrimage in the context of other works by female modernist writers that record lesbian identity This approach Winning suggests is the first step toward recognizing and defining a literary movement that can be termed lesbian modernism as well as toward a deeper understanding of how lesbian modernist writers helped shape modernist literature as a whole
