The New York Observer ONE OF THE NEW YORK OBSERVER'S TOP 10 BOOKS FOR FALL It's no wonder that New York has always been a magnet city for writers Manhattan is one of the most walkable cities in the world But while many novelists poets and essayists have enjoyed long walks in New York their experiences varied widely

**Portraits from Life** Jerome Boyd Maunsell, 2018-01-05 What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies Portraits from Life examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences Portraits from Life investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of

portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in England and France **A Secret Sisterhood** Emily Midorikawa, Emma Claire Sweeney, 2017-10-17 Two female writers and best friends bring to light the literary friendships of four iconic female authors Male literary friendships are the stuff of legend think Byron and Shelley Fitzgerald and Hemingway But the world's best loved female authors are usually mythologized as solitary eccentrics or isolated geniuses Coauthors and real life friends Emily Midorikawa and Emma Claire Sweeney prove this wrong thanks to their discovery of a wealth of surprising collaborations the friendship between Jane Austen and one of the family servants playwright Anne Sharp the daring feminist author Mary Taylor who shaped the work of Charlotte Brontë the transatlantic friendship of the seemingly aloof George Eliot and Harriet Beecher Stowe and Virginia Woolf and Katherine Mansfield most often portrayed as bitter foes but who in fact enjoyed a complex friendship fired by an underlying erotic charge Through letters and diaries that have never been published before *A Secret Sisterhood* resurrects these forgotten stories of female friendships They were sometimes scandalous and volatile sometimes supportive and inspiring but always until now tantalizingly consigned to the shadows With a foreword by Margaret Atwood *A* thought provoking meditation on literary friendship as well as engagingly intimate glimpses of four of the world's finest writers *San Francisco Chronicle* A medley of vivid narratives *The Atlantic* Midorikawa and Sweeney have committed an exceptional act of literary espionage English literature owes them a great debt *Financial Times* A vital and necessary contribution to women's history literary history and the literature of friendship Kate Bolick author of *Spinster Making a Life of One's Own* **Performative Identities in Culture**, 2024-07-22 This book's primary task is to test the contemporary value of performance and performativity *Performative Identities in Culture From Literature to Social Media* undertakes this task via a host of chapters on a vast spectrum of performativity related topics such as literature British American Welsh film art social media and sports Within these contexts the book raises a number of questions relevant today How is minority culture constructed and performed in literature How can one manifest identity in multicultural contexts How has performativity been transformed in audiovisual media like film video games and social media And can the digital itself be performative *Jamesian Cultural Anxiety in the East and West* Choon-Hee Kim, 2020-01-31 This volume explores the world that shaped Henry James's work and influenced his legacy through the themes of Jamesian cultural anxiety between and beyond spatio temporal boundaries As such each chapter constructs a mode of reading to map and formulate one's own cultural perspective in various contexts relying on their unique engagement with James's and Jamesian creative acts of writing aesthetics and science the auto biographical as social aspects genre as literary social context the artistic and the economic editorship and readership and Asian perspectives on cultural influences and identities to generate insights and establish new intercultural understandings These are the traces of the contributors national social cultural consciousness that allow the definition of the Jamesian worldview as a particularly

universal one in a global context *To the Collector Belong the Spoils* Annie Pfeifer, 2023-02-15 *To the Collector Belong the Spoils* rethinks collecting as an artistic revolutionary and appropriative modernist practice which flourishes beyond institutions like museums or archives Through a constellation of three author collectors Henry James Walter Benjamin and Carl Einstein Annie Pfeifer examines the relationship between literary modernism and twentieth century practices of collecting objects From James's paper hoarding to Einstein's mania for African art and Benjamin's obsession with old Russian toys she shows how these authors literary techniques of compiling gleaning and reassembling constitute a modernist style of collecting that reimagines the relationship between author and text source and medium Placing Benjamin and Einstein in surprising conversation with James sharpens the contours of collecting as aesthetic and political praxis underpinned by dangerous passions An apt figure for modernity the collector is caught between preservation and transformation order and chaos the past and the future Positioning a shadow history of modernism rooted in collection citation and paraphrase *To the Collector Belong the Spoils* traces the movement's artistic innovation to its preoccupation with appropriating and rewriting the past By despoiling and decontextualizing the work of others these three authors engaged in a form of creative plunder that evokes collecting's long history in the spoils of war and conquest As Pfeifer demonstrates more than an archive or taxonomy modernist collecting practices became a radical creative endeavor the artist as collector the collector as artist

*Call of the Atlantic* Joseph McAleer, 2016 Uses fresh archival material to explore Jack London's publishing career outside of North America illuminating the relationships with publishers and agents principally in Britain as a key to understanding the character drive and international success of this popular figure of twentieth century American letters *Ford Madox Ford and the City* Sara Haslam, 2005 Ford Madox Ford and the City assembles fourteen pioneering essays by new as well as established European and American scholars exploring Ford's representations of real and ideal cities across the full range of his work from his earliest verse to his post war prose and poetry of the 1920s and 1930s **BOOK JACKET** Thomas Hardy and Contemporary Literary Studies T. **The Novel of Purpose** Amanda Claybaugh, 2018-07-05 In the nineteenth century Great Britain and the United States shared a single literary marketplace that linked the reform movements as well as the literatures of the two nations The writings of transatlantic reformers antislavery temperance and suffrage activists gave novelists a new sense of purpose and prompted them to invent new literary forms The result was a distinctively Anglo American realism in which novelists conceiving of themselves as reformers sought to act upon their readers and through their readers the world Indeed reform became so predominant that many novelists borrowed from reformist writings even though they were skeptical of reform itself Among them are some of the century s most important authors Anne Bront Charles Dickens George Eliot Thomas Hardy Henry James Elizabeth Stoddard and Mark Twain The Novel of Purpose proposes a new way of understanding social reform in Great Britain and the United States Amanda Claybaugh offers readings that connect reformist agitation to the formal features of literary works and argues for a method of transatlantic study that attends not only to nations but also to the many groups that collaborate across national boundaries

*Poetics of Character* Susan Manning, 2013-11-14 This study of character in a comparative context presents a new approach to transatlantic literary history Rereading Romanticism across national generic and chronological boundaries and through close textual comparisons it offers exciting possibilities for rediscovering how literature engages and persuades readers of the reality of character Historically grounded in the eighteenth century philosophical political and cultural conditions that generated nation based literary history it reveals alternative narratives to those of origin and succession influence and reception It also reintroduces rhetoric and poetics as ways of addressing questions about uniqueness and representativeness in character creation epistemological issues of identity and impersonation and the generation of literary value Drawing comparisons

between works from Alexander Pope and Cotton Mather through Robert Burns Jane Austen John Keats Nathaniel Hawthorne Edgar Allan Poe R W Emerson Margaret Fuller and Herman Melville to George Eliot and Henry James Susan Manning reveals surprising metaphorical metonymic and performative connections **Spiritualism and Women's Writing** T. Kontou, 2009-08-26 Using a wide range of unexplored archival material this book examines the spectral influence of Victorian spiritualism and Psychical Research on women's writing analyzing the ways in which modern writers have both subverted and mimicked nineteenth century sources in their evocation of the s ance
