Intercultural Learning. Analyzing Louise Penny's novel "Bury Your Dead" Matthias Dickert et al.,2013-11-06 Anthology from the year 2013 in the subject American Studies Culture and Applied Geography language English abstract Canada has only recently become a topic of literary interest in modern grammar schools in Hessen It was thus logical that schools teachers and students were confronted with a fairly unknown topic that belongs to what is referred too as English speaking literature Canadian literature is strictly speaking part of what is commonly considered to be Literature of the Colonies a term that sums up literature from Africa Asia Australia Canada and New Zealand Canada in this respect still holds a key position for European readers simply because of its historic links to England and France and its deep roots in native elements all of which seem to have enriched its historical cultural and literary variety All three influences have contributed to the key term of present Canadian literature which seems to focus on the concept of survival and its manifold presentations in past and present day Canadian writing It is thus not astonishing to spot this notion of survival in all types of writing and detective stories in general also do not seem to be an exception It is therefore natural for the reader to trace and find this notion in Louise Penny s novels too Louise Penny herself is considered to be one if not the most outstanding contemporary Canadian representative of this type of writing and it was simply a question of time when she came into the focus of public attention Books like Still Life 2005 Dead Cold 2006 The Cruellest Month 2007 The Murder Stone 2008 The Brutal Telling 2009 Bury Your Dead 2010 A Trick of the Light 2011 soon gained her the reputation of a fine writer Most of her novels however include another aspect central for modern language learning in the socalled Oberstufe The talk here is about what is generally called Intercultural Teaching and Learning because the critical reader working here gains a lot of historical cultural and social insight into Canada and the Canadian soul It is at this crossroad where Penny steps in With the elegance of a Shakespearian pen of the 21st century she presents various characters and thus teachers and students alike can learn a lot about the different dimensions individual and collective of the Canadian psyche This results in knowledge feeling and respect for Canada and Canadian mentality which are conveyed in a convincing and authentic way **The Linking Ring** ,1929

Wynne,2001-07-11 Victorian sensation novels with their compulsive plots of crime transgression and mystery were bestsellers Deborah Wynne analyses the fascinating relationships between sensation novels and the magazines in which they were serialized Drawing upon the work of Wilkie Collins Mary Braddon Charles Dickens Ellen Wood and Charles Reade and such popular family journals as All The Year Round The Cornhill and Once a Week the author highlights how novels and magazines worked together to engage in the major cultural and social debates of the period **The Food Plot in the Nineteenth-Century British Novel** Michael Parrish Lee,2016-12-21 This book is about food eating and appetite in the nineteenth century British novel While

much novel criticism has focused on the marriage plot this book revises the history and theory of the novel uncovering the food plot against which the marriage plot and modern subjectivity take shape With the emergence of Malthusian population theory and its unsettling links between sexuality and the food supply the British novel became animated by the tension between the marriage plot and the food plot Charting the shifting relationship between these plots from Jane Austen's polite meals to Bram Stoker's bloodthirsty vampires this book sheds new light on some of the best known works of nineteenth century literature and pushes forward understandings of narrative literary character biopolitics and the novel as a form From Austen to Zombies Michael Parrish Lee explores how the food plot conflicts with the marriage plot in nineteenth century literature and beyond and how appetite keeps rising up against taste and intellect Lee's book will be of interest to Victorianists genre theorists Food Studies and theorists of bare life and biopolitics Regenia Gagnier Professor of English University of Exeter In *The Food Plot* Michael Lee engages recent and classic scholarship and brings fresh and provocative readings to well worked literary critical ground Drawing upon narrative theory character study theories of sexuality and political economy Professor Lee develops a refreshing and satisfyingly deep new reading of canonical novels as he develops the concept of the food plot *The Food Plot* should be of interest to specialists in the novel and food studies as well as students and general readers Professor April Bullock California State University Fullerton USA

**Clueless** Lesley Speed, 2017-07-14 *Clueless* American Youth in the 1990s is a timely contribution to the increasingly prominent academic field of youth film studies The book draws on the social context to the film's release a range of film industry perspectives including marketing audience reception and franchising as well as postmodern theory and feminist film theory to assert the cultural and historical significance of Amy Heckerling's film and reaffirm its reputation as one of the defining teen films of the 1990s Lesley Speed examines how the film channels aspects of Anita Loos 1925 novel *Gentlemen Prefer Blondes* the 1960s television series *Gidget* and Jane Austen's *Emma* to present a heightened optimistic view of contemporary American teenage life Although seemingly apolitical Speed makes the case for *Clueless* as a feminist exploration of relationships between gender comedy and consumer culture centring on a contemporary

version of the dumb blonde type The film is also proved to embrace diversity in its depiction of African American characters and contributing to an increase in gay teenagers on screen Lesley Speed concludes her analysis by tracking the rise of the Clueless franchise and cult following Both helped to cement the film in popular consciousness inviting fans to inhabit its fantasy world through spinoff narratives on television and in print public viewing rituals revivalism and vintage fashion **A Rather Charming Invitation** C.A. ### **Fiction on the Page in Nineteenth-Century Magazines**

Maria Damkjær, 2024-11-25 What makes fiction recognizable as fiction Texts are shaped by their material print but this book argues that they can also be made in response to it that the needs of the magazine in the nineteenth century spurred writers to create hybrid entangled texts Using book history genre theory and literary close reading this book argues that narrative fiction in the nineteenth century popular periodical was a malleable substance By looking at typography and the attempts to squeeze in too much text or stretch out too little text the book asks what the relationship was between the page that needed filling and the short story that tried to fill it In the messy hybrids and outliers we explore what fiction might have become The book works with magazines like the Englishwoman s Domestic Magazine first series 1852 59 the Family Herald 1842 1945 the Home Circle 1849 54 and authors like Elizabeth Gaskell George Augustus Sala and Samuel Beeton It also includes a chapter on Charles Dickens s arguably least successful venture Master Humphrey s Clock 1840 1 where Dickens was noticeably straining to sell and fill a weekly magazine While the book is not attempting to destabilise the status of canonical fiction it does ask how the page makes fiction happen what kind of readers magazines imagined for themselves and what readers thought they were reading when they picked up an issue The book argues that magazines projected a print imaginary a symbolic realm where the magazine fits perfectly into the lives of happy active readers

Brantlinger's latest book Its central plot involves the many ways in which novels and novel reading were viewed especially by novelists themselves as both causes and symptoms of rotting minds and moral decay among nineteenth century readers
