Aspects of Pentecostal Christianity in Zimbabwe Lovemore Togarasei, 2018-07-13 This edited book offers an engaging portrait into a vital religious movement inside this southern Africa country. It tells the story of a community of faith that is often overlooked in the region. The authors include leading scholars of religion, theology and politics from Botswana and Zimbabwe. The insights they present will help readers understand the place of Pentecostal Christianity in this land of many religions. The chapters detail a history of the movement from its inception to the present. Chapters focus on specific Pentecostal churches, general doctrine of the movement and the movement's contribution to the country. The writing is deeply informed and features deep historical, theological and sociological analysis throughout. Readers will also learn about the socio-political and economic relevance of the faith in Zimbabwe as well as the theoretical and methodological implications raised by the Pentecostalisation of society. The volume will serve as a resource book both for teaching and for those doing research on various aspects of the Zimbabwean society past, present and future. It will be a good resource for those in schools and university and college departments of religious studies, theology, history, politics, sociology, social anthropology and related studies. Over and above academic and research readers, the book will also be very useful to government, policy makers, non-governmental organizations and civic societies who have the Church as an important stakeholder. *German Pentecostal Church Planting 1945-2005* Paul Clark, 2019-08-12

What factors led to the successful founding of Pentecostal congregations in Germany in the past sixty years? This historical and cultural study of Pentecostal church planting since World War II provides insights for social scientists, German church planters and missionaries. Clark identifies key principles that will propel successful church planting endeavors in the twenty-first century by exploring the dynamics of intentional mission in a post-Christian European setting and observing the various methodologies and approaches of Pentecostal church planting.

*Repent and Turn to God* Babu Immanuel, 2008-05-01 For many years there has been ongoing work here on the book of Acts, looking into the narrative in its Greco-Roman and Jewish settings, and we greatly appreciate your contribution to this research. It leads the reader to a better understanding of the mindset of the period while focusing on issues that are still fundamental for the Christian church today. Dr Elizabeth Magba, Librarian, Tyndale House, Cambridge, UK. The significance of conversion to the Acts of the Apostles is indisputable, so it is surprising that this motif historically has attracted so little scholarly attention. We can therefore celebrate all the more Babu Immanuel's joining the small but growing ranks of those who of late have turned their critical attention to this important literary and theological theme in Acts. Adopting a narrative-critical approach, Immanuel urges that working in tandem, miraculous activity and missionary proclamation are effective means for effecting conversion of Jew and Gentile alike. The result is a welcome emphasis on the role of Luke, not only as theologian or historian but also and centrally as mission strategist. Joel B Green, Professor of New Testament Interpretation, Fuller Theological Seminary. **The Grammar of the Spirit World in Pentecostalized Africa** Hermen

Kroesbergen, Johanneke Kroesbergen-Kamps, Philipp Ohimann, 2023-01-01 What does it mean for the spirit world to be real Scholars from different disciplines investigate this topic focusing on the role played by the spiritual realm in Pentecostalized Africa The grammatical angle of their research proves to be a fruitful avenue to clarify the kind of reality or realities the spirit world has This novel approach takes us beyond most existing research by investigating the often unaddressed assumption that we know what it means for the spirit world to be taken as real This volume shows the importance of paying close attention to the grammar according to which people speak of spirits Spirit witchcraft ancestors and other aspects of the spirit world **St. Nicholas** Mary Mapes Dodge, 1913 The Living Church, 1993 Karl Barth and Pentecostal Theology

Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology
