Theology of the Priesthood Jean Galot, 2014-02-25 Since the end of Vatican II in 1965 more active involvement of the laity has led many people to wonder about the priest's place in the Church In this masterful work theologian Jean Galot S J clarifies the nature of the priesthood He explains how the Jewish priesthood the perfect priestly ministry of Jesus and the role of the Twelve help us understand the ministerial priesthood He considers how the priesthood of the faithful and the ministerial priesthood relate to each other and how the latter is by God's design necessary for the former *Theology of the*

Priesthood carefully examines the priest's role as minister of sacrifice and the sacraments prophet of the Word and leader of the Church. These and other aspects are summed up according to Galot in the priest's ministry as shepherd. This ministry is itself a sharing in Jesus' role as Shepherd. The priest does not draw the inspiration for his pastoral zeal from his own feelings from his own personal resolve to create a better world. Fr Galot writes: He is shepherd on the strength of God's pastoral intention and represents specifically Christ the shepherd. Consequently he is called upon to fulfill his pastoral mission not according to ideas of his own and his own personal ambitions but in keeping with God's own dispensation and the design of salvation devised by the Father and carried out by Christ. Like Jesus himself the priest is at the service of the Father. The book also explores the spiritual life of priests including the role of celibacy. It concludes with a discussion demonstrating that the male character of the ministerial priesthood is based on the will of Jesus and is not contrary to women's dignity on their role in the Church.

Creation Stories in Dialogue: The Bible, Science, and Folk Traditions Jan G. van der Watt, R. Alan Culpepper, 2015-11-02 This book is about creation stories in dialogue not only between different religious views but also between current day scientific perspectives. International specialists like Alan Culpepper, David Christian, John Haught, Randall Zachman, Ellen van Wolde from various disciplines are reflecting on the interface between science and religion relating questions of creation and origin. This multi-disciplinary discussion by some of the leading exponents in this field makes the book unique not only in its depth of discussion but also in its wide-ranging interdisciplinary discussion. The point of departure of all the contributions is the prestige lecture by Alan Culpepper where he argues for bringing Biblical material into discussion with modern scientific insights relating to creation and origin.

Lesser Festivals No. 4 Lorenz Nieting, 1981-04 **Holy Week** Roy A. Harrisville, 1985 The Book of the Acts F. F. Bruce, 1988-06-30 undertaken to provide earnest students of the New Testament with an exposition that is thorough and abreast of modern scholarship and at the same time loyal to the Scriptures as the infallible Word of God. This statement reflects the underlying purpose of The New International Commentary on the New Testament. Begun in the late 1940s by an international team of New Testament scholars, the NICNT series has become recognized by pastors, students and scholars alike as a critical yet orthodox commentary marked by solid biblical scholarship within the evangelical Protestant tradition. While based on a thorough study of the Greek text, the commentary introductions and expositions contain a minimum of Greek references. The NICNT authors evaluate significant textual problems and take into account the most important exegetical literature. More technical aspects such as grammatical, textual and historical problems are dealt with in footnotes, special notes and appendixes. Under the general editorship of three outstanding New Testament scholars: first Ned Stonehouse, Westminster Theological Seminary, Philadelphia; then F. F. Bruce, University of Manchester, England; and now

Gordon D Fee Regent College Vancouver British Columbia the NICNT series has continued to develop over the years In order to keep the commentary new and conversant with contemporary scholarship the NICNT volumes have been and will be revised or replaced as necessary The newer NICNT volumes in particular take into account the role of recent rhetorical and sociological inquiry in elucidating the meaning of the text and they also exhibit concern for the theology and application of the text As the NICNT series is ever brought up to date it will continue to find ongoing usefulness as an established guide to the New Testament text
