**The Pentecostal Theology of Edward Irving** Charles Gordon Strachan, 1973      *Edward Irving Reconsidered* David Malcolm Bennett, 2014-11-04 Samuel Taylor Coleridge called Edward Irving a minister of Christ after the order of Paul Edward Irving was a great preacher probably the best in Georgian Britain He was also a profound theologian and a caring pastor Yet it is a strange fact of history that this Paul like minister of Christ was eventually removed from the church he had made famous unfairly expelled from his denomination for heresy and at the end of his brief life was demoted in the sect that emerged from his ministry Towards the end of Irving's life charismatic gifts emerged in his church amidst great controversy He had already developed a theological rationale for such gifting and his extensive teaching on spiritual gifts is still widely consulted today Edward Irving was and is a controversial figure It is time that his life ministry and teaching were reconsidered Who was Edward Irving How did he live What made him outstanding What made him so controversial What is his legacy These are the questions answered in *Edward Irving Reconsidered* It is a compelling story as sad as it is powerful

**2000 Years Of Charismatic Christianity** Eddie L Hyatt,2015-09-04 Overwhelming evidence reveals contemporary Christianity roots in Pentecost The world is taking notice and realizing that the fastest growing segment in Christianity has an undeniable history with a pattern and a rich deep foundation dating back to the New Testament Explore overwhelming evidence that reveals how the gifts of the Holy Spirit not only have existed in the centuries since the early apostles but have also survived the Middle Ages the politicized church of Europe and have experienced a spectacular revival this century Learn invaluable lessons from the experiences of courageous men and women who sought God and saw His power in their generation The reader of this volume will gain a greater appreciation for the work of the Holy Spirit in history and will experience a sharpened sense to discern what God is doing in the church today 2000 Years of Charismatic Christianity offers convincing evidence that the modern Pentecostal and Charismatic movements are rooted in the two thousand year history of the church Those who identify with these movements will be affirmed in the experience of the Holy Spirit and will gain a new respect and appreciation for the movement of which they are a part Those outside the Pentecostal and Charismatic movements will also benefit by reading this volume in that they will gain an understanding of this movement that Harvard professor Dr Harvey Cox says is reshaping religion in the 21st century

**Australian Pentecostal and Charismatic Movements** ,2020-04-28 In Australian Pentecostal and Charismatic Movements Arguments from the Margins Rocha Hutchinson and Openshaw argue that Australia has made and still makes important contributions to how Pentecostal and charismatic Christianities have developed worldwide This edited volume fills a critical gap in two important scholarly literatures The first is the Australian literature on religion in which the absence of the charismatic and Pentecostal element tends to reinforce now widely debunked notions of Australia as lacking the religious tendencies of old Europe The second is the emerging transnational literature on Pentecostal and Charismatic movements This book enriches our understanding not only of how these movements spread worldwide but also how they are indigenised and grow new shoots in very diverse contexts

**The Ultimate Evidence** Larry Vern Newman,2009-01-01 It is quite an assertion to claim that one is filled with the Spirit of God What does a person offer as proof that this is actually true Pentecostals at the turn of the twentieth century read the Bible debated the issue and then proposed an evidence they thought the scriptures indicated was the primary verification of Spirit baptism It was determined that the evidence to prove one had been baptized with the Holy Spirit was that the person had spoken in an unknown language as prompted by the Holy Spirit The primary evidence of Spirit baptism it was concluded was the expression of a charism It was charismatic In The Ultimate Evidence Larry Newman argues that the initial evidence doctrine as it stands is inadequate and needs to be revisited and adjusted Without discrediting or devaluing speaking in tongues Newman points the reader to the ultimate evidence of Spirit baptism the more excellent way Gathering from historical cultural and biblical sources Dr Newman argues that the biblical evidential paradigm is ethical and issues

forth from the agape of the Cross It is the ethical dimension of the Christian life that is primary In 1 Cor 13 1 Paul wrote If I speak in the tongues of men and of angels but have not love I am only a resounding gong or a clanging cymbal

**Episcopacy, Authority, and Gender** Jan Wim Buisman, Marjet Derks, Peter Raedts, 2015-09-07 What is the base of religious leadership and how has it changed over the centuries This volume presents a range of actors both men and women who in a variety of historical contexts claimed to be the living voices or intermediaries of God The essays analyse the foundation of their authoritative claims and ask how and how far they succeeded in securing obedience from the Christians to whom they addressed their message Religious authority is not understood as a monolithic entity but as something derived from many sources and claims Whatever the national background whether ordained or supposedly appointed through divine intervention the histories of the people portrayed underline the long term manifestations and multifaceted nature of Christian identity SCM Core Text: Pentecostalism William K. Kay, 2013-01-26 The Pentecostal and charismatic movements showed astonishing growth in the twentieth century so as to arrive at a total that is said to include at least 400 million people worldwide The academic study of the Pentecostal and charismatic movement has been gaining momentum in the last few years both as an element within contemporary religious studies and as a strand within the subject area of church history going back to the early church This student friendly text is essential reading for students of Theology and Religious Studies taking second or third year modules in Pentecostal studies It is also of great relevance to students of sociology of religion as well as cultural and historical studies of religion and religious movements In addition to a comprehensive and accessible introduction to the subject it offers useful resources such as suggestions for further reading questions for reflection and a glossary of technical terms *The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today* Anthony C. Thiselton, 2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements Baptist Identities Ian M. Randall, Toivo Pilli, Anthony R. Cross, 2006-08-01 The authors of the papers published here come from a dozen different countries and represent different expressions of Baptist life The papers were delivered at the third International Conference on Baptist Studies held at the International Baptist Theological Seminary in Prague in July 2003 with the theme Baptist Identities Those who gave presentations explored what factors have contributed to the nature of Baptist distinctiveness in different countries and at different times In some cases

the authors have written about their own contexts using specific case studies that relate to particular periods whereas in other cases they range more widely covering several countries and or longer periods of time Topics examined in this volume include theological education women in leadership issues of ethnicity Baptist identity and national consciousness and creeds The regional scope of the Baptist stories that are analyzed includes Africa Asia Australia Eastern and Western Europe and North America At a time when there is considerable discussion throughout the world Baptist community about the nature of Baptist identity this collection of papers by significant historians of Baptist life is an important contribution Sermons and Lectures Edward Irving,2011-03-01 **Miscellanies from The Collected Writings of Edward Irving** Edward Irving,1865

**Edward Irving's Holy Spirit Writings** Edward Irving, 2011-11-21 Edward Irving welcomed and authenticated the supernatural manifestations of the Holy Spirit more than 75 years before the Pentecostal Movement exploded upon the scene of Christian history This British pastor and theologian challenged the status quo of 19th century Protestantism to reconsider their hardened rejection of the continuation of supernatural gifts of the Holy Spirit beyond the era of the New Testament Irving wrote with theological wisdom and prophetic vision as to the reasons why miraculous gifts signs and wonders have a vital role to play in the expression and expansion of the Christian church in every generation When Pentecostal manifestations spread from the west of Scotland to his London congregation in 1831 Irving was poised to provide biblical theological and practical guidance to these adventurous disciples of the supernatural who were more than a century ahead of their time Irving's Holy Spirit writings now in print after more than 150 years of neglect appear in this fresh and compelling presentation with an artful introduction and helpful chronology of persons and events to introduce to the modern reader this treasury of essays that are sure to enlighten and inspire

**The Variety of American Evangelicalism** Donald W. Dayton, 2002-05 Those labeled as evangelicals commonly are assumed to constitute a large and fairly homogeneous segment of American Protestantism This volume suggests that in fact evangelicalism is better understood as a set of distinct subtraditions each with its own history organizations and priorities The differences among groups are so important that the question arises Is the term evangelical useful at all This book attempts to enter as sympathetically as possible into the self understandings of movements usually grouped under the evangelical umbrella For each of twelve major traditions a leading scholarly interpreter first articulates the group's theological orientation and then explores the relationship between that movement and broader evangelical issues and organizations Contributors develop remarkably useful and diverse conceptual strategies for charting the complex evangelical landscape In crisp summary chapters the editors draw differing conclusions from the many perspectives offered Donald Dayton wants to abandon the category evangelical altogether Robert Johnston sees the varied traditions as an extended family whose members embody common characteristics to greater or lesser degrees

*Your Sons and Daughters Shall Prophesy* Ernest B. Gentile, 1999-06-01 A thorough yet practical study that shows how the biblical gift of prophecy can build up today's churches and individual Christians

**Essays on Apostolic Themes** Paul Elbert, 2007-02-01 This collection of studies prepared in honor of one of the church's distinguished teachers and pastoral

servants Dr Howard M Ervin attempts to address some of the pressing theological issues of our day Important matters of biblical interpretation in the evangelical and charismatic scenes are treated by three of the contributors including one by the honoree himself The role of the Holy Spirit in interpretation is critiqued by professor Horner while professors F F Bruce and J D G Dunn offer some penetrating insights into the work of the Spirit in Paul s churches and into the nature of the New Testament believer as understood by the great apostle Professor Rea gives us his timely observations on the nature of spiritual experience in the lives of Old Testament believers drawing out appropriate lessons for today We trust further that Essays on Apostolic Themes may have something to offer to the discipline of historical theology with five essays ranging from prophetic type phenomena in Iraanaeus s church and charismatic motifs in Calvin s thoughts to critical assessments of Lewi Pethrus and Donald Gee who are within their own cultures appraised as being dynamic figures of leadership in the pentecostal tradition Similarly based on his earlier book of the eighteenth century pioneer of pentecost Dr Strachan presents a stimulating piece on the development of Edward Irving s thought The early reception in America of the charismatic movement is sagaciously surveyed by Dr Connelly and productive ideas on the mystical presence of Christ in our Lord s supper are advanced by professor Gelpi Essays concludes with a contribution to the much discussed issues of church growth wherein practical suggestions are tabled based on the potential implied by Luke s text of the book of Acts Overall the editor and respective authors submit this anniversary volume to their colleague and friend Dr Howard M Ervin and to its readers everywhere in the hope that these fourteen studies may make a useful international contribution to scholarship and that Essays may be found helpful to preachers teachers and students of God s word
