globalization Pentecostalism and Globalization Steven M. Studebaker, 2010-09-20 In little over a century the Pentecostal movement has emerged from small bands of revival seekers to become one of the largest Christian groups in the world. Primarily a movement within Western Christianity for much of its brief history it is increasingly characterized as a global movement. Pentecostal theology and ministry in a Western context must engage global Pentecostalism and be willing to rethink its traditional patterns of thought and practice in light of the evolving nature of the movement. The essays in this book come mainly from the McMaster Divinity College 2008 Pentecostal Forum. The Many Faces of Pentecostalism: Pentecostalism and Globalization. The first section outlines the nature of globalization and establishes it as the context for contemporary Pentecostal theology and ministry. The other contributions explore the impact of globalization on traditional areas of Pentecostal theology such as Spirit baptism and speaking in tongues and twenty-first century Pentecostal ministry. The New International Dictionary of Pentecostal and Charismatic Movements Stanley M. Burgess, Eduard M. van der Maas, 2010-08-03 The Definitive History of the Spirit-Filled Church. Encyclopedic coverage of activities of the Spirit over 2,000 years of church history in 60 countries and regions. Outpourings at Topeka, Mukti Mission, India, Azusa Street, Duquesne University, and many other 20th-century locations. Current movements among today's 500 million plus Pentecostal and charismatic Christians worldwide. The New International Dictionary of Pentecostal and Charismatic Movements sets modern Spirit-filled Christianity in a context that spans two millennia and the entire Christian world. Like no other resource, this volume reveals in detail the full sweeping legacy of Spirit-empowered movements that have touched hearts and lives both in modern America and across the centuries and continents: in medieval Europe, Finland in the 1700s, South India in the 1800s, Azusa Street at the turn of the 20th century, and much more, including ongoing moves of the Holy Spirit throughout the world today. One thousand entries provide the most extensive information available on Pentecostal, charismatic, and neocharismatic movements. The diverse topics covered include, as a small sample: glossolalia, black and Hispanic Pentecostalism, prophecy, the role of women, faith healing, music, sociology, missions, church growth, and different historic and contemporary revivals. With its unique international and historical perspective, this completely revised and expanded second edition of the acclaimed Dictionary of Pentecostal and Charismatic Movements offers features that no other reference of its kind approaches. Its extraordinary scope and detailed up-to-date coverage make this the definitive resource on Pentecostal and charismatic denominations and movements both in North America and worldwide. Includes exhaustive coverage of Pentecostal and charismatic movements in 60 countries and regions; individual histories, cultural and theological aspects, and key figures and institutions; statistical section with a wealth of current information on the growth of classical Pentecostalism as well as charismatic and neocharismatic movements; 1,000 articles; over 500 photos and illustrations, maps, and timeline; cross-references, bibliographies, and indexes to people, places, and topics. *Pentecostal Currents in American Protestantism* Edith Waldvogel Blumhofer, Russell P. Spittler, Grant A. Wacker, Grant Wacker, 1999 Pentecostal Currents in American

Protestantism addresses the theme of encounter within the Protestant faith by exploring moments in which identities and boundaries have been established or challenged as the Pentecostal and charismatic movements have taken their place on the American religious scene Examining topics as diverse as the animosity that marked Pentecostalism's encounter with the Holiness movement the forms and results of engagement between Pentecostal missionaries and Protestant mission boards in China and the response of Southern and American Baptists to the charismatic renewal contributors show how the confluence of the mainstream with other streams brings about questioning realignment and change

Pentecostal and Postmodern Hermeneutics Bradley Truman Noel, 2010-01-29 Pentecostal and Postmodern Hermeneutics seeks to explore the relationship between Pentecostal hermeneutics and Pentecostalism's ability to connect with and evangelize North American youth As a Postmodern ethos makes its presence increasingly felt in the Western world no Christian movement should be better positioned to bring the message of Christ to youth and young adults eager to experience the God of miracles and wonders Recent trends in Pentecostal hermeneutics however may actually make the task more difficult No historical movement has thrived in the long term that has not carefully considered the place of youth and young adults in the vision for the future While Pentecostalism has been at the forefront of youth ministry in the last several decades we must also connect Pentecostal academia with evangelism efforts among youth and young adults This work calls Pentecostal scholars to thoughtfully consider the implications of their work for future generations

Gone from the Promised Land, 1987-01-01 In this superb cultural history John R Hall presents a reasoned analysis of the meaning of Jonestown why it

happened and how it is tied to our history as a nation our ideals our practices and the tension of modern culture Hall deflates the myths of Jonestown by exploring how much of what transpired was unique to the group and its leader and how much can be explained by reference to wider social processes

Pentecostal Theology Keith Warrington, 2008-08-07 Pentecostals traditionally do not think theologically so much as do it practically This book will present Pentecostal theology as well as the particular style of Pentecostal thinking and praxis that makes it different Pentecostalism is not just distinctive because of its belief base but also because of the worldview it owns The latter is based on a certainty that a religion that does not work is not worth much Consequently they look for expressions of life and vitality in their faith These dominate rather than an expression of the cerebral though this is changing Nevertheless the sense of the immediate the God of the now not the distant past underlie how they do theology Pentecostal theology tends to be seen through the eyes of people not theologians through the community not traditions though they have them through their faith and worship not ancient creeds It is a theology of the dynamic seen through the lens of experience It is a functional theology that exists to operate to incorporate an experiential dimension Pentecostal theology does not operate as other theologies which often only detail a list of beliefs it does this but also and more importantly it explores them in the context of praxis Thus this volume incorporates praxis as part of the enquiry relating to theology

Tongues of the Spirit Cyril Glyndwr Williams, 1981 In this book I have examined briefly various interpretations of glossolalia and raised the question of seemingly related phenomena in other religious contexts both undertakings in my view being pre requisites of theological appraisal

Preface *The Holiness-Pentecostal Tradition* Vinson Synan, 1997-08-25 Called a pioneer contribution by Church History when it was first published in 1971 as *The Holiness Pentecostal Movement in the United States* this volume has now been revised and enlarged by Vinson Synan to account for the incredible changes that have occurred in the church world during the last quarter of the twentieth century Synan brings together the stories of the many movements usually listed as holiness pentecostal or charismatic and shows that there is an identifiable second blessing tradition in Christianity that began with the Catholic and Anglican mystics that was crystallized in the teaching of John Wesley and that was further perpetuated through the holiness and Keswick movements of the nineteenth and twentieth centuries to the appearance of modern Pentecostalism Synan then chronicles the story of the spread of Pentecostalism around the world after the heady days of the Azusa Street awakening with special attention given to the beginnings of the movement in those nations where Pentecostalism has become a major religious force He also examines the rise of various mainline church charismatic movements that have their roots in Pentecostalism Because of the explosive growth of the Pentecostal movement in the last half of the century Pentecostals and Charismatics now constitute the second largest family of Christians in the world after the Roman Catholic Church This could well be the major story of Christianity in the twentieth century writes Synan Pentecostalism has grown beyond a mere passing movement and can now be seen as a major Christian tradition alongside the Roman Catholic Orthodox and Reformation Protestant traditions

The Holiness Pentecostal Tradition will continue to be an important handbook for shaping our understanding of this phenomenon

From Pentecost to the Triune God Steven M. Studebaker, 2012-12-19 In From Pentecost to the Triune God Steven Studebaker puts forth a provocative Pentecostal Trinitarian theology arguing that the Holy Spirit completes the fellowship of the triune God and therefore shapes the identities of the Father and the Son The Holy Spirit Studebaker maintains is not simply a passive end product of a procession from the Father and Son but rather a dynamic person who plays an active role in the Trinity and a constitutional consummational role in the history of redemption In the course of his study Studebaker shows the theological yield of the Pentecostal experience of the Holy Spirit and uncovers the biblical narratives of the Spirit from creation to Pentecost A constructive and ecumenical contribution to Trinitarian theology From Pentecost to the Triune God also engages major historical and contemporary figures such as Augustine the Cappadocians Weinandy and Zizioulas as well as representatives from the evangelical and charismatic traditions Finally Studebaker applies his Pentecostal Trinitarian theology to the theology of religions and creation care proposing that Christians embrace an inclusive posture toward people of other religious traditions and have an earth orientation that sees creation care as Christian formation
