Idema, Wai-yee Li, Stephen H. West, 2023-10-10 Playwriting in many forms flourished during the late Ming and early Qing dynasties Shorter theatrical genres in particular offered playwrights opportunities for experimentation with both dramatic form and social critique Despite their originality and wit these short plays have been overshadowed by the lengthy masterpieces of the southern drama tradition *A Topsy Turvy World* presents English translations of shorter sixteenth to eighteenth century plays spotlighting a lesser known side of Chinese drama Satirical and often earthy these mostly one act plays depict deceit dissembling reversed gender roles and sudden upending of fortunes With zest and humor they portray henpecked husbands supercilious and lustful monks all too human sage kings disgruntled officials and overreaching young scholars These plays provide a glimpse of Chinese daily life and mores even as they question or subvert the boundaries of social moral and political order Each translation is preceded by a short introduction that describes the play's author context formal qualities and textual history *A Topsy Turvy World* offers a new view of a significant period in the development of the Chinese theatrical tradition and provides insight into the role of drama as cultural critique **Experimental Xiqu Performances Endure** Lin Chen, 2025-08-22 This book offers a detailed comprehensive and theoretically grounded study of experimental xiqu performances that have taken place in recent decades across Mainland China Hong Kong Taiwan and online platforms Situating these performances within their specific socio political contexts and historical trajectories this book explores the question what defining aesthetics and methodologies characterise experimental xiqu practices and how do they distinguish themselves from traditional xiqu aesthetics and the intercultural theatre paradigm epitomised by the Western story Eastern body approach A performative theoretical framework is developed to facilitate a thorough examination

of the evolution of xiqu from the last millennium to modern times with particular focus on the 20th century The primary objectives of this investigation are twofold to establish a nuanced understanding of the dynamic and non dualistic concept of traditional xiqu and to provide a vivid depiction of the diverse soils shaping various experimental xiqu performances Focusing on aesthetics this book further conducts detailed performance analyses of *The Outcast* *General Metamorphosis* *Sighing* and *The Spirits Play Online* This book contends that experimental xiqu performances reveal the deep wounds borne by a significant number of ordinary people Owing to the discourse of beauty surrounding xiqu the institutional constraints the dualistic political discourses and most of all the as yet unconstructed condition of collective cultural trauma within these contexts all the wounds are touched softly Experimental xiqu performances help endure the deep wounds and the unarticulated cultural traumas This book will be of great interest to theatre performance and opera studies scholars and students

Daoism Ronnie L. Littlejohn, 2009-03-16 The way that can be told is not the eternal Way the name that can be named is not the eternal Name So begins the first verse of the mysterious *Dao De Jing* foundation text of the ancient Chinese religion of Daoism Often attributed to semi mythical sage Laozi the origins of this enigmatic document which probably came into being in the third century BCE are actually unknown But the tenets of Daoism laid down in the *Dao De Jing* and in later texts like the *Yi Jing* or *Book of Changes* continue to exert considerable fascination particularly in the West where in recent years they have been popularized by writers such as the novelist Ursula K LeGuin In this fresh and engaging introduction to Daoism Ronnie L Littlejohn discusses the central facets of a tradition which can

sometimes seem as elusive as the slippery notion of Dao itself The author shows that fundamental to Daoism is the notion of Wu wei or non action a paradoxical idea emphasizing alignment of the self with the harmony of the universe a universe in continual flux and change This flux is expressed by the famous symbol of Dao the taiji representing yin and yang eternally correlating in the form of a harmonious circle Exploring the great subtleties of this ancient religion Littlejohn traces its development and encounters with Buddhism its expression in art and literature its fight for survival during the Cultural Revolution and its manifestations in modern day China and beyond
