## **People And Communities In The Western World Vol Ii:**

People and Communities in the Western World. Vol. II G. Brucker,1979      *Robespierre* Peter McPhee,2012-03-13 For some historians and biographers Maximilien Robespierre 1758 94 was a great revolutionary martyr who succeeded in leading the French Republic to safety in the face of overwhelming military odds For many others he was the first modern dictator a fanatic who instigated the murderous Reign of Terror in 1793 94 This masterful biography combines new research into Robespierre s dramatic life with a deep understanding of society and the politics of the French Revolution to arrive at a fresh understanding of the man his passions and his tragic shortcomings Peter McPhee gives special attention to Robespierre s formative years and the development of an iron will in a frail boy conceived outside wedlock and on the margins of polite provincial society Exploring how these experiences formed the young lawyer who arrived in Versailles in 1789 the author discovers not the cold obsessive Robespierre of legend but a man of passion with close but platonic friendships with women Soon immersed in revolutionary conflict he suffered increasingly lengthy periods of nervous collapse correlating with moments of political crisis yet Robespierre was tragically unable to step away from the crushing burdens of leadership Did his ruthless uncompromising exercise of power reflect a descent into madness in his final year of life McPhee reevaluates the ideology and reality of the Terror what Robespierre intended and whether it represented an abandonment or a reversal of his early liberalism and sense of justice

and an extensive bibliography The dictionary section has over 400 cross referenced entries on the causes and origins the roles of significant persons crucial events and turning points important institutions and organizations and the economic social and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen This book is an excellent access point for students researchers and anyone wanting to know more about this period
