## **People And Nations Of Asia:**

**The People's History of the World: Nations** Edward Sylvester Ellis, 1901      **People's War (RLE Modern East and South East Asia)** J.L.S. Girling, 2017-09-19 This book first published in 1969 casts a critical eye over the problem of insurgency The author sees insurgency not just as a matter of technique military tactics or organizational skill nor as the result of force and fraud but as people s war the conditions in which the mass of the people become involved voluntarily or otherwise on either side He quotes Nasution s statement The guerrilla movement is only the result not the cause of the problem People s war brings the peasantry hitherto ignorant apathetic or rejected into the political process For war is the continuation of politics by other means In Asia this was essentially a peasant s war arising when peasant grievances interests or demands cannot be met under the existing legitimate but urban or landowner orientated system of rule It shows little understanding to blame outside intervention when peasant and nationalist unrest leads to revolt The Chinese Communists did not owe success to Soviet aid the Vietminh to Chinese assistance or the Vietcong to North Vietnamese intervention The conclusion applies to governments as to insurgents no amount of outside aid can win the war for them if they themselves are incapable and the people on whom they depend for support have no will to fight This book based on first hand experience of the area and on study of original sources offers 1 an analysis of people s war in China Indochina and Vietnam 2 a critique of US policy in Laos and Vietnam and 3 a comparison with counter measures in Malaya the Philippines and Indonesia It is both original and constructive      **Peoples and Nations of Asia** Sheila Fairfield, 1987 Gives a history of each nation in Asia from earliest known times Each entry explains where the people came from and tells what religion language culture and migrations accompanied their development towards nationhood      **Asian Christian Theology** Timoteo D. Pardue, 2019-07-31 Asian Christian Theology provides a survey of contextually reflective robustly evangelical theology for students to engage with the core doctrines of Christianity and their outworking in different cultures across Asia The contributors of the chapters come from all corners of Asia to systematically examine traditional doctrinal themes and contemporary concerns for the Asian church Ideal for use as a companion textbook in Asian seminaries and institutions this book will also provide excellent further reading for those outside of Asia seeking global theological perspectives and for those in contexts of significant Asian diaspora Many excellent books surveying theology exist but this book is a major step forward for students and scholars seeking to understand the dynamic environment of evangelical theology in Asia      **A Brief Geography of Asia, Africa, and Australia** Harmon Bay Niver, Edward D. Moral Perspectives Ideologies and Human Rights Intersections between Workers Rights Corporations and the State  
 Accessing and Maintaining Rights to Water Food and Health On the Frontline Human Rights Defenders Promoting Human  
 Rights in Southeast Asia New Directions and Strategies The handbook considers the political and social contexts in which  
 human rights emerge the dynamics of their contestation and violation and how rights are claimed It demonstrates that  
 human rights are a practice and goes beyond considering human rights as formal structures in laws regulations and meeting  
 rooms A timely overview and analysis of the situation of Human Rights in Southeast Asia this handbook will be a valuable  
 reference work for scholars and practitioners in human rights the field of Asian Law Asian Studies in general and Southeast  
 Asian Studies in particular Chapter 2 of this book is freely available as a downloadable Open Access PDF at [http www

 Cyclopaedia of India and of Eastern and Southern Asia* Edward Balfour,1885 **Minorities and Populism - Critical  
 Perspectives from South Asia and Europe** Volker Kaul,Ananya Vajpeyi,2020-02-28 This volume assembles renowned  
 scholars to address for the first time the relationship between minorities and populism in South Asia and Europe from a  
 critical perspective Despite the very different and to some extent opposite historical and political trajectories there is today a  
 convergence on nationalist affirmation and on majoritarian politics between South Asia and Europe In India the Hindu  
 majority rebels against wide ranging minority rights anchored in the Constitution In Europe the refugee crisis and Islamic  
 radicalization bring to the forefront the postcolonial legacy Despite all rhetoric there are obvious dangers of majoritarianism  
 Populist parties are divisive partisan disregard minority rights engage in lynching social division stigmatization and exclusion  
 turning minorities into second class citizens There is a profound structural connection between minorities and the current  
 rise of populism in India and Europe But there remains a deep perplexity and also anxiety Does the presence of minorities  
 necessarily have to trigger majoritarian policies Are there no solutions to this dilemma Many observers considered  
 multicultural policies and affirmative action programs in India as a possible model for Europe to adopt in order to achieve  
 greater integration But eventually they seem to have failed Why so Are multiculturalism and the recognition of differences  
 still options today On the other hand most scholars in India typically reject the European model of liberal democracy and  
 secularism as impracticable in India and locate the reason for the current malaise in the west But is liberal democracy really  
 so bad in dealing with pluralism This volume collecting a selection of the Reset DOC Venice Padua Delhi dialogue series is  
 going to answer two fundamental questions First what precisely is the nexus between minorities and populism in South Asia  
 and Europe Starting from those case studies the authors will also draw some general theoretical inferences about the nature  
 of populism Secondly given the dangers of populism for minorities the volume will look for the most adequate and feasible  
 solutions **Christian Researches in Asia** Claudius Buchanan,Melvill Horne,1811
