The Dream Is Lost Julian Maxwell Hayter, 2017-06-02 Once the capital of the Confederacy and the industrial hub of slave based tobacco production Richmond Virginia has been largely overlooked in the context of twentieth century urban and political history By the early 1960s the city served as an important center for integrated politics as African Americans fought for fair representation and mobilized voters in order to overcome discriminatory policies Richmond s African Americans struggled to serve their growing communities in the face of unyielding discrimination Yet due to their dedication to strengthening the Voting Rights Act of 1965 African American politicians held a city council majority by the late 1970s In *The Dream Is Lost* Julian Maxwell Hayter describes more than three decades of national and local racial politics in Richmond and illuminates the unintended consequences of civil rights legislation He uses the city s experience to explain the political abuses that often accompany American electoral reforms and explores the arc of mid twentieth century urban history In so doing Hayter not only reexamines the civil rights movement s origins but also seeks to explain the political economic and social implications of the freedom struggle following the major legislation of the 1960s Hayter concludes his study in the 1980s and follows black voter mobilization to its rational conclusion black empowerment and governance However he also outlines how Richmond s black majority council struggled to meet the challenges of economic forces beyond the realm of politics *The Dream Is Lost* vividly illustrates the limits of political power offering an important view of an underexplored aspect of the post civil rights era

hands *Selling Jesus* Douglas D. Webster, 2009-08-01 It's one thing to market cars and deodorant and hamburgers. It's another thing says Doug Webster to market Jesus and the gospel. Standing up to a spate of books and seminars that urge churches to model their mission on Madison Avenue methods Webster sounds an urgently needed wake up alarm. *Selling Jesus* is a hard hitting book that shows how Jesus is more than a product to be hawked how seekers are more than a matter of meeting felt needs. But *Selling Jesus* doesn't merely challenge. It moves beyond penetrating criticism to the next step suggesting faithful and powerful alternatives to marketing the church. *Selling Jesus* is a necessary book for those who are beginning to wonder if evangelism and missions really aren't synonymous with product promotion **Organizations**

Admiral James Stavridis former Supreme Commander NATO and author of 2034. Known as the Father of the Nuclear Navy Admiral Hyman George Rickover 1899-1986 remains an almost mythical figure in the United States Navy. A brilliant engineer with a ferocious will and combative personality he oversaw the invention of the world's first practical nuclear power reactor. As important as the transition from sail to steam his development of nuclear propelled submarines and ships transformed naval power and Cold War strategy. They still influence world affairs today. His disdain for naval regulations indifference to the chain of command and harsh insulting language earned him enemies in the navy but his achievements won him powerful friends in Congress and the White House. A Jew born in a Polish shtetl Rickover ultimately became the longest serving U.S. military officer in history. In this exciting new biography historian Marc Wortman explores the constant conflict Rickover faced and provoked tracing how he revolutionized the navy and Cold War strategy.
