*What Our Dad Told Me . . . Before I Killed Him* Patrick Berlinger, 2017-06-28 What Our Dad Told Me Before I Killed Him is both a biography of my dad as well as an autobiography about myself along with our immediate family relatives and many friends It focuses on how our good Christian positive family went downhill from 1979 all the way through current times It heavily involves a demon named Abaddon who convinced our dad that he Abaddon was an angel who gave our dad a ministry of judging other people for the sins in their lives including the judgment of death by praying for people's deaths but then even killing many people himself with guns when God didn't kill them And that ultimately meant our family ourselves But when our dad started to kill our mom I ended up killing him But then I was sent to prison for that and so I also wrote about the legal system being in prison for several years I also followed all of that up with seeing our dad again years later delving and mulling about whether that was spiritual answers or just mental problems of my own So be it

Decoration Day in the Mountains Alan Jabbour, Karen Singer Jabbour, 2010-05-31 Decoration Day is a late spring or summer tradition that involves cleaning a community cemetery decorating it with flowers holding a religious service in the cemetery and having dinner on the ground These commemorations seem to predate the post Civil War celebrations that ultimately gave us our national Memorial Day Little has been written about this tradition but it is still observed widely throughout the Upland South from North Carolina to the Ozarks Written by internationally recognized folklorist Alan Jabbour and illustrated with more than a hundred photographs taken by Karen Singer Jabbour Decoration Day in the Mountains is an in depth exploration of this little known cultural tradition The Jabbours illuminate the meanings behind the rituals and reveal how the tradition fostered a grassroots movement to hold the federal government to its promises about cemeteries left behind when families were removed to make way for Fontana Dam and Great Smoky Mountains National Park Richly illustrated and vividly written Decoration Day in the Mountains presents a compelling account of a widespread and long standing Southern cultural practice

**Mixed Heritage in the Family** Carolyn Liebler, Miri Song, 2025-05-15 As interracial unions and multiracial people become more common in the United States mixed heritage people have come to be regarded by some as a bellwether of race relations in the country Is the growth of this population a sign that we are now in a post racial era and our racial identities no longer impact our daily lives In Mixed Heritage in the Family sociologists Carolyn A Liebler and Miri Song explore how racially mixed people navigate racial boundaries as they choose spouses and raise families Liebler and Song break new ground by being the first to combine and integrate the study of three aspects of life for people of mixed racial

heritage identity spouse choice and childrearing This integrated approach reveals how complicated racial identification can be and how it can be expressed in one's choice of partner or in how one raises their children The authors draw on census data and interviews with Asian White Black White and American Indian Alaska Native White mixed people to better understand how their identity choices are related to their choice of spouse and how they racially identify and raise their children Increasingly mixed people in the United States are identifying with multiple races However the authors find that mixed race people are not a monolith and that how and why they identify varies considerably between and within each group They found several common factors that influenced whether mixed race people choose to identify as biracial solely White or solely as a racial minority These factors include the history of the specific minority race in the U S the racial demographics of where they were raised their social and cultural exposure to their White and non White backgrounds their attachment to their racial backgrounds and how they are seen racially by others The way mixed heritage people identify was closely tied to the race of their spouse However having a White spouse did not necessarily mean the mixed race person felt disconnected from their non White heritage White spouses varied in their racial consciousness and their interest in the culture of their mixed race spouse's minority ancestry The spouse's race and the nature of racial overlap between the spouses was also key in the racial upbringing of a mixed heritage person's child In families where the parents share a minority racial heritage couples lean into their shared family race which guides their parenting choices and family life Many mixed heritage parents found it important to foster racial pride in their children and combat negative racial stereotypes Liebler and Song caution against making superficial predictions about the state of race relations in the U S based on an increase in the multiracial population They show that race has not become less salient in the lives of many mixed race people American society is not post racial Mixed Heritage in the Family breaks new ground provides compelling insights in its examination of the lives of mixed race people and shows how complicated racial identification can be
