Peoples Of The World Customs And Cultures:

Peoples of the World Amiram Gonen, Barbara P. Sutnick, 1998-01-01 An encyclopedia of world peoples combining anthropological and social information both historical and current on the status of ethnic groups worldwide **Peoples of the World** Amiram Gonen, 1998 An encyclopedia of world peoples combining anthropological and social information both historical and current on the status of ethnic groups worldwide **Native Peoples of the World** Steven L. Danver, 2015-03-10 This work examines the world's indigenous peoples, their cultures, the countries in which they reside and the issues that impact these groups **The World's Peoples** Augustus Henry Keane, 1908 *State of the World's Minorities and Indigenous Peoples 2016* Peter Grant, 2016-07-12 The unique cultures of minorities and indigenous peoples worldwide spanning a wide variety of customs and practices are under threat. This year's edition of *State of the World's Minorities and Indigenous Peoples* highlights the impact of land dispossession, forced assimilation, and other forms of discrimination on the most fundamental aspects of their identity, including language, art, traditional knowledge, and spirituality. But while the effects of this attrition can be devastating, minority and indigenous cultures have also been critical in strengthening communities and providing activists with a platform to fight for their rights. As this volume illustrates, ensuring that the cultural freedoms of minorities and indigenous peoples are protected is essential if their other rights are also to be respected *The Cultures and Traditions of Biannah* Charles Bowi Anak Mayot, 2024-05-01 Bidayuh is one of the largest ethnic groups in Sarawak, Malaysia. Annah Rais is a popular tourism destination as one of the only Bidayuh villages still maintain traditional longhouse elements that attract tourists from local and abroad. Under Dayak Bidayuh National Association (DBNA), the book will be one of the collection and source of information for Bidayuh in the area. They will use the book as a written record and study as this will be the first written account of Bidayuh Annah Rais Longhouse where this book originated. Had been written by the villagers, it will be used as a tourist guide reference book that needs to bring tourists coming to the Annah Rais Local University, which will also be interested to get the copies for their study and research **The Primitive Mind and Modern Man** John Alan Cohan, 2010-12-30 This book is in the field of trans-cultural psychology and is intended for college courses in anthropology and psychology and general readership. The book focuses on intriguing facts about primitive cultures around the world and provides insights into living traditions and different world views. A principal theme of the book is that we can gain a better understanding of ourselves by a detour to other cultures. The book shows how modern ways of thinking are parallel to those of primitive cultures and engages readers to become more aware of who they are. As shown throughout the book, there is not after all a very wide gulf between primitive and modern cultures. The book covers many topics including animism, shamanism, totemism, hunting and cultivation, rituals, altered states of consciousness, envy, and the evil eye, how people deal with conflicts, potlatches, cargo cults, how people satisfy the need for social approval, culture-bound syndromes, folk medicine, treatment of women, raising of children, nomadic peoples, treatment of the dead, and other topics *The Perception of People*
