Peoples War The Conditions And The Consequences In China And In South East:

People's War J. L. S. Girling, 1989 **People's War (RLE Modern East and South East Asia)** J.L.S.

Girling, 2017-09-19 This book first published in 1969 casts a critical eye over the problem of insurgency. The author sees insurgency not just as a matter of technique, military tactics or organizational skill, nor as the result of force and fraud, but as people's war: the conditions in which the mass of the people become involved voluntarily or otherwise on either side. He quotes Nasution's statement: 'The guerrilla movement is only the result, not the cause, of the problem. People's war brings the peasantry hitherto ignorant, apathetic or rejected into the political process. For war is the continuation of politics by other means. In Asia this was essentially a peasant's war arising when peasant grievances, interests or demands cannot be met under the existing legitimate but urban or landowner orientated system of rule. It shows little understanding to blame outside intervention when peasant and nationalist unrest leads to revolt. The Chinese Communists did not owe success to Soviet aid; the Vietminh to Chinese assistance or the Vietcong to North Vietnamese intervention. The conclusion applies to governments as to insurgents: no amount of outside aid can win the war for them if they themselves are incapable and the people on whom they depend for support have no will to fight. This book, based on first hand experience of the area and on study of original sources, offers 1. an analysis of people's war in China, Indochina and Vietnam; 2. a critique of US policy in Laos and Vietnam; and 3. a comparison with counter measures in Malaya, the Philippines and Indonesia. It is both original and constructive.

People's War J. L. S. Girling, 1969 *People's War* J. L. S. Girling, 2013-11-05 First published in 1969. The consequences in this book refer to Peking's policy on people's war and to US counter measures and the effect of these in South East Asia. The author argues that on the whole China under Communism was a better place for the majority of people than it was under the Kuomintang. Contents include: Revolution and Intervention in South East Asia; Communist Revolts 1948; Sino Soviet Dispute; US reaction; the Vietnam Commitment; China Conditions for Success; The Struggle for Vietnam; August Insurrection; China in Maphilindo; Lessons from Malaya and the Philippines; Peace and the Tet Offensive. **People's War** Thomas A Marks, Paul Rich, 2019-12-18 Far from being an anachronism, much less a kit bag of techniques, people's war raises what has always been present in military history: irregular warfare, and fuses it symbiotically with what has likewise always been present politically: rebellion and the effort to seize power. The result is a strategic approach for waging revolutionary warfare: the effort to make a revolution. Voluntarism is wedded to the exploitation of structural contradiction through the building of a new world to challenge the existing world through formation of a counterstate within the state in order ultimately to destroy and supplant the latter. This is a process of far greater moment than implied by the label guerrilla warfare, so often applied to what Mao and others were about. This volume deals with the continuing importance of Maoist and post Maoist concepts of people's war. Drawing on a range of examples that include Peru, Colombia, Bolivia, the Caucasus and Afghanistan, the collection shows that the study of people's war is not just an historical curiosity but vital to the understanding of contemporary

insurgent and terrorist movements The chapters in this book were originally published as a special issue of Small Wars Insurgencies **People's War** J. L. S. Girling, 2016-01-31 First published in 1969 The consequences in this book refer to Peking's policy on people's war and to US counter measures and the effect of these in South East Asia The author argues that on the whole China under Communism was a better place for the majority of people than it was under the Kuomintang Contents include Revolution and Intervention in South East Asia Communist Revolts 1948 Sino Soviet Dispute US reaction the Vietnam Commitment China Conditions for Success The Struggle for Vietnam August Insurrection China in Maphilindo Lessons from Malaya and the Philippines Peace and the Tet Offensive **From People's War to People's Rule** Timothy J. Lomperis, 2000-11-09 Timothy Lomperis persuasively argues the ironic point that the lessons of American involvement in Vietnam are not to be found in any analysis of the war by itself Rather he proposes a comparison of the Vietnam experience with seven other cases of Western intervention in communist insurgencies during the Cold War era China Indochina Greece the Philippines Malaya Cambodia and Laos Lomperis maintains that popular insurgencies are manifestations of crises in political legitimacy which occur as a result of the societal stresses caused by modernization Therefore he argues any intervention in a people's war will succeed or fail depending on how it affects this crisis The unifying theme in the cases Lomperis discusses is the power of land reform and electoral democracy to cement political legitimacy and therefore deflect revolutionary movements Applying this theory to the ongoing Sendero Luminoso insurgency in Peru Lomperis makes a qualified prediction of that conflict's outcome He concludes that a global trend toward democratization has produced a new era of people's rule *People's War* John J. S. Girling, 1969 After the Massacre Heonik Kwon, 2006-11-10 Though a generation has passed since the massacre of civilians at My Lai the legacy of this tragedy continues to reverberate throughout Vietnam and the rest of the world This engrossing study considers how Vietnamese villagers in My Lai and Ha My a village where South Korean troops committed an equally appalling though less well known massacre of unarmed civilians assimilate the catastrophe of these mass deaths into their everyday ritual life Based on a detailed study of local history and moral practices *After the Massacre* focuses on the particular context of domestic life in which the Vietnamese villagers interact with their ancestors on one hand and the ghosts of tragic death on the other Heonik Kwon explains what intimate ritual actions can tell us about the history of mass violence and the global bipolar politics that caused it He highlights the aesthetics of Vietnamese commemorative rituals and the morality of their practical actions to liberate the spirits from their grievous history of death The author brings these important practices into a critical dialogue with dominant sociological theories of death and symbolic transformation Social Dialectics Anouar Abdel-Malek, 1981-01-01 In *Nation and Revolution* Anouar Abdel Malek examines the dynamics of power and social change and shows how the super imposition of new geopolitics on the existing order of national states has brought about the primacy of the political in contemporary history Taking issue with those who maintain that the Western proletariat constitutes the main impetus for social change today Abdel Malek
