Jackson,2012-05-01 A lucid often pithy history of the eastern Gulf Coast vacation destination by an Alabama native who is a talented storyteller as well as a scholar Washington Times In The Rise and Decline of the Redneck Riviera Southern historian Harvey H Jackson presents a cultural history of the coastal region stretching from Mobile Bay and Gulf Shores Alabama to Panama City Florida an area known as the Redneck Riviera Jackson chronicles the evolution of the area from the late 1920s when it was sparsely populated with small fishing villages through to the devastating BP Deepwater Horizon oil spill of 2010 With both personal and historical perspectives Jackson explores the area s development as a middle and working class vacation destination following World War II the building boom of the fifties and sixties and the emergence of the Spring Break season He tracks the hurricanes that destroyed historic construction the building boom that brought high rise condos and the effects of the 2008 housing market crash While his major focus is on the social cultural and economic development he also documents the environmental and financial impacts of natural disasters and the politics of beach access and dune and sea turtle protection Redneck Riviera James Hooker,2023-11-03 After being laid off from his executive job with a California high tech company a man and his wife decide to leave the rat race and move to a tropical island on the coast of North Carolina The culture of the island and its people are completely different from this cosmopolitan couple who struggle to adapt to the island s Southern down home Redneck residents From food to local traditions the author documents his humorous journey in a classic tale of a clash of cultures What could possibly go wrong when Yankee meets Redneck About the Author James Hooker has spent over thirty years in research and technology in California s Silicon Valley He is a former vice president of global sales and has travelled extensively throughout Asia Pacific Japan and Europe He and his wife have been married for 21 years After living on North Carolina s coast for four years they moved north and currently live in Rhode

Island where he continues to write with the assistance of their two cats **By Red Neck Crick** Ivan Pasztor,2011-05 This book is a work of fiction but it predicts a Happening or Event that I can guarantee will occur And the way I know is that it has already occurred several times Never has the Earth or the people on it been so ill prepared to deal with it And never has it been so long overdue as it is now What if in a year a few years or your lifetime but within a 24 hour duration an Event occurred that destroyed nothing and killed no people at least directly but changed the Earth so drastically and overwhelmingly your mind would marvel at its occurrence but dread its ramifications What if the Event took us literally back in time leveled the playing field for all religions and societies made all men and women equal and made money power and military force if not non existent than practically useless as a means of manipulation Who would be best equipped to carry on in this New Age this Brave New World Would you The Colonial Present Kerry Coast,2013-10-23 No treaties were made with indigenous nations residing in those territories where now there is a Canadian province called British Columbia Instead a breathtaking policy of criminalization assimilation and land rights and sovereignty extinguishment has been vigorously carried out against them Present day governments continue that approach now 150 years old in processes which have recently been re named and cosmetically improved but remain unconstitutional and are prohibited by the 1948 Genocide Convention which terms as genocide inter alia deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part Neither Britain nor Canada nor the settlers of British Columbia themselves have ever honourably addressed the peoples whose lands and resources form British Columbia The indigenous nations in what is now called British Columbia have never joined Canada but had citizenship imposed on them The province of BC has never fulfilled Canada s constitutional requirements of purchasing lands from the indigenous owners before settling The ongoing colonization of British Columbia relies on the settler population s indifference to the indigenous peoples plights and rights The Colonial Present documents the colonizer s manufacture of a new mythology to dehumanize the native peoples and strip them of their rightful place The interests of resource industries have dominated accounts of indigenous peoples throughout the mainstream media the academic presses and the courts They have substantially corrupted and impoverished the non native understanding of indigenous peoples on whose homelands they live and work and to which they seem to feel entitled The indigenous nations and individuals have suffered excruciating losses But the highest expression of official BC aspirations for reconciliation is only that they should release title to their homelands accept a small financial land and program funding settlement and submit to the British Columbia Treaty Commission agenda reducing them in legal terms to incorporated associations exercising management capacities barely distinguishable from those of BC municipalities while by fee simple title their lands and rich resources are ceded to the Queen This book is an exploration of how such a stunning string of events has happened and British Columbians continuing attempts to rationalize them
