

Towards a theory of organized crime: some preliminary reflections¹

Letizia Paoli

University of Leuven

Published in Georgios A. Antonopoulos, ed., 2016. *Illegal Entrepreneurship, Organized Crime and Social Control: Essays in Honor of Professor Dick Hobbs*. New York: Springer: 3-18.

We owe Dick Hobbs some of the most insightful and lively analyses of professional and organized crime (e.g., 1988; 1995; 2013; Pearson and Hobbs, 2001). In his latest book *Lush Life*, Dick Hobbs (2013) has also magisterially shown how the term “organized crime” has since the 1990s been misused by skillful moral entrepreneurs and politicians to signify the growing popular concern for crime and the increasing insecurity of our late modern societies and to justify far-reaching legal and institutional reforms at both the national and international level.

Given the public concern about organized crime and the vast array of legal and institutional reforms adopted to control it, it is important to reflect upon the determinants of organized crime. Without a better understanding of these determinants and the causal models linking them to the different forms of organized crime, in fact, policy interventions risk selecting unrealistic goals or even obtaining counterproductive results. Yet this avenue has not been systematically pursued. Even though research on organized crime has greatly expanded over the past 25 years, most studies are descriptive, tend to focus on specific phenomena and/or are often circumscribed to single national or even sub-national contexts, reflecting the difficulties of the empirical data collection (see Hobbs and Antonopoulos, 2014, for a review of the research methods used). As a result, comparative research has remained very limited (see Fijnaut and Paoli, 2004 for an isolate case) and no systematic attention has so far been given to the causes of organized crime (for an overview of recent research, see Paoli, 2014).

¹ This chapter is to a large extent based on Paoli (2013) and (2014a).

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
