

Reflections On The Cultural Revolution Canons And Disciplinary Change

Michael Savage

Reflections On The Cultural Revolution Canons And Disciplinary Change:

Canon Vs. Culture Jan Gorak, 2013-06-17 Canon Vs Culture explores the consequences of one of the main educational shifts of the last quarter century the changes from academic inquiry conducted through a selected list of accepted authorities to an investigation of the cultural operations of an entire society

The Quest for Context and Meaning Talmon, Craig A. Evans, 2021-11-15 This collection of studies is published in honor of Professor James A Sanders a leading scholar in the fields of the canon of Scripture textual criticism and the relationship of the two Testaments Contributors include leading scholars in these and related fields of study The studies investigate in what ways the early sacred tradition was interpreted and how this tradition takes new shape in the Jewish and Christian communities of faith Included are studies of Jesus understanding of Scripture Paul's interpretation of Scripture and the ways in which Scripture was interpreted by the Rabbis In many instances novel interpretations and new approaches to old problems are offered Advanced students and veteran scholars will enjoy the many insights and provocative new ideas

A Gift of God in Due Season Richard D. Weis, David M. Carr, James A. Sanders, 1996-11-01 This volume of essays addresses from a variety of vantage points the relation of scriptures and community that has been so central to the canonical critical work of James A Sanders The first part of the volume focuses on the formation of the Jewish and Christian canons and texts in them while the second part looks at ancient and modern appropriations of canonical texts Together these essays show the multiple potential links between canonical criticism and historical literary feminist and other approaches in contemporary biblical studies

Reflections on the Classical Canon in Economics Evelyn L. Forget, Sandra Peart, 2000-09-28 In this discipline defining volume some of the leading international scholars in the history of economic thought re-examine the concepts of classical economics and the canon illuminating the roots and evolution of the contemporary discipline

A Short Guide to Writing about Literature Sylvan Barnet, William E. Cain, 2005 The tenth edition of A Short Guide to Writing about Literature continues to offer students sound advice on how to become critical thinkers and enrich their reading response through accessible step by step instruction This highly respected text is ideal as a supplement to any course where writing about literature or literary studies is emphasized New to the Tenth Edition A prefatory Letter to Students introduces students to the importance of writing about literature New Chapter 1 What Is Literature and Why Write About It Chapter 2 features new material on critical thinking Epigraphs have been added to the beginning of each chapter to engage the attention of students and instructors Seventeen Rules for Writers have been added to various chapters Tips and practical suggestions are highlighted throughout the text Four checklists have been added basic matters revising for clarity revising for conciseness and reviewing a revised draft Two poems one by Emily Dickinson and one by Edna St Vincent Millay and a fable by Aesop have been added Book jacket

Forthcoming Books Rose Arny, 2000

Georg Simmel and the Disciplinary Imaginary Elizabeth S. Goodstein, 2017-01-04 An internationally famous philosopher and best selling author during his lifetime Georg Simmel has been marginalized in contemporary intellectual and

cultural history This neglect belies his pathbreaking role in revealing the theoretical significance of phenomena including money gender urban life and technology that subsequently became established arenas of inquiry in cultural theory It further ignores his philosophical impact on thinkers as diverse as Benjamin Musil and Heidegger Integrating intellectual biography philosophical interpretation and a critical examination of the history of academic disciplines this book restores Simmel to his rightful place as a major figure and challenges the frameworks through which his contributions to modern thought have been at once remembered and forgotten

New Directions in Social Theory Kate Reed, 2006-05-18 This book contributes to the growing debates about social theory and its role through a discussion of the ways in which gender and race contributed to the exclusion of important thinkers from the sociological canon John Hughes Lancaster University Who makes up the canon of sociology and who doesn't Does sociology need a canon in the first place Beyond Social Theory offers an innovative and passionate contribution to debates on the history and development of sociology and the exclusion of theorists who are female black or both from the mainstream of social theorizing With compelling biographical sketches bringing the dynamics behind the canon to life Kate Reed focuses sharp analysis on the exclusion of theorists on race and gender from important debates on inequality An important contribution to the debate on non exclusionary theory this book critically examines existing accounts of the history of the discipline situating the development of social theory within a wider social and political context

Identities and Social Change in Britain Since 1940 Michael Savage, 2010-05-13 Identities and Social Change in Britain since 1940 examines how between 1940 and 1970 British society was marked by the imprint of the academic social sciences in profound ways which have an enduring legacy on how we see ourselves It focuses on how interview methods and sample surveys eclipsed literature and the community study as a means of understanding ordinary life The book is the first to draw extensively on archived qualitative social science data from the 1930s to the 1960s which it uses to offer a unique personal and challenging account of post war social change in Britain It also uses this data to conduct a new kind of historical sociology of the social sciences one that emphasises the discontinuities in knowledge forms and which stresses how disciplines and institutions competed with each other for reputation Its emphasis on how social scientific forms of knowing eclipsed those from the arts and humanities during this period offers a radical re thinking of the role of expertise today which will provoke social scientists scholars in the humanities and the general reader alike

Handbook of Research on Cross-Cultural Approaches to Language and Literacy Development Smith, Patriann, Kumi-Yeboah, Alex, 2015-08-04 With rapid technological and cultural advancements the 21st century has witnessed the wide scale development of transnationalist economies which has led to the concurrent evolution of language and literacy studies expanding cross cultural approaches to literacy and communication Current language education applies new technologies and multiple modes of text to a diverse range of cultural contexts enhancing the classroom experience for multi lingual learners The Handbook of Research on Cross Cultural Approaches to Language and Literacy Development provides an authoritative exploration of cross cultural

approaches to language learning through extensive research that illuminates the theoretical frameworks behind multicultural pedagogy and its myriad applications for a globalized society With its comprehensive coverage of transnational case studies trends in literacy teaching and emerging instructive technologies this handbook is an essential reference source for K 20 educators administrators in school districts English as a Second Language ESL teachers and researchers in the field of Second Language Acquisition SLA This diverse publication features comprehensive and accessible articles on the latest instructional pedagogies and strategies current empirical research on cross cultural language development and the unique challenges faced by teachers researchers and policymakers who promote cross cultural perspectives
