Reform, Planning, and City Politics Harold Kaplan, 1982 **City Politics, Canada** James Lightbody, 2006-01-01 City Politics Canada will both irritate and please but it should be read it raises all the important questions about urban governance in Canada Caroline Andrew Centre on Governance University of Ottawa **Changing Social Geography of Canadian Cities** Larry S. Bourne, David Ley, 1993 The contributors to this volume demonstrate the richness and diversity of the social landscapes and communities in Canadian urban centres emphasizing changes which occurred in the period from the mid 1960s to the early 1990s The nineteen non technical and integrative essays include reviews of the literature empirical studies and discussions of policy issues CONTENTS Introduction The Social Context and Diversity of Urban Canada David F Ley and Larry S Bourne Part One Patterns People and Place in Urban Canada Evolving Urban Landscapes D W Holdsworth Measuring the Social Ecology of Cities W K D Davies and R A Murdie Demography Living Arrangement and Residential Geography J R Miron Urban Social Behaviour in Time and Space D G Janelle Part Two Contexts Social Structure and Urban Space Migration Mobility and Population Redistribution E G Moore and M W Rosenberg The Emerging Ethnocultural Mosaic S H Olson and A L Kobayashi Work Labour Markets and Households in Transition D Rose and P Villeneuve Housing Markets Community Development and Neighbourhood Change Larry S Bourne and T Bunting Part Three Places Selected Loci Integrating Production and Consumption Industry Class Ethnicity and the Jews of Toronto D Hiebert Past Elites and Present Gentry Neighbourhoods of Privilege in the Inner City David F Ley From Periphery to Centre The Changing Geography of the Suburbs L J Evenden and G E Walker The Social Geography of Small Towns J C Everitt and A M Gill Part Four Needs Social Well being and Public Policy Social Planning and the Welfare State J T Lemon The Meaning of Home Home Ownership and Public Policy R Harris and G J Pratt Homelessness M J Dear and J Wolch Geography of Urban Health S M Taylor Changing Access to Public and Private Services Non family Childcare S Mackenzie and M Truelove Cities as a Social Responsibility Planning and Urban Form P J Smith and P W Moore **Property Wrongs** Doug Smith, 2023-04-13T00:00:00Z Until 1969 the City of Winnipeg had undertaken only two public housing projects even though the failure of the market to provide adequate housing for low income Winnipeggers had been apparent since the beginning of the century By 1919 providing housing was a significant issue in municipal politics that was embraced by civic officials professionals reformers labour leaders and social democratic politicians It also became a proxy issue for refighting the 1919 General Strike at city hall However Winnipeg's business community proved effective opponents of public housing The struggle for public housing was also a struggle for democracy Up until the 1960s public housing required approval by a referendum in which only the city's property owners could vote This rule deprived close to half the city's voters and virtually everyone who might qualify to live in public housing of the right to vote Over decades that barrier to democracy was whittled away An NDP provincial government elected in 1969 added 11 144 units of public housing to the existing 568 units Today

public housing is once more under attack Rather being treated as valued public assets they are considered embarrassing encumbrances that should be sold as part of a process of turning public housing over to the private sector The struggle to protect and expand the provision of non profit housing is undermined by the rupture in political memory of the long struggle to build public housing and the current political situation

Local Parties In Political And Organizational Perspective

Martin R. Saiz, 2021-10-28 Analyzes relations between political party systems and local communities in the United States Canada Great Britain Germany Italy and other nations This book addresses an almost completely neglected branch of community politics the comparative analysis of local political systems Accordingly Local Parties in Political and Organizational Perspective opens new views to a variety of relations between political systems and local communities in the United States Canada Great Britain Italy Germany and other nations The authors unite specific national case studies with an original theoretical framework resulting in an anthology with uncommon coherency Theoretical generalizations are tested with cross national data each case study in turn demonstrates a localized version of the larger framework using specific historical political outcomes as examples This book addresses an almost completely neglected branch of community politics the comparative analysis of local political systems Accordingly Local Parties in Political and Organizational Perspective opens new views to a variety of relations between political systems and local communities in the United States Canada Great Britain Italy Germany and other nations The authors unite specific national case studies with an original theoretical framework resulting in an anthology with uncommon coherency Theoretical generalizations are tested with cross national data each case study in turn demonstrates a localized version of the larger framework using specific historical political outcomes as examples Local Parties in Political and Organizational Perspective argues that local political parties should be understood as Janus faced components of nationally encompassing organizations on the one hand and specific actors in community politics on the other As such local parties necessarily act as the primary democratic institutions that link ordinary citizens to local governmental institutions and transitively to the national political system By linking ordinary citizens and the most basic local organizations with national politics Local Parties in Political and Organizational Perspective adds significantly to the collective understanding of the nature and status of local parties in mature and developing democracies

Governing the Island of Montreal Andrew Sancton, 2023-04-28 Located at the junction of the St Lawrence and Ottawa rivers Montreal Island is the main contact point between French and English Canadians Prior to Quebec's Quiet Revolution of the 1960s local governments in Montreal both reflected and perpetuated the mutual isolation of French and English Residential concentration in autonomous suburbs together with self contained networks of schools and social services enabled English speaking Montrealers to control the city's economy and to conduct their community's affairs with little regard for the French speaking majority The modernization of the Quebec state in the 1960s dramatically challenged this arrangement The author demonstrates how the English speaking politicians in cooperation with certain French speaking

allies have succeeded in preventing the wholesale adoption of ambitious schemes for metropolitan reorganization. He describes the workings of a society divided by language and ethnicity where the pervasiveness of the politics of language impedes all plans for comprehensive metropolitan reform. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Cities in Transition Nirmala Rao, 2008-01-07 This is an up to date and topical treatment of how six major cities in Europe, North America and Asia are coping with the new demands on urban government. Population expansion, the migration of new peoples and disparities between cities and suburbs are longstanding features of the urban crisis. Today city governments also face demands for popular participation and better public services while they struggle to position themselves in the new world economy. While each of the cities is located in its unique historical setting, the emphasis of the book is upon the common dilemmas raised by major planning problems and the search for more suitable approaches to governance and citizen involvement. A principal theme is the re-engineering of institutional structures designed to foster local responsiveness and popular participation. The discussion is set in the context of the globalizing forces that have impacted to different degrees at different times upon London, Tokyo, Toronto, Berlin, Hyderabad and Atlanta. *Cities in Transition* is a major and original addition to the comparative literature on urban governance.

The Comparative Study of Local Government and Politics Harald Baldersheim, Hellmut Wollmann, 2006-10-24 The book provides a state of the art of local government studies with an emphasis on contributions by political science. Particular attention is paid to the development of the research agenda in the field of which a potential future development is outlined.

Alberta's Local Governments: Politics and Democracy Jack Masson, Edward C. LeSage, 1994 During the last decade Alberta municipalities have endured hardships they have not faced since the Great Depression. Changes in the province's political structures appear to have been made primarily to transfer a greater share of the costs of local government to the municipalities yet surprisingly few municipal politicians have resisted the province's financial policies.

Winnipeg Modern Serena Keshavjee, 2006-09-15 A vivid, stylish and fascinating look at internationally acclaimed architects and their work. Beginning in the 1940s, John A. Russell, dean of the School of Architecture at the University of Manitoba, nurtured a strong tradition of Modernist design with close connections to architectural giants such as Mies van der Rohe and Walter Gropius. Under Russell's guidance, a generation of young architects such as James Donahue and David Thordarson adapted the principles of European Modernism to the prairie geography. Other nationally renowned architects such as Pierre Tiennot and Gustavo da Roza also left a lasting Modernist mark on Winnipeg's skyline and private residences. Edited by Serena Keshavjee and designed by architect Herbert Enns, *Winnipeg Modern* captures the grace and beauty of the Modernist period and includes critical and historical essays on the aesthetic and social project of Modernist

architecture in Winnipeg Lavishly illustrated with 300 photographs from provincial archives the private archives of architect Henry Kalen and contemporary photographer Martin Tessler this book is a testament to the Modernist principles of structural expression and purity of form
