- Popes also helped to reform the Church.
- In 1534, Pope Paul III took four important steps towards reform:
 1. He had the council of cardinals investigate abuses within the Church.
 2. Approved the Jesuit order

A Guide to Biblical Commentaries and Reference Works John F. Evans, 2016-05-03 A Guide to Biblical Commentaries and Reference Works by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its interpretive usefulness especially for evangelical interpreters of the Bible A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators More scholarly books receive a longer more detailed treatment than do lay commentaries and highly recommended commentaries have their author s names in bold The author keeps up on the publication of commentaries and intends to update this book every three to four years Richard Hooker and Reformed Orthodoxy W. Bradford Littlejohn, Scott N. Kindred-Barnes, 2017-03-13 For more than forty years now there has been a steady stream of interest in Richard Hooker This renaissance in Hooker Studies began with the publication of the Folger Library Edition of the Works of Richard Hooker With this renaissance has come a growing recognition that it is anachronistic to classify Hooker simply as an Anglican thinker but as yet no generally agreed upon alternative label or context for his thought has replaced this older conception in particular the question of Hooker s Reformed identity remains hotly contested Given the relatively limited engagement of Hooker scholarship with other branches of Reformation and early modern scholarship to date there is a growing recognition that Hooker must be evaluated not only against the context of English puritanism and conformism but also in light of his broad international Reformed context At the same time it has become clear that if this is so scholars of continental Reformed orthodoxy must take stock of Hooker s work as one of the landmark theological achievements of the era This volume aims to facilitate this long needed conversation bringing together a wide range of scholars to consider Richard Hooker s theology within the full context of late 16th and early 17th century Reformed orthodoxy both in England and on the Continent The essays seek to bring Hooker into conversation not merely with contemporaries familiar to Hooker scholarship such as William Perkins but also with such contemporaries as Jerome Zanchi and Franciscus Junius predecessors such as Heinrich Bullinger and successors such as John Davenant John Owen and Hugo Grotius In considering how these successors of Hooker identified themselves in relation to his theology these essays will also shed light on how Hooker was perceived within 17th century Reformed circles The theological topics touched on in the course of these essays include such central issues as the doctrine of Scripture predestination Christology soteriology the sacraments and law It is hoped that these essays will continue to stimulate further research on these important questions among a wide community of scholars **Book 2 Philosophy PB** Kurt Jurgensmeier, 2012-08-22 What is God s purpose for human reason About 2000 years ago the crucifier of the truth asked Jesus What is truth John 18 38 Such questions are fundamental to human life and make up the field of epistemology It reminds us that there is a human being between us and God Epistemology has been a hot topic in Christian theology because of how our postmodern culture has questioned the very

foundations of knowledge and truth It is also an important part of a systematic theology as it is helpful to understand how we know what is true before deciding what is true This is why Calvin began his Institutes discussing the knowledge of our self before the knowledge of God Thomas Oden has said No study of God is complete without dealing with the limits and resources of human reasoning in God s presence While many modern Christian philosophers are neglecting the God given place of human reason in the process of divine revelation we defend it here and offer several critiques of popular views
