The Deliverance of God Douglas A. Campbell, 2009-08-07 This book breaks a significant impasse in much Pauline interpretation pushing beyond both Lutheran and New perspectives on Paul to a non contractual apocalyptic reading of many of the apostle s most famous and most troublesome texts His strongly antithetical vision identifies participation in Christ as the sole core of Pauline theology and produces the most radical rereading of Romans 1 4 for more than a generation Even those who disagree will be forced to clarify their views as never before

Goncharenko, 2011-12-16 Is church discipline really necessary One sixteenth century Anabaptist reformer certainly thought so A contemporary of Luther and Zwingli Balthasar Hubmaier believed that church discipline was so important that he included the doctrine in every major area of his theology Not only did church discipline appear in his doctrine of humanity salvation and the church as a theoretical construct but he also included practical instructions regarding its implementation in the life of the church In this book Goncharenko examines Hubmaier's teaching on discipline and considers its relevance to the church today *The Reformation Theologians* Carter Lindberg, 2017-09-05 The Reformation Theologians is the ideal introduction to the study of the sixteenth century Reformations It introduces the theological context though and contributions of theologians from this period offering students and scholars an essential resource and insight This comprehensive and lively book discusses all the major strands of Reformation thought and explores the work of a range of influential figures including theologians and non theologians humanists clergy and laity men and women The contributors to this volume are leading scholars in the field of historical and systematic theology Accessibly structured it covers the Humanist Lutheran Reformed Roman Catholic and Radical Theologians An introductory chapter explores the interpretations of the Reformation and a concluding chapter explains the influence of Reformation theologies on the modern period The text also includes useful bibliographies and a glossary of theological terms Justified in Christ Chris Castaldo, 2017-01-26 Analyzing and comparing the doctrines of justification held by a legendary nineteenth century Catholic John Henry Newman and an Italian hero of the Reformation Peter Martyr Vermigli this book uncovers abiding opportunities as well as obstacles at the Catholic Protestant divide These earnest scholars of the faith were both converts moving in opposite directions across that divide and as a result speak to us with an extraordinary degree of credibility and insight In addition to advancing scholarship on several issues associated with Newman's and Vermigli's doctrines and illuminating reasons and attendant circumstances for conversion across the Tiber the overall conclusions of this study offer a broader range of soteriological possibilities to ecumenical dialogue among Roman Catholics and Reformed Protestants by clarifying the common ground to which both traditions may lay claim **The Spiritual Virtuoso** Marion Goldman, Steven Pfaff, 2017-12-14 Marion Goldman and Steven Pfaff define a spiritual virtuoso as someone who works toward personal purification and a sense of holiness with the same perseverance and intensity that virtuosos strive to excel in the arts or athletics Since the Protestant Reformation activist virtuosos have come together in large and small social movements to redefine the meanings of spiritual practice support religious equality and transform a wide range of social institutions Tracing the impact of spiritual virtuosos from the sixteenth century Reformation

through the nineteenth century Anti Slavery Movement to the twentieth century Human Potential Movement and beyond Marion Goldman and Steven Pfaff explore how personal virtuosity can become a social force Martin Luther began to expand spiritual possibilities in the West when he charted paths that did not require the Church's intercession between the individual and God He believed that everyone could and should reach toward sacred truths and transcendent moments Over the centuries millions of people have built on his innovations and embarked on spiritual quests that offer new possibilities for sacred relationships and social change

The Devil behind the Surplice Wade Johnston, 2018-01-16 Between 1548 and 1551 controversies over adiaphora or indifferent matters erupted in both Germany and England Matthias Flacius Illyricus in Germany and John Hooper in England both refused to accept among other things the same liturgical vestment the surplice While Flacius objections to the imperial liturgical requirements were largely contextual because the vestments and rites were forced on the church and were part of a recatholicizing agenda Hooper protested because he was convinced that disputed vestments and rites lacked a biblical basis The Devil behind the Surplice demonstrates that while Flacius fought to protect the reformation principle of justification by grace alone through faith alone Hooper strove to defend the reformation principle that Scripture alone was the source and norm of Christian doctrine and practice Ultimately Flacius wanted more Elijahs prophets to guide a faithful remnant and Hooper wanted a new Josiah a young reform king to purify the kingdom and strip it of idolatry

The Singing of the Strasbourg Protestants, 1523-1541 Daniel Trocme-Latter, 2016-03-09 This book explores the part played by music especially group singing in the Protestant reforms in Strasbourg It considers both ecclesiastical and popular songs in the city how both genres fitted into people's lives during this time of strife and how the provision and dissemination of music affected the new ecclesiastical arrangement

Justification as the Speech of the Spirit Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e.g. the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer's righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine's typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly As a result there is no need to redefine the theology of the Reformers and their successors

Pentecostal Aspects of Early Sixteenth-century Anabaptism Charles Hannon Byrd II, 2019-04-04 Early sixteenth century radical Anabaptism emanated in Swiss protest during Huldrych Zwingli's protest against the Roman Catholic Church Much like Luther Zwingli

founded his reform effort on the premise that the Bible was the sole arbiter of the Christian faith sola scriptura and the sufficiency of the shed blood of Christ for eternal salvation sola fide Based on these two principles both Zwingli and Luther adopted the doctrine of the priesthood of the believer which recognized every believer's Spirit-empowered ability to read and interpret the Bible Radical adherents to Zwingli first rejected the idea of infant baptism which Zwingli continued to practice This led to the radical practice of the rebaptism of adults which was subsequently labeled as Anabaptism These Anabaptists also interpreted 1 Corinthians 12:14 Paul's description of the manifestation of the gifts of the Holy Spirit as the biblical format for conducting proper church This direction led Zwingli and the city of Zurich to outlaw the Anabaptists and their practices which brought severe persecution and martyrdom

Early French Reform Jason Zuidema, Theodore Van

Raalte, 2016-04-29 Reminding us that the Genevan Reformation does not begin and end with John Calvin this book provides an introduction to Guillaume Farel 1489-1565 one of several important yet often overlooked French-speaking reformers Born in 1489 near Gap France Farel was an important first-generation French-speaking Reformer and one of the most influential early leaders of the Reform movement in what is now French-speaking Switzerland Educated in Paris he slowly began to question Catholic orthodoxy and by the 1520s was an active Protestant preacher resulting in his exile to Switzerland Part of Farel's aggressive work in this area brought him to Geneva several times where in 1535 and 1536 he secured votes in favour of the Reform and later in 1536 persuaded the young theologian John Calvin to stay Farel also penned Geneva's confession of faith of that year and their ecclesiastical articles of the next As such this volume underlines the fact that Calvin entered the reform movement in Geneva in a situation in which Farel had been already deeply involved To better understand that situation the book is divided into two parts The first provides a rich and nuanced portrait of Farel's early thought by way of interpretive essays the second section offers translations of a number of Farel's key texts These translations include some of the first widely accessible full-length translations of Farel's work into English Offering both a scholarly overview of Farel and his life and access to his own words this book demonstrates the importance of Farel to the Reformation It will be welcomed not only by scholars engaged in research on French reform movements but also by students of history theology or literature wishing to read some of the earliest theological texts originally written in French

Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2020-11-16 Theodore Beza 1519-1605 was a talented humanist Protestant theologian political agitator and prominent minister of the reformed church in Geneva during

the second half of the 16th century During his long career Beza exercised strategic leadership in his efforts to preserve reformed Christianity in Geneva and his native France as well as to defend the theological legacy of John Calvin throughout Europe Beza s diverse literary corpus of more than seventy works demonstrates that he was well versed in classical literature skilled in biblical exegesis and adroit in theological controversy More than an ivory tower theologian Beza maintained contact with the leading political and religious figures of his day including Henry IV of France and Elizabeth I of England as well as John Calvin Heinrich Bullinger and Philipp Melanchthon He also participated in some of the most important colloquies and controversies of his generation such as the Colloquy of Poissy 1561 the National Synod of La Rochelle 1571 and the Colloquy of Montbliard 1586 This roll call of eminent people and important events indicates the central role that Beza played in the explosive political and religious controversies that roiled Western Europe during this troubled century This edited volume explores neglected aspects of the history theology and literary contribution of Beza The thirteen contributors to this volume are an accomplished group of scholars who specialize in the religious and social history of early modern Protestantism Theodore Beza at 500 celebrates the 500th anniversary of the reformer s birth by providing an original insightful and multifaceted study of one of the most important leaders of reformed Protestantism after John Calvin
