Reformkommunismus Zdeněk Hejzlar, 1976 **Rise and Fall of Communism in Eastern Europe** Ben Fowkes, 2016-07-27 Communist parties came to power in a variety of ways usually by force often with the acquiescence of people who hoped for a better future Then came the imposition of Stalinism The book examines this and subsequent crises in Hungary Poland and Czechoslovakia **Tschechische Republik im Spiegel der deutschsprachigen Literatur der Jahre 1985-1945**, 1996 **Communist Parties Revisited** Rüdiger Bergien, Jens Gieseke, 2018-01-31 The ruling communist parties of the postwar Soviet Bloc possessed nearly unprecedented power to shape every level of society perhaps in part because of this they have been routinely depicted as monolithic austere and even opaque institutions Communist Parties Revisited takes a markedly different approach investigating everyday life within basic organizations to illuminate the inner workings of Eastern Bloc parties Ranging across national and transnational contexts the contributions assembled here reconstruct the rituals of party meetings functionaries informal practices intra party power struggles and the social production of ideology to give a detailed account of state socialist policymaking on a micro historical scale *Eastern Europe 1945-1969* Ben Fowkes, 2014-05-12 Here is an essential short guide to the history of Eastern Europe under the early decades of communist rule The study explores the communists attempt to transpose a uniform economic and social system across the region copied from the Soviet model Dr Fowkes shows how this did not always succeed and he reveals the local variations which became more pronounced after the death of Stalin The book includes detailed analysis of the dramatic events in Poland and Hungary and in the assessment section there is a useful summary of the strengths and weaknesses of the communist model in its heyday It is an illuminating study full of maps and photographs as well as over 30 documents most previously unavailable in English which brings this complex subject alive and helps us to understand the special conditions the people of the region have faced in catching up with the West both in terms of material prosperity and more recently in the establishment of democratic political systems **Deutsche Bibliographie**, 1978
