Bloch, 2002-08-12 The increase in the number of asylum seekers arriving in Europe has placed the issue of migration high on the policy agendas of national governments and the European Union This book analyzes the impact of policy on the social and economic settlement of refugees in Britain in that context The issues explored include current UK and EU migration policy the history of migration to Britain and policy responses theories of migration and migrant settlement social and economic settlement of refugees in Britain including language employment social networks the migratory process community development and policy recommendations **Gendering the International Asylum and Refugee Debate** J. Freedman, 2015-06-23 This revised and updated 2nd edition of Freedman s hard hitting study aims to remedy the current lack of gender specific analyses of asylum and refugee issues It provides a comprehensive account of the situation of women in global forced migration and explains the ways in which women s experiences are shaped by gendered relations and structures
