Grand Canyon National Park (N.P.), Colorado River Management Plan, 2005 [Water Resources Management](#) David Lewis Feldman, 1995-03 In one slim volume Feldman has managed to combine a history of U S water policy two in depth case studies on the politics of water an analysis of the institutional biases affecting U S water policy and a discussion of water policy in France Nor is that all The opening and closing chapters of the work set this panoramic view of water policy within a normative framework derived from theorists as disparate as John Muir and John Rawls Journal of Politics

Annotated Bibliography for Aquatic Resource Management of the Upper Colorado River Ecosystem Richard S. Wydoski, 1980 **Annotated Bibliography for Aquatic Resource Management of the Upper Colorado River Ecosystem**, 1980 The development of water and other natural resources in the Upper Colorado River Basin will continue to have an impact on the ecology of this unique ecosystem Numerous water development projects have been completed on the river others are in progress and still others are contemplated to provide water necessary for municipalities irrigated agriculture and energy production Although much information is already available on this river it is widely scattered in the

published literature and unpublished reports of various state and federal agencies This annotated bibliography contains 1 109 published or readily available unpublished references that should be useful in decisions regarding effective management of the Upper Colorado River Basin Selected key words were assigned to all references and indexed for ease of locating references on particular subjects
