Doll,2016-12-05 Although the importance of Elvis Presley s Southern heritage has long been recognized few have considered the complex connection between the performer s career and his Southern roots This study investigates how that identity affected each stage of Presley s career Elvis Presley s career can be divided into three phases each of which is signified by a specific image Each image is coded by a certain style of music mode of dress and arena of performance The evolution from one career phase to another was instigated by a specific event and represented a deliberate calculation on the part of Presley s manager to attract a wider audience The first stage spans the years 1956 through 1958 after the singer was introduced to a national audience and before he was drafted into the army His image as a notorious rock n roller created a national controversy and was spurred by negative depictions of Presley in the media many attributing his controversial performing style and appearance to his Southern background His music was a fusion of rhythm and blues and country western or two types of music indigenous to the South and foreign to the mainstream entertainment industry based in New York City The second phase of Elvis career included his stint as a movie star in which most aspects of his Southern identity were extracted from his leading man image to enhance his appeal to the mainstream And finally the last stage of his career focused on his image as a Las Vegas performer Despite the gaudy costumes Elvis reconnected to his identity as a Southerner in the 1970s by returning to country music and songwriters as a source of inspiration Western New York Heritage ,2007 **Christgau's Consumer Guide: Albums of the '90s** Robert Christgau,2000-10-15 The Dean of American Rock Critics tackles the decade when music exploded The 90s saw more albums produced and distributed than any other decade It was a fertile era for new genres from alt rock to Afropop hip hop to techno Rock critic Robert Christgau s obsessive ear and authoritative pen have covered it all over 3 800 albums graded and classified from A s to his celebrated turkeys and duds A rich appendix section ensures that nothing s been left out from subjects for further research to everything rocks but nothing ever dies Christgau s Consumer Guide is essential reading and reference for any dedicated listener Going Down the Road Jim Armstrong,2019-10-14 Going Down the Road By Jim Armstrong Jim Armstrong started out following a similar path many
