American Horror Film Steffen Hantke, 2010-09-30 Creatively spent and politically irrelevant the American horror film is a mere ghost of its former self or so goes the old saw from fans and scholars alike Taking on this undeserved reputation the contributors to this collection provide a comprehensive look at a decade of cinematic production covering a wide variety of material from the last ten years with a clear critical eye Individual essays profile the work of up and coming director Alexandre Aja and reassess William Malone's much maligned *FearDotCom* in the light of the torture debate at the end of President George W Bush's administration Other essays look at the economic social and formal aspects of the genre the globalization of the US film industry the alleged escalation of cinematic violence and the massive commercial popularity of the remake Some essays examine specific subgenres from the teenage horror flick to the serial killer film and the spiritual horror film as well as the continuing relevance of classic directors such as George A Romero David Cronenberg John Landis and Stuart Gordon Essays deliberate on the marketing of nostalgia and its concomitant aesthetic and on the curiously schizophrenic perspective of fans who happen to be scholars as well Taken together the contributors to this collection make a compelling case that American horror cinema is as vital creative and thought provoking as it ever was *The Multimedia and CD-ROM Directory*, 1998

Contemporary American Cinema Linda Williams, Michael Hammond, 2006-05-16 One of the rare collections I would recommend for use in undergraduate teaching the chapters are lucid without being oversimplified and the contributors are adept at analyzing the key industrial technological and ideological features of contemporary US cinema Diane Negra University of East Anglia UK Contemporary American Cinema offers a fresh and sometimes revisionist look at developments in the American film industry from the 1960s to the present Readers will find it lively and provocative Chuck Maland University of Tennessee USA Contemporary American Cinema is the book on the subject that undergraduate classes have been waiting for Comprehensive detailed and intelligently organized and written in accessible and compelling prose Contemporary American Cinema will be embraced by instructors and students alike Charlie Keil Director Cinema Studies Program University of Toronto Canada Contemporary American Cinema usefully gathers together a range of materials that provide a valuable resource for students and scholars It is also a pleasure to read Hilary Radner University of Otago New Zealand Contemporary American Cinema deepens our knowledge of American cinema since the 1960s This is an important collection that will be widely used in university classrooms Lee Grieveson University College London UK Contemporary American Cinema is a clear sighted and tremendously readable anthology mapping the terrain of post sixties US cinema with breadth and critical verve Paul Grainge University of Nottingham UK This collection of freshly written essays by leading specialists in the field will most likely be one of the most important works of reference for students and film scholars for years to come Liv Hausken University of Oslo Norway Contemporary American Cinema is the first comprehensive introduction to American cinema since 1960 The book is unique in its treatment of both Hollywood alternative

and non mainstream cinema Critical essays from leading film scholars are supplemented by boxed profiles of key directors producers and actors key films and key genres and statistics from the cinema industry Illustrated in colour and black and white with film stills posters and production images the book has two tables of contents allowing students to use the book chronologically decade by decade or thematically by subject Designed especially for courses in cinema studies and film studies cultural studies and American studies Contemporary American Cinema features a glossary of key terms fully referenced resources and suggestions for further reading questions for class discussion and a comprehensive filmography Individual chapters include The decline of the studio system The rise of American new wave cinema The history of the blockbuster The parallel histories of independent and underground film Black cinema from blaxploitation to the 1990s Changing audiences The effects of new technology Comprehensive overview of US documentary from 1960 to the present Contributors include Stephen Prince Steve Neale Susan Jeffords Yvonne Tasker Barbara Klinger Jim Hillier Peter Kramer Mark Shiel Sheldon Hall Eithne Quinn Michele Aaron Jonathan Munby

A Driving Anger Anne O'Dwyer, 2025-10-02 Why are today's drivers so angry and what can we do about it Road rage is hardly new but its incidence and intensity are rising On any given day at least one person in the U S is shot or injured in a road rage incident and just about everyone has a road rage story to tell A recent study found that 80% of all drivers admit to experiencing significant anger while behind the wheel Expressions of driving anger can involve verbal threats stabbings intentionally ramming into vehicles following a driver for miles and too often lately lethal shootings In *A Driving Anger* author Anne O Dwyer who has been teaching researching and talking with people about road rage for over 20 years seeks to answer the question Why do so many people who are otherwise calm cool and collected become enraged when behind the wheel Drawing from psychological theory research and data as she weaves together explorations with personal accounts of driving anger the author challenges common misconceptions and describes the roots of anger and the primary psychological triggers of road rage These include feelings of anonymity biases we tend to hold about strangers unrealistic expectations of independence on the roadway misdirected outrage and being in a rush She also compares driving anger in both the US and abroad and to related lifestyle anger such as air rage checkout rage and sports rage Armed with an understanding of the causes and effects of road rage O Dwyer concludes with nine concrete strategies and technologies that can help reduce driving anger in ourselves those we drive with and other drivers

Chicano Rap Pancho McFarland, 2012-09-21 Powered by a driving beat clever lyrics and assertive attitudes rap music and hip hop culture have engrossed American youth since the mid 1980s Although the first rappers were African Americans rap and hip hop culture quickly spread to other ethnic groups who have added their own cultural elements to the music Chicano Rap offers the first in depth look at how Chicano a youth have adopted and adapted rap music and hip hop culture to express their views on gender and violence as well as on how Chicano a youth fit into a globalizing world Pancho McFarland examines over five hundred songs and seventy rap artists from all the major Chicano rap regions San

Diego San Francisco and Northern California Texas and Chicago and the Midwest He discusses the cultural political historical and economic contexts in which Chicano rap has emerged and how these have shaped the violence and misogyny often expressed in Chicano rap and hip hop In particular he argues that the misogyny and violence of Chicano rap are direct outcomes of the patriarchal dominance paradigm that governs human relations in the United States McFarland also explains how globalization economic restructuring and the conservative shift in national politics have affected Chicano a youth and Chicano rap He concludes with a look at how Xicana feminists some Chicano rappers and other cultural workers are striving to reach Chicano a youth with a democratic peaceful empowering and liberating message *Encyclopedia of Television Film Directors* Jerry Roberts,2009-06-05 From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini series like *Band of Brothers* long form television programs have been helmed by some of the most creative and accomplished names in directing *Encyclopedia of Television Film Directors* brings attention to the directors of these productions citing every director of stand alone long form television programs made for TV movies movie length pilots mini series and feature length anthology programs as well as drama comedy and musical specials of more than 60 minutes Each of the nearly 2 000 entries provides a brief career sketch of the director his or her notable works awards and a filmography Many entries also provide brief discussions of key shows movies and other productions Appendixes include Emmy Awards DGA Awards and other accolades as well as a list of anthology programs A much needed reference that celebrates these often neglected artists *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium

Schlesinger Jr **American Eccentric Cinema** Kim Wilkins, 2019-02-21 Since the late 1990s a new language has emerged in film scholarship and criticism in response to the popularity of American directors such as Wes Anderson Charlie Kaufman and David O Russell Increasingly adjectives like quirky cute and smart are used to describe these American films with a focus on their ironic and sometimes deliberately comical stories character situations and tones Kim Wilkins argues that beyond the seemingly superficial descriptions American eccentric cinema presents a formal and thematic eccentricity that is distinct to the American context She distinguishes these films from mainstream Hollywood cinema as they exhibit irregularities in characterization tone and setting and deviate from established generic conventions Each chapter builds a case for this position through detailed film analyses and comparisons to earlier American traditions such as the New Hollywood cinema of the 1960s and 1970s American Eccentric Cinema promises to challenge the notion of irony in American contemporary cinema and questions the relationship of irony to a complex national and individual identity *New York Magazine* ,1983-10-31
