Frank

F. Lunn,2004-02 Facing adversity is a part of life It is up to those challenged as to how these obstacles will impact their lives In this inspiring new book Stack the Logs Building a Success Framework to Reach Your Dreams Frank F Lunn describes how his relationship with his late father and his young son s devastating diagnosis of leukemia led to a new formula for success based on a tried and true philosophy The result is a remarkable lesson on how we can get the most out of life Lunn who has a successful entrepreneurial background engages you from the very first pages He describes an experience with his father which provided the foundation for the book and details his own son s frightening fight against cancer Lunn tells of a simple note in a birthday card from his father about how stacking the logs one at a time making life choices one by one was the only route to success and how it suddenly became clear this simplistic idea was truly profound Frank F Lunn was living a normal busy life when he received a phone call that stopped time His eight year old son had just been diagnosed with leukemia The next six months were a struggle for the entire Lunn family as they battled with Frankie against a cancer of the blood and bone marrow a cancer very similar to what ironically had defeated Lunn s father four years earlier At the time of his son s illness the premise for this book was still in its infancy It is based on his father s homespun advice to stack the logs one decision and choice stacked on top of another until success is achieved **Sensory Branding** Bianca

Harrington,AI,2025-03-03 Sensory Branding argues that in today s competitive landscape engaging customers through all five senses is essential for building lasting brand impressions and driving purchasing decisions It explores how sight sound smell taste and touch can be strategically used to create profound emotional connections and foster customer loyalty underscoring that brands stimulating multiple senses gain a distinct advantage The book delves into the science of sensory perception revealing how our brains process sensory information and examining how the strategic application of sensory

cues can enhance brand experiences This book uniquely combines scientific rigor with practical application providing a framework for understanding how the senses work together to create a holistic brand experience It progresses from fundamental principles of sensory perception to detailed explorations of each sense using real world examples and case studies from various industries Ultimately the book provides tools and frameworks for measuring the return on investment of sensory branding initiatives offering actionable advice for marketing strategy and brand management
