All Roads Led to Gettysburg Troy D. Harman, 2022-08-15 It has long been a trope of Civil War history that Gettysburg was an accidental battlefield General Lee the old story goes marched blindly into Pennsylvania while his chief cavalryman Jeb Stuart rode and raided incommunicado Meanwhile General Meade in command only a few days gave uncertain chase to an enemy whose exact positions he did not know And so these ignorant armies clashed by first light at Gettysburg on July 1 1863 In the spirit of his iconoclastic Lee's Real Plan at Gettysburg Troy D Harman argues for a new interpretation once Lee invaded Pennsylvania and the Union army pursued a battle at Gettysburg was entirely predictable perhaps inevitable Most Civil War battles took place along major roads railroads and waterways the armies needed to move men and equipment and they needed water for men horses and artillery And yet this perspective hasn't been fully explored when it comes to Gettysburg Look at an 1863 map says Harman look at the area framed in the north by the Susquehanna River and in the south by the Potomac in the east by the Northern Central Railroad and in the west by the Cumberland Valley Railroad This is where the armies played a high stakes game of chess in late June 1863 Their movements were guided by strategies of caution and constrained by roads railroads mountains and mountain passes rivers and creeks all of which led the armies to Gettysburg It's true that Lee was disadvantaged by Stuart's roaming and Meade by his newness to command which led both to default to the old strategic and logistical bedrocks they learned at West Point and these instincts helped reinforce the magnetic pull toward Gettysburg Moreover once the battle started Harman argues the blue and gray fought tactically for the two creeks Marsh and Rock essential for watering men and horses and sponging artillery that mark the battlefield in the east and the west as well as for the roadways that led to Gettysburg from all points of the compass This is a perspective often overlooked in many accounts of the battle which focus on the high ground the Round Tops Cemetery Hill as key tactical objectives Gettysburg Ranger and historian Troy Harman draws on a lifetime of researching the Civil War and more than thirty years of studying the terrain of Gettysburg and south central Pennsylvania and northern Maryland to reframe the story of the Battle of Gettysburg In the process he shows there's still much to say about one of history's most written about battles This is revisionism of the best kind

Maine Roads to Gettysburg Tom Huntington, 2023-06-14 From the author of *Searching for George Gordon Meade* a study of how troops from Maine aided the Union Army's victory at the Battle of Gettysburg. Joshua Lawrence Chamberlain and his 20th Maine regiment made a legendary stand on Little Round Top during the Battle of Gettysburg in July 1863. But Maine's role in the battle includes much more than that. Soldiers from the Pine Tree State contributed mightily during the three days of fighting. Pious general Oliver Otis Howard secured the high ground of Cemetery Ridge for the Union on the first day. Adelbert Ames the stern taskmaster who had transformed the 20th Maine into a fighting regiment commanded a brigade and then a division at Gettysburg. The 17th Maine fought ably in the confused and bloody action in the Wheatfield. A sea captain turned artilleryman named Freeman McGilvery cobbled together a defensive line that proved decisive on July 2 and the 19th Maine helped stop Pickett's Charge during the battle's climax. Maine soldiers had fought and died for two bloody years even before they reached Gettysburg. They had fallen on battlefields in Virginia and Maryland. They had died in front of Richmond in the Shenandoah Valley on the bloody fields of Antietam in the Slaughter Pen at Fredericksburg and in the tangled Wilderness around Chancellorsville. And the survivors kept fighting even as they followed Robert E. Lee's Army of Northern Virginia into Pennsylvania. In *Maine Roads to Gettysburg* author Tom Huntington tells their stories. Praise for *Searching for George Gordon Meade*. An engrossing narrative that the reader can scarcely put down. Pulitzer Prize winning historian James M. McPherson. Unique and irresistible. Lincoln Prize winning historian Harold Holzer.

Lee and changed the course of the Civil War from the award

winning author of James Monroe A Life By mid 1863 the Civil War with Northern victories in the West and Southern triumphs in the East seemed unwinnable for Abraham Lincoln Robert E Lee s bold thrust into Pennsylvania if successful could mean Southern independence In a desperate countermove Lincoln ordered George Gordon Meade a man hardly known and hardly known in his own army to take command of the Army of the Potomac and defeat Lee s seemingly invincible Army of Northern Virginia Just three days later the two great armies collided at a small town called Gettysburg The epic three day battle that followed proved to be the turning point in the war and provided Lincoln the perfect opportunity to give the defining speech of the war and a challenge to each generation of Americans to live by These men came from different parts of the country and very different upbringings Robert E Lee son of the aristocratic and slaveholding South George Gordon Meade raised in the industrious straitlaced North and Abraham Lincoln from the rowdy untamed West Lincoln s election to the presidency in 1860 split the country in two and triggered the Civil War Lee and Meade found themselves on opposite sides while Lincoln had the Sisyphean task of reuniting the country With a colorful supporting cast second to none Three Roads to Gettysburg tells the story of these consequential men this monumental battle and the immortal address that has come to define America
