Soul, and Spirit Rachel Berghash, Katherine Jillson, 2016-04-14 A spirit runs through the interdisciplinary essays of this book a spirit that lives within them and hovers above them at once intelligent and profoundly simple Although each essay focuses on a certain topic whether it is the Buddhist saint Milarepa the prophet Jeremiah or the Christian saint Teresa of Avila whether it is the Israeli Palestinian conflict or subtleties of the spirit these essays have penetrable borders that dissolve at the seams and touch each other religiously philosophically and psychologically The use of an interdisciplinary methodology that draws from the wisdom of different disciplines in regard to values such as courage in the face of attacks and integrity in the midst of a worldly environment culminates in a rich source of inspired guidance for everyday life **Have This Mind** James E. Royster, 2014-04-18 Have This Mind uses a rational logical and systematic approach to spirituality religion and God by focusing on the mind or consciousness rather than doctrine ritual etc It provides a model that resolves the many seemingly conflicting views of religion and God The four largest religions of the world Hinduism Buddhism Christianity and Islam are introduced in terms of their transformative dimensions that lead to an inclusive and eminently happy life These principles and practices are illustrated with biographies of exemplary saints and sages from the traditions Have This Mind outlines three different ways of being religious regardless of one's particular religious tradition based on a progressively maturing mind Of particular import to Christian readers are interpretations of biblical and theological views that facilitate transition from a traditional and mythic outlook tending toward exclusivism to one that is rational transrational and inclusive On the basis of an appreciative and inclusive view of the world's great religions one discovers how these religions can actually enhance one's own spirituality and religious outlook A perspective central to Have This Mind is that authentic religion and spirituality lie in the loving quality of one's life and not simply the ideas or beliefs held in one's mind *Rumi* Franklin Lewis, 2000 This is a definitive guide to the life and work of Jall al Din Rumi Franklin D Lewis's text considers not just the man but also his times his legacy and his role in a changing world *Thomas Merton's Encounter with Buddhism and Beyond* Jaechan Anselmo Park, 2019-03-07 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism Fr Jaechan Anselmo Park OSB articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter monastic dialogue
