Divine Transcendence and the Culture of Change David H. Hopper, 2011 Hopper s historical theological study not only illuminates the past but also sheds light on the tumultuous present revealing how a recaptured understanding of God s transcendence can confront the thoughtless tolerance and inward facing spiritual consumerism of our own time and radically transform both theology and culture today

Book Jacket *Honest Rituals, Honest Sacraments* Joseph Martos, 2017-12-28 Honest rituals are ceremonial actions that celebrate what is actually happening in people s lives Religious rituals however often celebrate beliefs and doctrines e g the birth of Christ God s forgiveness of sins or the gifts of the Holy Spirit that have little to do with people s experience Martos argues that early Christian rituals were grounded in experiences such as conversion community commitment and self giving Lacking a vocabulary to name such experiences the authors of the New Testament and other early documents resorted to metaphors such as baptism into Christ receiving the Holy Spirit forgiveness by God and the presence of Christ during worship By the fourth century however those metaphors were taken to be unexperienced metaphysical realities rather than experienced realities The medieval schoolmen developed philosophical explanations of what went on in church rituals and the Catholic Church continues to teach that its sacraments are automatically effective despite growing evidence to the contrary What if religious rituals were to regain their original authenticity What if the guiding value in designing church ceremonies was honesty rather than liturgical correctness After liberating the reader from doctrinal constraints Martos invites Catholics into a re visioning of the traditional sacraments and a reawakening of ritual imagination in non Western cultures

The World as Sacrament Mathai Kadavil, 2005 Sacramentology is one of the few theological disciplines that have undergone tremendous changes in the past In the background of all these developments this

Seven Sacraments for Everyone Dale F. Coye, 2014-03 Millions of Christians are abandoning their churches to become spiritual seekers but now find themselves adrift Without the church what do we believe in Where do we look for the Sacred in our lives The seed of an answer can be found in the Roman Catholic sacraments but with a shift in focus from rites and rituals to human experience It s not baptism it s the birth of a child that is holy It s not the wedding ceremony it s the sublime oneness we feel in the arms of our best beloved that lifts us into the realm of the Divine Seven Sacraments for Everyone maps the roads that lead to these out of this world experiences and into the heartland of the Sacred By acknowledging these moments of Mystery and teaching our children to respect them we will find the clues to a universal moral code on which to build a healthier more meaningful world

The Eucharist and World Hunger Izunna Okonkwo, 2011-12-21 Hunger is a menace in different parts of the globe It has more unnatural than natural causes Though efforts have been made towards alleviating its causes and consequences more actions still need to be taken for its genuine alleviation and eventual eradication in the world For Joseph Grassi painful hunger is a daily occurrence that must be countered by ongoing effective programs that enter into the lives of every Christian Such position not only recognises the frequency and excruciating nature of hunger but also suggests that Christians and other religious groups have a very important role to play in order to eradicate

hunger and its devastating effects This book explores the nuances of hunger its causes dimensions and approaches as well as its connection to the Eucharist It argues that hunger can be eradicated and that the Eucharist stands out as a veritable model

The Doctrine of the Sacraments in Relation to the Doctrines of Grace, as Contained in the Scriptures, Taught in Our Formularies, and Upheld by Our Reformers ... By an English Presbyterian [i.e. N. Dimock]. Doctrine, Nathaniel Dimock, 1871 *A Christian Theology of Place* John Inge, 2017-03-02 The place in which we stand is often taken for granted and ignored in our increasingly mobile society Differentiating between place and space this book argues that place has very much more influence upon human experience than is generally recognised and that this lack of recognition and all that results from it are dehumanising John Inge presents a rediscovery of the importance of place drawing on the resources of the Bible and the Christian tradition to demonstrate how Christian theology should take place seriously A renewed understanding of the importance of place from a theological perspective has much to offer in working against the dehumanising effects of the loss of place Community and places each build the identity of the other this book offers important insights in a world in which the effects of globalisation continue to erode people's rootedness and experience of place
