Sacred Paw The Bear In Nature Myth And Literature:

The Sacred Paw Paul Shepard, Barry Sanders, 1985 **Dictionary of Nature Myths** Tamra Andrews, 2000

Comprehensive and cross referenced this informative volume is a rich introduction to the world of nature as experienced by ancient peoples around the globe 51 halftones **Literature and Nature** Tawhida Akhter, Tariq Ahmad Bhat, 2022-01-27

During the last few decades there has been remarkable progress in research on various aspects of literature and nature. Different fields have been explored in this regard though there remain many fields yet to be explored. This book explores how nature plays an important role in the development of personality looking at both its positive and negative effects. It also considers how literature has rightly portrayed the reality of a culture through its fictitious characters. The book will fulfil the needs of students, teachers, researchers and all stakeholders who are engaged in eco-feministic studies. **The Bear Doesn't Know** Paul Schullery, 2021-09. In *The Bear Doesn't Know*, Paul Schullery, honored naturalist storyteller and former Yellowstone ranger, has given us a bear lover's book of wonders. It is rich in the joy, beauty, inspiration, and pure fun to be had during a life well lived in bear country. While exploring the cultural complications of an animal we have long both feared and adored, he chronicles the bumpy course of our coming to terms with the mysteries of bear ecology and behavior. Schullery brings to the matter of bears a long view of our centuries-long and always evolving perception of wild bears, of the scientific exploration of bear ecology and behavior, and of the sometimes bitter struggles to protect bear populations for the future. Featuring Schullery's trademark gifts for historical inquiry and scientific translation, as well as for mixing humor with telling insight, Schullery enlivens *The Bear Doesn't Know* with many of his own quirky tales of life in the wildlands of North America and in the obscure realms of bear folklore and literature. North America's bears have become universally recognized symbols of wild landscapes and the struggles to preserve them. In this collection, Schullery illuminates and celebrates the bears and their world, making plain why they always have and always will matter so much to us. **Radical Ecopsychology, Second Edition** Andy Fisher, 2013-01-01. Expanded new edition of a classic examination of the psychological roots of our ecological crisis. **The Bear Book** Les Wright, 2013-12-02. *The Bear Book* brings together an impressive range of bear usually big hairy men who favor full face beards and prefer to wear jeans and flannel shirts viewpoints to explore this unique social and cultural phenomenon that stretches from America to western Europe to Australia. On the personal level, you learn what beardom means to different people in their daily lives, and on a broader level, its cultural implications for not only the gay community but also society as a whole. As this book moves across the wide spectrum of bear identities, you learn about the defining forces of identity, the significance of differences among masculinities, and the shapings of the bear movement from different viewpoints. *The Bear Book* is the first compilation of sociological and cultural analytical investigations of the contemporary gay bear phenomenon. To this end, Editor Les Wright brings together both objective and subjective viewpoints to create a forum where bears can speak for themselves. Through their voices, you'll learn about bears and sexual identity, gay

male iconography socializing on the Internet sexual politics gender class looks ism and body image gay mass media the single most powerful force in the current construction of bears bears power and glamor bear as image vs bear as attitude Gays lesbians lesbigay scholars bears and social scientists are sure to find The Bear Book thought provoking and insightful as it broaches questions such as Are bears caught up in a utopian romantic impulse to reinvent themselves What was radical lesbianism s impact on the bear movement To what extent are bears only another group of exploited consumers in a fragmented market system And is it possible to establish social liberation through enslavement to your sexual passions For both your pleasure and your education The Bear Book examines nearly every corner of beardom including bear history identity social spaces iconography and its constituency abroad **Bear Information 1987** ,1987 Biological Exuberance Bruce Bagemihl,2025-09-23 A Publishers Weekly Best Book One of the New York Public Library s 25 Books to Remember for 1999 Lavishly illustrated and meticulously researched filled with fascinating facts and astonishing descriptions of animal behavior Bruce Bagemihl s Biological Exuberance is a landmark book that will change forever how we look at nature Homosexuality in its myriad forms has been scientifically documented in more than 450 species of mammals birds reptiles insects and other animals worldwide Biological Exuberance is the first comprehensive account of the subject bringing together accurate accessible and nonsensationalized information Drawing upon a rich body of zoological research spanning more than two centuries Bagemihl shows that animals engage in all types of nonreproductive sexual behavior Sexual and gender expression in the animal world displays exuberant variety including same sex courtship pair bonding sex and co parenting even instances of lifelong homosexual bonding in species that do not have lifelong heterosexual bonding Part 1 A Polysexual Polygendered World begins with a survey of homosexuality transgender and nonreproductive heterosexuality in animals and then delves into the broader implications of these findings including a valuable perspective on human diversity Bagemihl also examines the hidden assumptions behind the way biologists look at natural systems and suggests a fresh perspective based on the synthesis of contemporary scientific insights with traditional knowledge from indigenous cultures Part 2 A Wondrous Bestiary profiles more than 190 species in which scientific observers have noted homosexual or transgender behavior Each profile is a verbal and visual snapshot of one or more closely related bird or mammal species containing all the documentation required to support the author s often controversial conclusions **Minding the Earth, Mending the World** Susan Murphy,2014-04-21 Shunryu Suzuki Roshi founded the San Francisco Zen Center in 1962 and after fifty years we have seen a fine group of Zen masters trained in the west take up the mantle and extend the practice of Zen in ways that might have been hard to imagine in those first early years Susan Murphy one of Robert Aitken s students and dharma heirs is one of the finest in this group of young Zen teachers She is also a fine writer and following on the teaching of her Roshi she has engaged her spiritual work in the ordinary world dealing with the practice of daily life and with the struggles of all beings We know that our earth is in crisis but is the situation beyond repair Are we on a path of planetary

disaster where the only proper response is to prepare for our melancholic dystopian future Is there a way out of our suspicious cynicism In the tradition of Thomas Berry using this spiritual opportunity to change the very nature of our crisis Susan Murphy offers a profound message subtly presented with clarity and assurance showing that engaged Buddhism provides a possible path to the necessary repair and healing

Symbols in Arts, Religion and Culture Farrin Chwalkowski, 2016-12-14 We are a product of nature Every single cell of our body is made of and depends on nature Our inner soul is heavily influenced by nature We feel sad if the sun is not shining for a few days and feel pleasure when drawn to the wonder of flowers and uplifted by the song of birds We came from nature we are part of nature In short we are nature Nature has been an intimate part of the human experience from the earliest times Different religions and cultures from all corners of the world have honoured and worshipped nature in art ritual and literature in their own unique ways This book shows how we learn about our own human nature our own sense of identity and how we fit into the larger scheme of life and spirit when we come to better understand how our human ancestors through art symbol and myth expressed their relationship with the natural world

Radical Ecopsychology Andy Fisher, 2012-02-01 Personal in its style yet radical in its vision Radical Ecopsychology offers an original introduction to ecopsychology an emerging field that ties the human mind to the natural world In order for ecopsychology to be a force for social change Andy Fisher insists it must become a more comprehensive and critical undertaking Drawing masterfully from humanistic psychology hermeneutics phenomenology radical ecology nature writing and critical theory he develops a compelling account of how the human psyche still belongs to nature This daring and innovative book proposes a psychology that will serve all life providing a solid base not only for ecopsychological practice but also for a critical theory of modern society

Wolves, Bears, and Their Prey in Alaska National Research Council, Division on Earth and Life Studies, Commission on Life Sciences, Committee on Management of Wolf and Bear Populations in Alaska, 1997-10-27 This book assesses Alaskan wolf and bear management programs from scientific and economic perspectives Relevant factors that should be taken into account when evaluating the utility of such programs are identified The assessment includes a review of current scientific knowledge about the dynamics and management of large mammalian predator prey relationships and human harvest of wildlife in northern ecosystems and an evaluation of the extent to which existing research and management data allow prediction of the outcome of wolf management or control programs and grizzly bear management programs Included is an evaluation of available economic studies and methodologies for estimating the costs and benefits of predator control programs in Alaska

Thinking Animals Paul Shepard, 2011-07-01 In a world increasingly dominated by human beings the survival of other species becomes more and more questionable In this brilliant book Paul Shepard offers a provocative alternative to an us or them mentality proposing that other species are integral to humanity's evolution and exist at the core of our imagination This trait he argues compels us to think of animals in order to be human Without other living species by which to measure ourselves Shepard

warns we would be less mature care less for and be more careless of all life including our own kind **Talking to the Shaman Within** Manfred F. R. Kets de Vries, 2014-06-16 Everything about hunting leads inexorably to death the challenge for all hunters is how to justify the kill But the hunter s emotional response to the kill is immensely complex Hunters respect and even love the animals they kill Talking to the Shaman Within Musings on Hunting addresses this paradox head on dissecting the emotional and psychological response of the hunter to his quarry and more broadly his surroundings The climax of the chase brings the hunter closer to realizing the nature intelligence that modern civilization has suppressed Through his investigation of the instinct that lies beneath the urge to hunt author Manfred F R Kets de Vries reveals something basic and fundamental about human behavior The hunting instinct is hardwired into the human psyche and for all our sophistication and urbanization it exerts a powerful influence over the way we conduct our lives even to this day Talking to the Shaman Within draws on depictions of hunting in art and literature throughout the ages exploring changing trends in human social norms with frequent reference to literature art film television and music It unites a dispassionate academic hypothesis with an engaging and colourful narrative into which Kets de Vries weaves stories from his own life as both an academic and a hunter **Ecotone** Florence R. Shepard, 1994-07-01 Ecotone Wayfaring on the Margins a personal history of place is written from the perspective of a teacher naturalist and feminist and uses the metaphor of the biological ecotone as the boundary where inner and outer landscapes of the woman nature continuum meet In this book Krall proposes a counter narrative to the usual reading of marginality In autobiographical narrative that rings with experience she describes margins as rich as dynamic abodes places of crossing over and transition as well as spaces of separation and alienation In reinterpreting journeys and encounters she maps the shared terrain of the personal social and natural fields of our lives She draws upon Native American sensibilities about place relationship and the sacred in order to deepen our understanding of human nature bonds to more fully develop respect and responsibility to others and to heal the rifts that sometimes set humans at odds with other humans and non human creatures and threaten life on earth Our Wild Calling Richard Louv, 2020-11-10 A book that offers hope The New York Times Book Review A wondrous tapestry Carl Safina author of Beyond Words What Animals Think and Feel Audubon Medal winner Richard Louv s landmark book Last Child in the Woods inspired an international movement to connect children and nature Now he redefines the future of human animal coexistence In Our Wild Calling Louv interviews researchers theologians wildlife experts indigenous healers psychologists and others to show how people are connecting with animals in ancient and new ways and how this serves as an antidote to the growing epidemic of human loneliness how dogs can teach children ethical behavior how animal assisted therapy may yet transform the mental health field and what role the human animal relationship plays in our spiritual health He reports on wildlife relocation and on how the growing populations of wild species in urban areas are blurring the lines between domestic and wild animals Our Wild Calling makes the case for protecting promoting and creating a sustainable and shared habitat for all
