It wasn't until she started sending out those rejection letters that she began to have a better understanding of why so many writers receive them. This book will discuss these ten reasons and how writers can control more of their destiny by not falling prey to them. Whether your goal is to be published by a legacy publishing house or you plan to self-publish, this book contains invaluable information about self-editing, grammar, punctuation, point of view, telling vs. showing, passive vs. active writing, dialogue, narrative voice, style, hooks, query letters, and synopsis writing.
