Hammerback, Richard J. Jensen, 2003-04 Although born into one of the least powerful segments of American society Cesar Chavez led the farm labor movement to unprecedented heights His powerful effect on audiences is well known but award winning scholars John C Hammerback and Richard J Jensen offer the first explanation of how Chavez achieved that effect Although other studies of Chavez exist none has examined so thoroughly his rhetoric nor analyzed in depth such a large number of Chavez's own texts scores of which have previously been unstudied Chavez was an indefatigable speaker writer and non discursive communicator who developed a well thought out approach to his rhetorical discourse and placed his speaking and writing at the very center of his career By merging thought and character in his themes arguments and explanations and in his first and second personae Chavez was able to identify with the character of his listeners That identification induced many audience members to support Chavez's agenda for union activism The authors have developed a model to help explain Chavez's startling transformation of some audiences and persuasion of others Hammerback and Jensen reveal that Chavez's world view motivated him to work tirelessly and directed him to the particular rhetorical qualities and techniques that characterized his discourse The authors also demonstrate Chavez's surprising effectiveness as a rhetor despite his soft spoken style uncharacteristic of most powerful orators      The Eagle Has Eyes José Angel Gutiérrez, 2019-03-01 This book is the first of its kind to bring transparency to the FBI's attempts to destroy the

Levy,2024-04-22 It is a powerful story the relationship between the 1960s New Left and organized labor was summed up by hardhats confronting students and others over US involvement in Vietnam But the real story goes beyond the Love It or Leave It signs and melees involving blue collar types attacking protesters Peter B Levy challenges these images by exploring the complex relationship between the two groups Early in the 1960s the New Left and labor had cooperated to fight for civil rights and anti poverty programs But diverging opinions on the Vietnam War created a schism that divided these one time allies Levy shows how the war combined with the emergence of the black power movement and the blossoming of the counterculture drove a permanent wedge between the two sides and produced the polarization that remains to this day **Mexican American Youth Organization** Armando Navarro,1995 Among the protest movements of the 1960s the Mexican American Youth Organization MAYO emerged as one of the principal Chicano organizations seeking social change By the time MAYO evolved into the Raza Unida Party RUP in 1972 its influence had spread far beyond its Crystal City Texas origins Its members precipitated some thirty nine school walkouts demonstrated against the Vietnam War and confronted church and governmental bodies on numerous occasions Armando Navarro here offers the first comprehensive assessment of MAYO s history politics leadership ideology strategies and tactics and activist program Interviews with many MAYO and RUP organizers and members as well as first hand knowledge drawn from his own participation in meetings presentations and rallies enrich the text This wealth of material yields the first reliable history of this extremely vocal and visible catalyst of the Chicano Movement The book will add significantly to our understanding of Sixties protest movements and the social and political conditions that gave them birth *American Book Publishing Record Cumulative, 1950-1977: Title index* R.R.
