Jesús Moya-Guijarro, Eija Ventola, 2021-11-09 This collection offers a thorough treatment of the ways in which the verbal and visual semiotic modes interrelate toward promoting gender equality and social inclusion in children's picture books Drawing on cutting edge theoretical work in multimodality including multimodal cognitive linguistics multimodal discourse analysis and visual social semiotics the book expands on descriptive oriented

studies to offer a more linguistically driven perspective on children's picture books. The volume explores the choice afforded to and the lexico-semantic and discursive strategies employed by writers and illustrators in conveying representational interpersonal and textual meanings in the verbal and non-verbal components in these narratives in order to challenge gender stereotypes and promote the social inclusion of same-sex parent families. Princess Smartypants Breaks the Rules! Babette Cole, 2009. Innocence, Knowledge and the Construction of Childhood Kerry H. Robinson, 2013-05-02. *Innocence, Knowledge and the Construction of Childhood* provides a critical examination of the way we regulate children's access to certain knowledge and explores how this regulation contributes to the construction of childhood, to children's vulnerability and to the constitution of the good future citizen in developed countries. Through this controversial analysis, Kerry H. Robinson critically engages with the relationships between childhood, sexuality, innocence, moral panic, censorship and notions of citizenship. This book highlights how the strict regulation of children's knowledge, often in the name of protection or in the child's best interest, can ironically increase children's prejudice around difference, increase their vulnerability to exploitation and abuse and undermine their abilities to become competent adolescents and adults. Within her work, Robinson draws upon empirical research to provide an overview of the regulation and governance of children's access to difficult knowledge, particularly knowledge of sexuality, explore and develop Foucault's work on the relationship between childhood and sexuality, identify the impact of these discourses on adults' understanding of childhood and the tension that exists between their own perceptions of sexual knowledge and the perceptions of children, reconceptualise children's education around sexuality. *Innocence, Knowledge and the Construction of Childhood* is essential reading for both undergraduate and postgraduate students undertaking courses in education, particularly with a focus on early childhood or primary teaching, as well as in other disciplines such as sociology, gender and sexuality studies and cultural studies.

Children of the Book Ilana Kurshan, 2025-08-26. A mother's celebration of the power and wonder of lifelong reading. Zibby Owens. *My Most Anticipated Books 2025*. In *Children of the Book*, Ilana Kurshan reveals how literature weaves an invisible thread through the tapestry of family life. Kurshan, a mother of five living in Jerusalem, struggles to balance her passion for books with her responsibilities as a parent. Gradually, she learns how to relate to reading not as a solitary pursuit and an escape from the messiness of life, but rather as a way of forging connection and teaching independence. Introducing her children to sacred and secular literature

including the beloved classics of her childhood she becomes both a better mother and a more compassionate reader Chief among the books Kurshan reads with her children is the Torah whose ancient wisdom illuminates her family's path Structured in five parts corresponding to the first five books of the Bible this memoir traces the profound parallels between the biblical narrative and the daily rhythms of parenthood from the first picture books that create the world through language for little babies to the bittersweet moment our children begin reading on their own leaving us behind atop the mountain as they enter new lands without us A luminous meditation on how shared stories become the foundation for family bonds *Children of the Book* celebrates a life richly lived through literature **Once Upon a Nervous Breakdown** Patrick Sanchez, 2007 Between dealing with her mother's failing health her five year old son her new housemate her ex husband who is now out of the closet and her re entry into the dating scene Jennifer Costas fears for her own mental stability Original
