Dilemmas of the Welfare Mix Ugo Ascoli, Costanzo Ranci, 2013-04-17 The 1990 s will be remembered in Europe as the period in which privatization assumed significant proportions in the field of welfare policies In an age of crisis for the welfare state and increased demand of care services there is now a widespread opinion that future welfare systems will see more and more space occupied by private and

nonprofit organizations taking the direct responsibility of providing services and meeting the needs of the clients A welfare mix is emerging as a system in which government private and nonprofit organizations operate in place of the state monopoly nonprofit organizations in particular have obtained formal recognition as partners of public authorities and professional groups in policy making An increasing interdependence between state private and third sector organizations will characterize next years all post industrial societies Through research in the field of social care in six European Countries France Germany Italy Norway Spain and the U K the authors highlight the role of nonprofit and commercial organizations in the new welfare mix systems and main social and institutional effects of such new order This volume in the Nonprofit and Civil Society Studies series is the first attempt to bridge the relevant gap existing between the literature on the welfare state and studies on the nonprofit sector

Improving Healthcare David Hyman, 2007-04-21 *Improving Healthcare* A Dose of Competition systematically examines the American health care system from a competition oriented perspective The volume surveys the performance of each major sector of the health care system and identifies impediments to more effective competition *Improving Healthcare* examines such issues as competition v regulation public and private sector approaches to health care financing cross subsidies licensure provider market concentration financial and clinical integration payment for performance quality pharmacy benefit managers direct to consumer advertising of pharmaceuticals certificates of need mandates unionization the significance of organizational status nonprofit v for profit and the role of antitrust and consumer protection in health care It offers concrete recommendations to improve the quality and cost effectiveness of the American health care marketplace

Projecting the Impact of Demographic Change on the Demand for and Delivery of Healthcare in Ireland , Health, the Medical Profession, and Regulation Peter Zweifel, 2012-12-06 *Health The Medical Profession and Regulation* presents new evidence concerning health and the environment inequality of health in many countries and the compatibility of different quality of life measurements along with new solutions to problems of health policy The book is grouped into three sections Section I comprising six papers looks into the determinants of people s health Section II consists of three papers and deals with the supply side of the market for health care services Finally Section III contains three contributions devoted to health regulation The intended market for this volume includes but is not limited to health economists policy makers insurers and governmental advisors who need to stay abreast of the latest developments in health services research worldwide

Regulation of Health: Case Studies of Sweden and Switzerland Peter Zweifel, Carl Hampus Lyttkens, Lars Söderström, 2012-12-06 Health care arguably is the single most regulated industry in industrial countries and possibly in newly industrialized and developing countries as well But what exactly is being regulated what are the instruments used and what are the effects and side effects of such regulation *Regulation of Health Case Studies of Sweden and Switzerland* seeks to resolve problems in answering these key questions regarding the health care sector in two countries Sweden and Switzerland The volume contains a series of studies that compare the regulation of health and health

care in these two apparently very similar countries in considerable detail The contributing teams acquired a great deal of knowledge about health regulation in both countries they also derived comparative predictions when regulation differs using actual observations to check whether these predictions are borne out These comparisons are based on the conditions prevailing in the mid nineties Pflegebedürftigkeit und Pflegesicherung in ausgewählten Ländern Roland

economic institutes in the UK Contributors are all distinguished members of the health economics community Covers a wide range of issues that are relevant to the application of health economics now and into the future **Continuing Long-term Care Services** United States. Congress. Senate. Special Committee on Aging,1992 Work and Caring for the Elderly Viola M. Lechner,Margaret B. Neal,1999 Work and Caring for the Elderly directly addresses the pressing issues of this worldwide dilemma by examining how 11 geographically dispersed countries in various stages of economic and social development are responding to this challenging problem Care Work Madonna Harrington Meyer,2002-05-03 Care Work is a collection of original essays on the complexities of providing care These essays emphasize how social policies intersect with gender race and class to alternately compel women to perform care work and to constrain their ability to do so Leading international scholars from a range of disciplines provide a groundbreaking analysis of the work of caring in the context of the family the market and the welfare state *Universal Coverage of Long-Term Care in the United States* Douglas A. Wolfe,Nancy Folbre,2012-09-01 As millions of baby boomers retire and age in the coming years more American families will confront difficult choices about the long term care of their loved ones The swelling ranks of the disabled and elderly who need such care including home care adult day care or a nursing home stay are faced with a strained inequitable and expensive system How will American society and policy adapt to this demographic transition In *Universal Coverage of Long Term Care in the United States* editors Nancy Folbre and Douglas Wolf and an expert group of care researchers assess the current U S long term care policies and exercise what can be learned from other countries facing similar care demands After the high profile suspension of the Obama Administration s public long term insurance program in 2011 Robert Hudson and Howard Gleckman provide concrete suggestions for lowering the cost and improving the quality of long term care coverage in America In a deeply personal and empirically rigorous analysis family care expert Carol Levine draws crucial lessons from her experience as a caregiver for her ailing husband She sheds light on the often fraught interactions that occur between the formal care system and family caregivers and analyzes how public policy can best support long term family care The volume next examines recent reforms in other developed countries and finds valuable lessons for American policy makers Contributors David Bell and Alison Bowes discuss the provision of personal care services in Scotland which have been publicly financed since 2002 Their analysis shows that the new program reduced costs improved efficiency and allowed more recipients to receive care The volume assesses the political and institutional prospects for moving towards a truly universal long term care system in the United States Robyn Stone provides a sobering overview of the formal paid long term care workforce in America which is in crisis due to increasing demand and a shortage of qualified workers Economist Leonard Burman focuses on public finances of the long term care system which will come under increasing strain as more Americans rely on Medicaid to pay for their long term care In the volume s concluding chapter Folbre and Wolf summarize criticisms of existing long term care policies and outline particular reforms that can move the United States toward a universal system of

long term care insurance Universal Coverage of Long Term Care in the United States provides an essential resource on how to improve the long term care sector in America and helps advance the national debate on this pressing topic This volume is available for free download on the Foundation s website as are the volume s individual chapters
