Look 10 Years Younger, Feel 10 Years Better James Scala, Barbara Jacques, 1993

Flipping Patriarchy Man Who Has It All, 2025-03-13. I love this book. Fern Britton. Laugh out loud funny. Kate Bottley. An explosive satire of gender stereotypes that flips patriarchy on its head to highlight sexist double standards. Exploring subjects like work and comedy history and sport, the beauty industry and domesticity. Anonymous author. *Man Who Has It All* imagines a world in which men are bombarded with the same stereotypical bullshit as women. What if men's T-shirts were emblazoned with slogans encouraging them to be smiley, positive and kind? What if we laughed at jokes about fathers-in-law, male drivers and middle-class men of a certain age? What if men's history was a niche topic? Behind the jokes about crazy cat gentlemen, testicular men and the twenty-four-hour moustache lies a deeper, darker message about language, power and control. Smart and provocative, *Man Who Has It All* shines a powerful light on the prejudice ingrained in our society. Told through fictionalised scenarios and wider cultural analysis, this is a feminist handbook that will arm you against the patriarchy. Funny and insightful but also fiercely radical.

Victoria Smith. Takes on patriarchy with wit, verve and a mighty dose of good old British sarcasm.

Viv Groskop. Author of *How to Own the Room*. We need to hide copies in every locker room.

Wetherspoons and BQ. Eleanor Morton. Comedian and actor. *Man Who Has It All* does a remarkable job of channelling anger into humour, a galvanising read.

Rachel Hewitt. Author of *In Her Nature*.

TV Transformations Tania Lewis, 2013-09-13. The past decade has seen an explosion of lifestyle makeover TV shows. Audiences around the world are being urged to renovate everything from their homes to their pets and children, while lifestyle experts on TV now tell us what not to eat and what not to wear. Makeover television and makeover culture is now ubiquitous and yet, compared with reality TV shows like *Big Brother* and *Survivor*, there has been relatively little critical attention paid to this format. This exciting collection of essays, written by leading media scholars from the UK, US and Australia, aims to reveal the reasons for the huge popularity and influence of the makeover show. Written in a lively and accessible manner, the essays brought together here will help readers make sense of makeover TV by offering a range of different approaches to understanding the emergence of this popular cultural phenomenon. Looking at a range of shows from *The Biggest Loser* to *Trinny and Susannah Undress*, essays include an analysis of how and why makeover TV shows have migrated across such a range of TV cultures, the social significance of the rise of home renovation shows, the different ways in which British versus American audiences identify with makeover shows.

and the growing role of lifestyle TV in the context of neo liberalism in educating us to be good citizens This book was published as a special issue of Continuum Journal of Media and Cultural Studies **Weekly World News** ,1993-04-06

Exposing Lifestyle Television Gareth Palmer,2016-04-15 In the last decade lifestyle television has become one of the most dominant television genres with certain shows now global brands with formats exploited by producers all over the world What unites these programmes is their belief that the human subject has a flexible malleable identity that can be changed within television friendly frameworks In contrast to the talk shows of the eighties and nineties where modest transformation was discussed as an ideal advances in technology combined with changing tastes and demands of viewers have created an appetite for dramatic transformations This volume presents case studies from across the lifestyle genre considering a variety of themes but with a shared understanding of the self as an evolving project driven by enterprise Written by an international team of scholars the collection will appeal to sociologists of culture and consumption as well as to scholars of media studies and media production throughout the world **Good Housekeeping** ,1921 *American Magazine* ,1919 **Psychology:**
