Around Religion in America Professor Michael P Kramer, Professor Nan Goodman, 2013-05-28 Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion The Turn Around Religion in America offers a model of religion that moves in a reciprocal relationship between these two poles In particular this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them Taking as their point of departure the foundational scholarship of Sacvan Bercovitch the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right Examining authors as diverse as Pietro di Donato Herman Melville Miguel Algarin Edward Taylor Mark Twain Robert Keayne Nathaniel Hawthorne Paule Marshall Stephen Crane Ralph Waldo Emerson and Joseph B Soloveitchik among many others and a host of genres from novels and poetry to sermons philosophy history journalism photography theater and cinema the essays call for a discussion of religion s powers that does not seek to explain them as much as put them into conversation with each other Central to this project is Bercovitch s emphasis on the rhetoric ritual typology and symbology of religion and his recognition that with each aesthetic enactment of religion s power we learn something new **Train Lord** Oliver Mol, 2022-07-21 The astonishing true story of trust pain becoming lost and finding a way back to yourself despite it all An intimate preservation of a moment in time full of personality THE TIMES
