Look At It This Way:

Look at It This Way Jan Silvius, 2010-05-12 Each person has his or her own particular way of looking at life a kind of grid that helps readers process whatever comes their way Though this grid can be a helpful tool far too often it is a weight around the neck So what can be done about it How can readers change their perspectives replacing the grid that drags them down with one that equips them to face life's challenges and live victoriously In *Look at It This Way* author and speaker Jan Silvius explores in depth vital truths that can help Christians reframe the way they think breaking them out of their self pity anger depression anxiety and hopelessness and equipping them to deal with the events circumstances and people in their lives in a healthy and positive way Jan highlights such key truths as Whatever happens it's one event in a lifetime of events For every choice there is a consequence God isn't angry with you The last chapter has not been written and eight others Deeply rooted in Scripture these valuable insights will give readers hope and real help for managing their thinking showing how they can at last move forward with the courageous and grace filled life God intended them to live *Look at It This Way* John

Aho, 2003-10 Does your wife feel like you understand her Does your husband feel like you respect him Do your children feel important to you Do your co workers feel a part of the team Do your employees feel empowered Working in the worlds of business and ministry John E heard stories of how leaders treated those around them Within his own leadership and taking note of leaders around him John E noticed a common theme Leaders who focused on the feelings of the people around them found their co workers liked working for them their friends liked hanging around them and their family liked living with them With stories from business and family life John E paints a picture of what life looks like as people develop their vision for those around them If the relationships around you need work you may want to *Look At It This Way* **Guided Math**
