People's Wars Mark Hewitson, 2017-01-26 How did ministers journalists academics artists and subjects in the German lands imagine war during the nineteenth century The Napoleonic Wars had been the bloodiest in Europe's history directly affecting millions of Germans yet their long term consequences on individuals and on politics are still poorly understood This study makes sense of contemporaries' memories and histories of the Revolutionary and Napoleonic campaigns within a much wider context of press reportage of wars elsewhere in Europe and overseas debates about military service and the reform of Germany's armies revolution and counter revolution and individuals' experiences of violence and death in their everyday lives For the majority of the populations of the German states wars during an era of conscription were not merely a matter of history and memory rather they concerned subjects' hopes fears and expectations of the future This is the second volume of Mark Hewitson's study of the violence of war in the German lands during the nineteenth and twentieth centuries It investigates the complex relationship between military conflicts and the violent acts of individual soldiers In particular it considers the contradictory impact of pacification in civilian life and exposure to increasingly destructive technologies of killing during war time This contradiction reached its nineteenth century apogee during the wars of unification leaving an ambiguous imprint on post war discussions of military conflict

Looking Backward, Moving Forward Richard G. Hovannisian, The decades separating our new century from the Armenian Genocide the prototype of modern day nation killings have fundamentally changed the political composition of the region Virtually no Armenians remain on their historic territories in what is today eastern Turkey The Armenian people have been scattered about the world And a small independent republic has come to replace the Armenian Soviet Socialist Republic which was all that was left of the homeland as the result of Turkish invasion and Bolshevik collusion in 1920 One element has remained constant Notwithstanding the eloquent compelling evidence housed in the United States National Archives and repositories around the world successive Turkish governments have denied that the predecessor Young Turk regime committed genocide and like the Nazis who

followed their example sought aggressively to deflect blame by accusing the victims themselves This volume argues that the time has come for Turkey to reassess the propriety of its approach and to begin the process that will allow it move into a post genocide era The work includes Genocide An Agenda for Action Gijs M de Vries Determinants of the Armenian Genocide Donald Bloxham Looking Backward and Forward Joyce Apsel The United States Response to the Armenian Genocide Simon Payaslian The League of Nations and the Reclamation of Armenian Genocide Survivors Vahram L Shemmassian Raphael Lemkin and the Armenian Genocide Steven L Jacobs Reconstructing Turkish Historiography of the Armenian Massacres and Deaths of 1915 Fatma M ge G ek Bitter Sweet Memories The Armenian Genocide and International Law Joe Verhoeven New Directions in Literary Response to the Armenian Genocide Rubina Perroomian Denial and Free Speech Henry C Theriau

Looking Back Joan E. Williams, 2015-11-05 At a time when there is the great debate in the USA about which countries interfere in other s democratic elections and a time of great turmoil in Venezuela this is a most relevant and timely publication For the current events in Venezuela including the shortage of basic food state sponsored terrorism civil unrest hyper inflation etc mirror conditions during the cold war era in the small nation state of Jamaica when they too experimented with socialism It was during that period too that the Russian KGB American CIA and Cuban DGI were all active on the ground trying to influence the outcome of their elections At that time the author Joan Williams and her entire family faced grave danger which forced her to have to temporarily send her children away as she was determined that the socialist communist threat which not only brought in its wake many mass murders numerous state organized massacres and even treason by a member of the then government which was at the time under the tutelage of foreign communist agencies should not succeed in depriving her and her people of their freedoms Williams who has visited Cuba four times since then the last being in 2014 says she has no regrets about the activities she participated in and dangers she faced but remains sympathetic to the Cuban people who she reveals are deprived browbeaten and hopeless much as the Venezuelan people are becoming today While the first part of this powerful memoir deals with the struggle to preserve their freedoms in Jamaica Williams also shares with readers the devastating period she went through when she lost her only son He was murdered when he was only 24 years old He died when a vicious killer fired one bullet into his heart Although this happened over two decades ago in her book Looking Back she admits that it took her many years before she could even talk about the event without breaking down totally In the chapter entitled To Hell and Back where she bares it all she says in part the worst part was the sleepless nights though especially when I teetered on the verge of suicide There was also the inability to eat for weeks on end as not only had my sense of taste gone but it was as if no stomach existed at all That is when I went through every event of my life trying to understand why such a terrible thing had happened to me for I did think I was a good person and terrible tragedies should never happen to good people This gripping narrative by Williams takes readers through a roller coaster of various emotions including those which she had to confront when she looked back a few years ago and realized that all the evidence pointed to

the possibility that her son was murdered not by a criminal but by someone in the Jamaican police force in her country where the police are sworn to To serve and protect She has provided a mountain of evidence to substantiate her claims This strong lady has however been able to recover from all her tragedies and struggles and risen like a phoenix to say years later that she is now one of the happiest persons in the world Certainly not because her son was murdered for she quotes the late Rose Kennedy It has been said that time heals all wounds I don t agree The wounds remain Time the mind protecting its sanity covers them with some scar tissue and the pain lessens but it is never gone but because I have come to realize that your success and happiness lies in you Resolve to keep happy and your joy and you shall form an invincible host against difficulties This is definitely a powerful and timely book not only for women but also persons interested in history politics sociology and personal triumphs
