Look Back, Leap Forward Gary L. McIntosh, 2001-09-01 The rapid changes all around us in the new millennium may cause one of two errors wishing to return to an idealized past or refusing to look back at all Both patterns of thinking lead to ineffective churches and communities Look Back Leap Forward challenges Christian leaders to balance the two extremes look back to find the core values that give meaning to ministry and then use them to build the future and take hold of new opportunities This book's unique focus presents a holistic picture of how lay leadership not just clergy can turn a church around It is packed with practical examples that may be put to immediate use McIntosh a church growth specialist provides step by step guidance to help pastors and lay leaders recognize and defeat enemies of the twenty first century church heal past wounds look back to discover purpose values and vision for the future accomplish more by doing less control finances while leaping forward develop a long range plan for effective ministry

Walking Forward, Looking Back Dinah Latham, 2014-10-28 The book tells the story of a retired district nurse and midwife reflecting on her life whilst walking with her close companion Harriet the dog It is a touchingly honest work written straight from the heart The reader will both laugh and cry as the author recounts many moving stories of patients cared for in 1960s London The writings so patently contrast care in the community then and now that it becomes impossible not to regret the passing of a time when nursing was seen as a vocation when nurses were proud to serve Divorce and single parenthood accompany her career journey while living alone escorts her into retirement It is then that fortune takes a hand or rather a paw and brings Harriet the dog into her life This may just have been the coming together of chance and good timing but destiny or happy accident it was certainly a blessing It was her need to be taken on daily walks that finds our author evoking memories randomly flicking through a lifetime of unwritten diaries Together they share their walks taking the reader through the changing seasons of the Chiltern countryside while also travelling a new pathway one with an unfamiliar landscape a one way journey into growing old This is a voyage of discovery one that promises many unexpected new experiences not the least of which is their most recent pastime sheepherding

Encountering Truth Pope Francis, 2015-06-16 Experience the morning homilies of Pope Francis and witness how for twelve years he changed the life of the Catholic Church Shortly after seven in the morning Pope Francis would give a brief homily in the little Vatican chapel of Saint Martha in front of an audience that was always different gardeners office workers nuns priests and journalists It was a set appointment and in some ways a revolutionary innovation where a pope speaks to everyone off the cuff without any written text as he would have done as a parish priest Encountering Truth is a collection of highlights from these homilies Along with summaries by Radio Vaticana who recorded and transcribed the homilies and commentary by Father Antonio Spadaro SJ these reflections provide moments
