Looking Backward And Looking Forward Perspectives:

Bullying in Schools Peter K. Smith, Debra Pepler, Ken Rigby, 2004-10-21 Bullying in Schools is the first comparative account of the major intervention projects against school bullying that have been carried out by educationalists and researchers since the 1980s across Europe North America and Australasia Working on the principle that we can learn from both successes and failures this book examines the processes as well as the outcomes and critically assesses the likely reasons for success or failure With contributions from leading researchers in the field Bullying in Schools is an important addition to the current debate on tackling school bullying *Looking forward, looking back* Canada. Royal Commission on Aboriginal Peoples, 1996 As the first part of a set of volumes examining the evolution of the relationship among Aboriginal peoples and the Canadian government this volume studies that relationship from the earliest times to the present and examines policies that have affected that relationship The volume begins with a demographic profile of Canada's current Aboriginal population and then reviews the history of government Aboriginal relations in four stages before European contact the early contact and co operation period displacement and assimilation and the latest stage of negotiation and renewal of the relationship The volume then examines false assumptions involved in the government Aboriginal relationship and discusses four policies negatively affecting this relationship The Indian Act the residential schools policy the relocation of Aboriginal communities and the treatment of Aboriginal military veterans The volume ends with principles for building the foundations of a renewed relationship **Looking Forward, Looking Back** Jana Pohl, 2011 How is the life altering event of migration narrated for children especially if it was caused by Anti Semitism and poverty What of the country of origin is remembered and what is forgotten and what of the target country when the migration is imagined there a century later Looking Forward Looking Back examines today's representation of Jewish mass migration from Eastern Europe to America around the turn of the last century It explores the collective story that emerges when American authors look back at this exodus from an Eastern European home to a new one to be established in America Focusing on children's literature it investigates a wide range of texts including young adult literature as well as picture books and hence sheds light on the dynamics of the verbal and the visual in generating images of the self and other the familiar and the strange This book is of interest to scholars in the field of imagology children's literature cultural studies American studies Slavic studies and Jewish studies Hitchcock's Moral Gaze R. Barton Palmer, Homer B. Pettet, Steven M. Sanders, 2017-01-30 In his essays and interviews Alfred Hitchcock was guarded about substantive matters of morality preferring instead to focus on discussions of technique That has not however discouraged scholars and critics from trying to work out what his films imply about such moral matters as honesty fidelity jealousy courage love and loyalty Through discussions and analyses of such films as Strangers on a Train Rear Window Vertigo North by Northwest and Frenzy the contributors to this book strive to throw light on the way Hitchcock depicts a moral if not amoral or immoral world Drawing on perspectives from film studies philosophy literature and other disciplines

they offer new and compelling interpretations of the filmmaker's moral gaze and the inflection point it provides for modern cinema

Austrian Capital Theory Peter Lewin, Nicolas Cachanosky, 2019-01-10 This Element presents a new framework for Austrian capital theory starting from the notion that capital is value Capital is the value attributed by the valuer at any moment in time to the combination of production goods and labor available for production Capital is the result obtained by calculating the current value of a business unit or business project that employs resources over time It is the result of a subjective entrepreneurial calculation process that relates the flow of consumptions goods to the value of the productive resources that will produce those consumptions goods The entrepreneur is a ubiquitous calculating presence In a review of the development of Austrian capital theory by Carl Menger Eugen von Böhm-Bawerk Ludwig von Mises Friedrich Hayek Ludwig Lachmann as well as recent contributions the Element incorporates the seminal contributions into the new framework in order to provide a more accessible perspective on Austrian capital theory

Distinctives Vaughan Roberts, 2000-03-01 In a fresh and readable style Vaughan Roberts issues a challenging call to Christians to live out their faith We should be different from the world around us Targeting difficult but crucial areas such as our attitude to money and possessions sexuality contentment relativism and service this teaching is holiness in the tradition of J C Ryle for the contemporary generation Roberts helps us to consider how we are to respond biblically to the temptations and pitfalls surrounding us giving what we cannot keep to gain what we cannot lose

My Favorite Failure Ronald A. Beghetto, Laura McBain, 2022-04-25 The stories in the book are stitched together like a quilt giving you an overview of the mosaic of failure but also shining a light on the components of failure The stories provide an insight into how you can create the conditions where you're going to take risks together and then experience failure together The narratives are from people who examined their favorite failures pulled the

stories apart and provided us with an opportunity to understand how failure is not just one moment or one set of emotions. These stories provide us with a glimpse into how we can approach teaching learning and setbacks with more humility and more humanity. It's more than just about getting unstuck because failure has its own shape, its own momentum, and shapes who we are all trying to become. *Future Perspectives on Positive Psychology: A Research Agenda* Marisa

Salanova, Llewellyn Ellardus Van Zyl, 2022-07-29 **Value and Capital Management** Thomas C. Wilson, 2015-08-10 A value management framework designed specifically for banking and insurance. The Value Management Handbook is a comprehensive practical reference written specifically for bank and insurance valuation and value management. Spelling out how the finance and risk functions add value in their respective spheres, this book presents a framework for measuring and more importantly influencing the value of the firm from the position of the CFO and CRO. Case studies illustrating value enhancing initiatives are designed to help Heads of Strategy offer CEOs concrete ideas toward creating more value and discussion of hard and soft skills put CFOs and CROs in a position to better influence strategy and operations. The challenge of financial services valuation is addressed in terms of the roles of risk and capital and business specific value trees demonstrate the source of successful value enhancement initiatives. While most value management resources fail to adequately address the unique role of risk and capital in banks insurance and asset management, this book fills the gap by providing concrete business specific information that connects management actions and value creation, helping readers to measure value accurately for more productive value based management initiatives and evaluation of growth opportunities. Apply a quantitative risk adjusted value management framework reconciled with the way financial services shares are valued by the market. Develop a value set specific to the industry to inspire initiatives that increase the firm's value. Study the quantitative and qualitative management frameworks that move CFOs and CROs from measurement to management. The roles of CFO and CRO in financial firms have changed dramatically over the past decade, requiring business savvy and the ability to challenge the CEO. The Value Management Handbook provides the expert guidance that leads CFOs and CROs toward better information, better insight, and better decisions. Global Perspectives on Interventions in Forensic Therapeutic Communities Geraldine Akerman, Richard Shuker, 2022-02-10 Global Perspectives on Interventions in Forensic Therapeutic Communities: A Practitioner's Guide explores the validity and effectiveness of secure settings as therapeutic communities. TCs Rooted in practice: this book examines the transferability of approaches within international TCs to other forensic settings while considering how the environment contributes to effectiveness. In this volume, Akerman and Shuker bring together leading clinicians from across the world to offer insight into critical topics including the impact of gang membership on therapeutic process and the community, how core creative therapies are integrated, and how the model is applied in international settings and across varied contexts. Leading clinicians draw on rare reports and papers to explain the therapeutic community model while keeping in mind the diverse contexts within which it is practiced. The book provides a

Citizens Plus Alan C. Cairns,2011-11-01 We are in the midst of a fundamental re evaluation of the desired relation of Aboriginal and non Aboriginal peoples to each other and of how the former are to be institutionally and constitutionally accommodated within Canada Words matter How we think about where we are and about the future goal of our relationship

can confine us in an intellectual prison or liberate us from choices we will otherwise regret In *Citizens Plus* Alan Cairns unravels the historical record to clarify the current impasse in negotiations between Aboriginal peoples and the state He considers the assimilationist policy assumptions of the imperial era examines more recent government initiatives and analyzes the emergence of the nation to nation paradigm given massive support by the Royal Commission on Aboriginal Peoples We are battered by contending visions he argues a revised assimilation policy that finds its support in the Canadian Alliance Party is countered by the nation to nation vision which frames our future as coexisting solitudes *Citizens Plus* stakes out a middle ground with its support for constitutional and institutional arrangements which will simultaneously recognize Aboriginal difference and reinforce a solidarity which binds us together in common citizenship Essential reading for those in political science history Native studies public administration and law *Citizens Plus* will also appeal to the general public interested in one of the most important and complex issues on our agenda Selected as a BC Book for Everybody

Resources in Education, 1998 **Never Forget National Humiliation** Zheng Wang, 2014-03-04 How could the Chinese Communist Party CCP not only survive but even thrive regaining the support of many Chinese citizens after the Tiananmen Square crackdown of 1989 Why has popular sentiment turned toward anti Western nationalism despite the anti dictatorship democratic movements of the 1980s And why has China been more assertive toward the United States and Japan in foreign policy but relatively conciliatory toward smaller countries in conflict Offering an explanation for these unexpected trends Zheng Wang follows the Communist government's ideological reeducation of the public which relentlessly portrays China as the victim of foreign imperialist bullying during one hundred years of humiliation By concentrating on the telling and teaching of history in today's China Wang illuminates the thinking of the young patriots who will lead this rising power in the twenty first century Wang visits China's primary schools and memory sites and reads its history textbooks arguing that China's rise should not be viewed through a single lens such as economics or military growth but from a more comprehensive perspective that takes national identity and domestic discourse into account Since it is the prime raw material for constructing China's national identity historical memory is the key to unlocking the inner mystery of the Chinese From this vantage point Wang tracks the CCP's use of history education to glorify the party reestablish its legitimacy consolidate national identity and justify one party rule in the post Tiananmen and post Cold War era The institutionalization of this manipulated historical consciousness now directs political discourse and foreign policy and Wang demonstrates its important role in China's rise **Fresh Perspectives on Later Life Learning** Brian Findsen, 2018-10-29 Over the last decade there has been a resurgence of interest in what adults learn in their later years often described as beyond 65 and how this learning is linked to current personal social and global issues This learning commonly occurs in informal ways as seniors go about their daily lives This kind of informal learning can be supplemented by non formal education via participation in planned learning as members of organizations and less frequently in formal education structures such as universities This book

highlights how older people are learning in a myriad of ways and conditions It covers everything from individualistic learning through to national issues of older adult education Fresh perspectives are provided on biographical insights into retirement and higher education how older people generate know how in the company of others and in cross cultural aspects such as Chinese elders in Hong Kong and M ori seniors in Aotearoa New Zealand In addition the links between health and learning are explored as well as the commitment universities in three countries have made to become age friendly This book was originally published as a special issue of the International Journal of Lifelong Education *Critical Perspectives in Rural Development Studies* Saturnino M. Borras Jr.,2013-09-13 Agrarian transformations within and across countries have been significantly and dynamically altered during the past few decades compared to previous eras provoking a variety of reactions from rural poor communities worldwide The recent convergence of various crises financial food energy and environmental has put the nexus between rural development and development in general back onto the center stage of theoretical policy and political agendas in the world today Confronting these issues will require re engaging with critical theories taking politics seriously and utilizing rigorous and appropriate research methodologies These are the common messages and implications of the various contributions to this collection in the context of a scholarship that is critical in two senses questioning prescriptions from mainstream perspectives and interrogating popular conventions in radical thinking This book focuses on key perspectives frameworks and methodologies in agrarian change and peasant studies The contributors are leading scholars in the field of rural development studies Henry Bernstein Terence J Byres Saturnino M Borras Jr Marc Edelman Crist bal Kay Benedict Kerkvliet Philip McMichael Shahra Razavi Ian Scoones and Teodor Shanin This book was previously published as a special issue of the Journal of Peasant Studies
