The looking-glass self is a concept in social psychology that suggests people develop their sense of self based on how they believe others perceive and evaluate them.

DEFINITION

The looking-glass self is a concept developed by American sociologist Charles Horton Cooley which states that individuals form their view of themselves based on how they believe they appear to others.

Essentially, it suggests that to understand ourselves, we must first attempt to understand how other people see us and use this knowledge to shape our own identities

What's Behind the Looking Glass? Eric Shepherd,2014-12-26 Most people wish they could get a second chance in life A do over and correct those mistakes that now lay hidden or buried in their closet They wish they could hide all those painful memories and lock them all away into a box Buried them so deep hoping they never resurface rather than too face them at all EJ Stuart is just such a person yet his memories are not the same nor are the hardships of abuse caused by a broken home the same as another man s down the street His nightmares are worlds apart than any man has ever faced He dreams of darkness everlasting darkness so evil that it can tear a man s mind apart Death to some is only a beginning to something else but what if it was designed to change the outcome entirely yes a redo But what of the cost and are you willing to pay for it even if it is your very soul is at stake EJ Stuart as man now a statuses quo in this world is given the opportunity But first he must choose to as he sits one last time on porch alone waging war with his darkest thoughts That brought him to this stage of life which hunts his dreams and has now entered his waking state Which will he chose Death or a chance to change his destiny forever knowing his very soul is at stake Knowing he could never come back Knowing his life could be changed forever and others around him For this choice is a gift which can only be obtained Behind the Looking Glass Where worlds such as Nightmares Monsters and Fairytales are real and some or seeking his very soul others are asking for help his help to save his and their world from the grasp of evil Choose well Victorian Literature in the Looking Glass of Psychology
