The Crack Between the Worlds Maggie Kast, 2009-08-01 A car crashes and Maggie Kast at the peak of a modern

dance career loses a three year old daughter Raised without religion and now mired in grief she senses a persistent connection to the little girl a love somehow more powerful than the brute fact of death This awareness leads her over three years to the Catholic Church After the accident her marriage is greatly stressed by the entrance of religion into married life and she and her husband each accuse the other of being too religious or too secular at various times Despite conflict dialogue keeps the marriage intimate and vital Following study of liturgy at Catholic Theological Union she teaches and tours sacred dance nationally and internationally exploring the arts as a spiritual path Moving forward and looking back at once she discovers early hints of religious experience in childhood celebrations encounters with art and marriage Her husband dies Now a single parent of a ten year old and a developmentally disabled teenager as well as college aged sons she continues her search

Cast in Paradise Howard Chadwick, 2005 *Cast in Paradise* is an historic novel that follows the fortunes of working families in Witton Park a small village in County Durham from the opening of the iron works in the mid 1800s during its zenith in the 1860s to its decline and closure in the 1880s Through the eyes and lives of migrants from other parts of Britain the times and tribulations of this tough down to earth and sometimes bitterly divided community are brought to life Witton Park in the late nineteenth century was a bonanza to capital investors and attracted workers in droves numbers that far outstripped the more famous gold rushes of California and the Klondike Wages erupted so that men labouring in the iron works or mining coal from the local pits earned three or four times what an agricultural worker did Employment at Witton Park brought unparalleled wealth to many ordinary people but for others it brought misery Bouts of excessive drinking and addiction to gambling resulted in domestic violence and ruin to some And life in such close proximity also brought to a head ingrained religious differences that festered just below the surface Paradise attracted hard men good and bad It became home to thousands who lived loved and laboured for a better life They built a village and set down roots in the iron hard ground roots that hold together still Everybody's Magazine , 1905

The Relational Heart of Gestalt

Therapy Peter Cole, 2022-05-12 This compelling and comprehensive volume is an anthology of current thinking by many of gestalt therapy's leading theoreticians, clinicians, and researchers. Including many well-known voices in the field and introducing several new ones to the current gestalt therapy literature, the book presents a broad-ranging compendium of essays, scientific articles, clinical applications, and integrative approaches that represent the richness and vibrancy of the field. Each contributor brings intellectual rigor, honest personal reflection, and humanism to their area of inquiry. This ethos, the spirit of relational gestalt therapy, infuses the whole book, bringing a sense of coherence to its seventeen chapters. Following an introduction written by Mark Winitsky, PhD, as an entry point into the field for students and psychotherapists from other schools of thought, the book is organized into three sections: Theory, Clinical Applications, and Integrative Approaches. Readers will encounter new ways of thinking about psychotherapy, new skills they can bring to their work, and new ways of integrating gestalt therapy with other approaches. *The Relational Heart of Gestalt Therapy* is essential reading for Gestalt therapists as well as other mental health professionals with an interest in Gestalt approaches. **Munsey's Magazine**, 1922

Ostlie, 2022 Since humans first looked up at the stars, astronomy has had a particular ability to stir the imagination and challenge the thinking of scientists and non-scientists alike. *Astronomy: The Human Quest for Understanding* is an introductory astronomy textbook specifically designed to relate to non-science majors across a wide variety of disciplines, nurture their curiosity, and develop vital science-based critical thinking skills. This textbook provides an introduction to how science operates in practice and what makes it so successful in uncovering nature's secrets. Given that the study of astronomy dates back thousands of years, it is the ideal subject for tracing the development of the physical sciences and how our evolving understanding of nature has influenced and been influenced by mathematics, philosophy, religion, geography, politics, and more. This historical approach also illustrates how wrong turns have been taken and how the inherent self-correcting nature of science, through constant verification and the falsifiability of truly scientific theories, ultimately leads us back to a more productive path in our quest for understanding. This approach also points out why, as a broadly educated citizenry, students of all disciplines must understand how scientists arrive at conclusions and how science and technology have become central features of modern society. In discussing this fascinating and beautiful universe of which we are a part, it is necessary to illustrate the fundamental role that mathematics plays in decoding nature's mysteries. Unlike other similar textbooks, some basic mathematics is integrated naturally into the text.

together with interpretive language and supplemented with numerous examples additional tutorials are provided on the book's companion website Astronomy The Human Quest for Understanding leads the reader down the path to our present day understanding of our Solar System stars galaxies and the beginning and evolution of our universe along with profound questions still to be answered in this ancient yet rapidly changing field *Rip Roaring Adventure* Various, 2014-02-13 Travel across the world with this set of gripping adventure tales from Oxford World's Classics This set of perennial favourites includes The Last of the Mohicans Heart of Darkness and Other Tales Riders of the Purple Sage Greenmantle Around the World in Eighty days The Prisoner of Zenda and The Strange Case of Dr Jekyll and Mr Hyde and Other Tales About the Series For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities voluminous notes to clarify the text up to date bibliographies for further study and much more
